FOE MAKES SAVAGE STAND

FORD BEATEN IN G. O. P. FIGHT; PACIFISM HIT

Newberry Leads in Race for Senator in Michigan.

BY ARTHUR M. EVANS.

Detroit, Mich., Aug. 27.—It's a landslide for Truman H. Newberry for senator in the Michigan Republican primaries. Henry Ford, the politics-is-adjourned candidate, has been run out of gas.

It's a runaway victory. Such returns as are in indicate that Mr. Newberry is receiving about as many votes as Chase S. Osborn and Mr. Ford on the G. O. P. ticket and Mr. Ford and James W. Helme on the Democratic ticket all combined.

At midnight returns from 1,046 precincts out of 2,177 gave:

Newberry	43,257
Osborn	20,322
Ford	19,934

Knockout for Ford Campaign.

Mr. Ford was a candidate on both the Republican and the Democratic primary tickets. That is an oddity of the Michigan primary law. But the fight was for the Republican nomination, and there is where the voters today gave their ballot judgment of the automobile maker's record—peace ship, pacifism, and all.

Just yet the Democratic vote has not been definitely located. It seems to be nebulous. A few figures are in, but they are almost negligible.

They indicate, however, that Mr. Ford has beaten Mr. Helme for the Democratic nomination. That's all.

Mr. Helme was a late entry and there was little fighting.

Will Motor King Quit?

The politicians are now wondering whether Mr. Ford, who is on a fishing trip with Thomas A. Edison, may decide in view of the overwhelming vote against him in the G. O. P. primaries to withdraw as Democratic candidate. But that's speculation.

The returns have been running uniformly all night long. In the farming communities, Commander Newberry, U. S. N., and once Col. Roosevelt's secretary of the navy, has been running away with about 80 per cent of the G. O. P. vote.

The polls were late in closing, 10 o'clock being the hour in Detroit and 8 o'clock in most of the other cities, and full returns probably will not be in before noon tomorrow.

In some counties Democrats apparently voted in the G. O. P. primaries—not for Mr. Newberry. They went across the political line to vote against Ford on his peace-at-any-price record.

Hard Blow for Pacifism.

Pacifism was the clean cut issue. Michigan is the first state where Germany's coming peace drive gets a smashing wallop at the polls. The feature that sticks out most significantly is that Michigan voted to take no chances with a pacifist despite his war activities. They feared what peace-arkism might do if an inconclusive peace were proposed.

What proved perhaps the most vulnerable spot in Ford's candidacy, his Achilles heel, so to speak, was the exemption of his son, Edsel. Among an electorate at white heat over the war, the bombproof job of the Ford heir was hauled over at every street corner and cigar shop, and soda fountain in the state.

Commander Newberry, who with his two sons is in the service, naturally stood up in bold relief in contrast.

How Newberry Swept State.

Starting in Keweenaw county, at the tip of the copper country, Mr. Newberry carried most of the upper peninsula. He got Marquette county by 1,000. In one township in Houghton county no votes were cast for either Mr. Ford or Mr. Osborn.

Along the western side of the state it was a parade for Mr. Newberry, with Mr. Osborn cutting out a county here and there. Mr. Osborn may get enough to end west side to put him second.

Mr. Ford's boosters predicted that he would develop strength in the industrial centers. Few of these have yielded full returns as yet, but such figures as are in indicate just what the rural returns do.

On the Detroit mayoralty seventeen precincts gave Gillespie, 680; Couzens, 49; Connolly, 505; Dumfield, 503. The highest two are nominees.

Blease Is Beaten.

Columbia, S. C., Aug. 28.—Nat B. Dial of Laurens, has been nominated for the long term in the United States senate to succeed Benjamin R. Tillman, defeating both Cole L. Blease and James F. Rice in the South Carolina democratic primary today. Early this morning Mr. Dial had a majority of approximately ten thousand over both opponents.

2 YANKS, 100 MEXICANS SLAIN

PATRIOTIC AUTO OWNERS WILL BE AT HOME SUNDAY

Pershing Needs 'Gas,' So U. S. Asks Halt on Pleasure Jaunts.

Unless you own a one horse shay, you'll have to take your airing on foot, horseback, or via street car next Sunday and for some Sundays thereafter.

Gen. Pershing and the allied armies need more "gas." Hence automobiles, aristocratic and of tin, motorboats and motorcycles—each and all varieties of the pleasure craft, even the taxicabs, located east of the Mississippi in these United States—are expected to rest in peace on Sundays. During the week automobile owners are expected also to exercise rigid economy in the use of gasoline.

A Plea to Patriots.

Here is the appeal issued late yesterday afternoon by the fuel administration in Washington:

"The United States fuel administration considers it necessary that a limited conservation of gasoline be undertaken in the states east of the Mississippi river in view of the increasing demand for gasoline for war purposes and the paramount obligation of meeting promptly and fully all overseas requirements.

"An appeal is made therefore to the people of the United States east of the Mississippi river to exercise rigid economy in the consumption of gasoline during the next few weeks as a necessary and practical act of patriotism.

War Necessities Will be Met.

"War necessities are being and will continue to be promptly and fully met, but this is the period of the year when consumption of gasoline is at its highest, and the increased domestic demands, together with the extensive military operations in France, have rendered necessary, for a limited period, the adoption of safeguards against possible shortage.

"In view of the difficulty, if not the impossibility, of differentiating between the various uses to which automobiles are applied, the United States fuel administration believes that the greatest measure of economy can be effected with the least interference with the business of the country through the discontinuance of the use of all classes of motor vehicles, motor boats, and motorcycles on Sundays.

"The United States fuel administration therefore requests that in the section of the United States east of the Mississippi river there shall be a discontinuance of use of the vehicles above specified, including all such as are operated for hire, on each Sunday hereafter until notification that the need for such discontinuance has ceased.

Some Exceptions.

"The following exceptions are made:

"1. Tractors and motor trucks employed in actual transportation of freight.

"2. Vehicles of physicians used in performance of professional duties.

"3. Ambulances, fire apparatus, police patrol wagons, undertakers' wag-

WOUNDED CHIEF WITH CRUTCHES LEADS U.S. FIGHT

Americans Drive Attackers Through Streets Over Line.

Nogales, Ariz., Aug. 27.—Two Americans were killed, twenty-nine wounded, and more than 500 American troops were engaged for one and one-half hours on the border here late today during a skirmish on International avenue between American troops and Mexicans.

Killed in Action.

Capt. J. D. Hungerford.
Corporal Barney Lotz.

Wounded in Action.

Capt. H. C. Caron.
Lieut. Col. Frederick J. Herman.
Lieut. Luke Loftus.
Lieut. S. Lockwood.
Gaston Reddock, customs guard.

These facts were officially announced here late tonight after a survey of the town and camp had been made.

A report that from ten to twenty American soldiers were also killed proved to be untrue, and the only American deaths known to have occurred are the two officially announced.

Wounded Leader on Crutches.

Lieut. Col. Frederick H. Herman, who was shot through the right leg while commanding the American troops, continued in command on crutches.

While the casualties on the Mexican side of the border were not known tonight, it was estimated that 100 had been killed by fire from the American side, while at least twice this number, including a number of civilians, were injured. It was reported tonight that the mayor of Nogales, Sonora, was killed, but this was not confirmed.

Fire on American Sentry.

The fighting followed the alleged efforts of a Mexican custom official to smuggle a fellow countryman across the boundary into the United States. An American sentry attempted to stop him. Two Mexicans fired at the sentry across the street, striking him in the right arm. The fire was returned by American patrols, and after Mexicans had rushed from nearby buildings and started shooting across the line from behind buildings and walls the firing became general.

The American sentry was seen soon after to enter an office on International avenue with his arm dangling at his side. The crowd, which rushed to the customs house when the first shots were fired, sought shelter behind buildings. Everyone was ordered off the streets by the military.

An infantry detachment in command of Lieut. Col. Herman was rushed to the border and was followed by negro cavalry, which took up positions along the street forming the boundary. The general firing continued from 4 until 5:30 p. m., when it died down slightly, but occasional shots could be heard. Reports that machine guns were brought into action by the American troops were denied, although a machine gun was set up in an office facing Mexico.

It was estimated that more than 300 American soldiers and at least fifty civilians participated in the shooting.

Call for Reinforcements.

As soon as the firing became general calls were sent to Douglas, Ariz., Fort Huachuca and outpost points. These are cavalry posts, and the reinforcements were expected to start tonight, making the trip overland. Many persons from surrounding towns and cities rushed to Nogales to assist the citizens and soldiers, expecting a general engagement.

In pursuing the Mexicans, the American troops did not stop at the boundary line, it was said, but continued for at least two blocks into the Mexican town.

At 5:30 a white flag was displayed by the Mexicans. A parley followed, but the sniping continued until after 7 o'clock. Bullets fell in Nogales, and civilians were ordered to remain indoors and without the zone of fire.

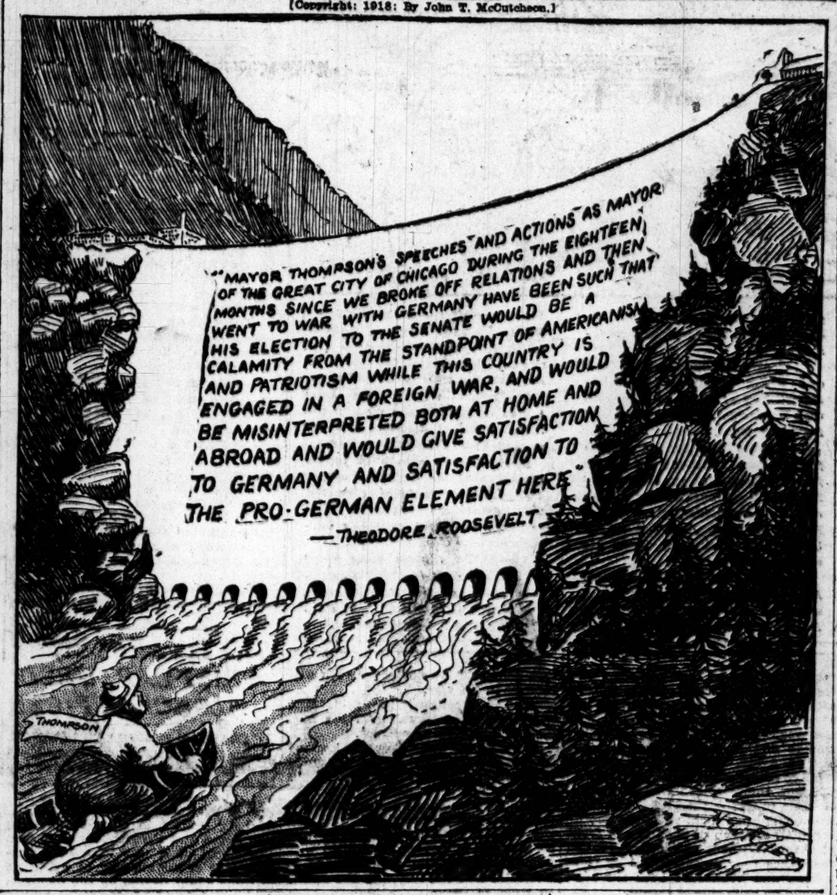

VILLISTAS WRECK TRAIN.

El Paso, Tex., Aug. 27—Villista bandits caused the death of 100 and the wounding of sixty-five others when they wrecked a National railway train near Tepelnuanes, Mexico, according to official reports from Chihuahua City today.

The bandits, not content with deaths resulting when the train toppled over the edge of a steep cañon, clubbed to death Carranzista soldiers acting as guards for the train.

FORD SAYS: "DID NOT KNOW IT WAS ELECTION DAY"

Asheville, N. C., Aug. 27.—[Special.]—Arriving at Grove Park inn this evening in company with Thomas A. Edison, John Burroughs, the naturalist; H. S. Firestone, and other companions of a nine day camping trip through the country by automobile, Henry Ford said he had not known it was election day until some one told him.

Asked what he would have done if he had received both nominations, Ford replied:

"I would pitch a penny to decide which party nomination I would accept or leave it to my secretary to decide. I would give a million dollars to be out of the matter and I would not have been in it but for President Wilson's request."

Asked about the war, Mr. Edison said:

"Man's foolishness, that's all you can make out of it. Man is a damn fool."

GERMAN BODIES WASH ASHORE ON JUTLAND COAST

COPENHAGEN, Aug. 27.—It is reported by the authorities in Jutland that during the last few days the bodies of 130 German marines have been washed ashore on the western coast of Jutland. The authorities say it has been substantiated that the marines were on German destroyers which likely were lost during an engagement or by coming in contact with mines.

Leaves Note to Make Death Look Like an Accident

August Stirmell, 66 years old, 4132 Wentworth avenue, a cigar manufacturer, was found dead in his bedroom yesterday. Gas jets were turned on. He left the following note:

"Kepe this secret, Ida; the government got me. Some one squealed, so before they send me to jail I go by the gas route—I am tired of living anyway. Try and make it appear an accident. Good-by. DAD."

The note was written on the back of a typewritten notification from the internal revenue collector's office asking him to appear and show cause why he should not be prosecuted.

Another Schooner Sunk by German Submarine?

A Canadian Atlantic Port, Aug. 27.—The crew of the schooner Bianca was picked up at sea this afternoon and will be landed here tonight. No further details have been given out by the port authorities, but it is believed to be another submarine outrage.

NEW DRAFT QUESTIONS

On page 4 "The Tribune" prints Gen. Crowder's questionnaire for the men from 18 to 45 to be answered in the new draft, which was adopted yesterday by the senate.

The government urges that these twenty questions be studied.

AIR MAIL FLIGHT TO CAPITAL TO BE MADE NEXT WEEK

Washington, D. C., Aug. 27.—[Special.]—Capt. B. B. Lipsner of Chicago, in charge of the air mail service, announced tonight that the first flight from Washington to Chicago will be made next week.

"The details of the inauguration of the Washington-Chicago service are now being worked out," Capt. Lipsner said, "and I shall leave for Chicago on Saturday to complete the arrangements for the first flight, which will probably be made between the first and fifth of September.

"The service will be maintained with the same regularity which has characterized the delivery of mail by our fliers in Philadelphia and New York. Our flights have been made daily without accidents or delays and there is no reason why the same 100 per cent service should not be rendered on the Washington-Chicago route."

DR. WOOLLEY DIES AT 80 AS RESULT OF CAR INJURIES

Dr. Jefferson H. Woolley of 5704 Maryland avenue, for forty years a practitioner in Chicago, died last night at the Lakeside hospital from injuries incurred on Aug. 7, when he was hit by a street car at Cottage Grove avenue and Forty-second place. He was 80 years of age.

Dr. Woolley's wife was Celia Parker Woolley, who died on March 9. She was one of the best known social workers in Chicago, an author, a retired Unitarian minister, and the founder of the Frederick Douglass settlement at 3032 Wabash avenue.

Dr. Woolley was born in Cincinnati. He practiced medicine for sixty years. He moved to Chicago in 1876 and for years maintained an office in the Reliance building.

The doctor was a member of Montjoie commandery, Knights Templar.

Mrs. Belle F. Barber, his niece, said last night the funeral will probably be held Friday morning.

BRITAIN BARS 2 CONGRESSMEN FROM THE FRONT

WITH THE AMERICAN FORCES IN FRANCE, Aug. 27.—By the Associated Press.—The British authorities, it has been learned, recently refused their permission for Representative Ernest Lundeen of Minnesota, and Representative Charles H. Dillon of South Dakota, to visit the British battle front. They arrived in France late in July on board a British vessel and later visited the American front. It is believed they now are touring Italy.

The request that the congressmen be permitted to pay a visit to the British lines is said to have been made in the usual manner by the American army authorities. When the declination of the British was received an investigation was begun. This, it is asserted, resulted in the explanation that both men had talked freely aboardship in such a manner about certain subjects affecting the war that both British and American military and civilian passengers brought the subject of their conversation to the attention of the officer commanding the troops aboard the vessel and also the ship's captain.

The exact tenor of the statements the congressmen are alleged to have made is not known, but the military authorities are pursuing their investigation of the incident.

OF PACIFIST ELEMENT.

Washington, D. C., Aug. 27.—Congressional friends of Representatives Charles H. Dillon of South Dakota and Ernest Lundeen of Minnesota expressed surprise tonight that they should have been refused permission to visit the British front.

Both men voted against the declaration of war against Germany resolution and later against the selective service bill, and other measures designed for its insistent prosecution.

Both men were defeated for renomination in their districts shortly before they left the United States on a proposed tour of the battle fronts. During the campaigns the two representatives were criticised for their attitude toward the war.

Steffansson Coming Out of Arctic Region, Report

Juneau, Alaska, Aug. 27.—[Via cable to the Associated Press.]—Vilhjalmur Steffansson, arctic explorer and discoverer of the "blonde Eskimos," was at Circle City last night on his way up the Yukon and to the outside via Juneau and southeastern Alaska, according to advices received here today.

FIGHTING TO HOLD HAIG; BATTLE FRONT 45 MILES

BRITISH SWEEP ON AS GERMAN DEFENSE FAILS

Present Situation Compared to Dark Days of the Past.

BY PHILIP GIBBS.

Chicago Tribune-New York Times Cable. [Copyright: 1918.]

WAR CORRESPONDENTS' HEADQUARTERS, IN FRANCE, Aug. 27.—Our troops again advanced since yesterday morning on many parts of the front from the country north of the Scarpe beyond Arras to the ruined villages north and south of Bapaume and right across the old battle fields of the Somme to those woods of evil, but heroic memory, Trones and Bernauay, and the high wood of Vatu in the bend of the Somme for which thousands of our men fought and died in the early years of this war.

With Amazing Ease.

Thank God, thousands of our men are not dying now to take them again, but are going forward with amazing ease in a wide sweeping movement which the enemy in most places is resisting only feebly and it is only here and there that there has been close and bitter fighting.

By bad luck and ill health I have been away from this for a few weeks, and now that I come back again it is startling to find what changes have taken place in so short a time. When I left all one could say in good hope was that the enormous menace against us had been rebuffed and Gen. Foch's counterstroke across the Marne and between Rèims and Soissons with the French, British and American troops had destroyed the ambition and power of the crown prince's army.

When Rupprecht Threatened.

It was then Prince Rupprecht's army that was the chief threat against us, and it was an army of perhaps 250,000 fresh troops apart from those in line waiting to be hurled against us if the German crown prince could do without them.

We knew then that some of Rupprecht's divisions had been sent down hurriedly to his relief, but the question still remained whether the armies holding our part of the battle front would still be strong enough to attack us or strong enough to check any attempt of ours to advance against them.

Since then the tide has turned in an astonishing way. It is now the enemy who is on the defensive, dreading the hammer blows that fall upon him day after day, and the initiative of attack is so completely in our hands that we are able to strike him at many different places.

Since Aug. 8 we must have taken nearly 50,000 prisoners and nearly 500 guns, and the tale is not yet old, because our men are going on taking new strides, new batches of Germans, and more batteries.

Change a Great One.

The change has been greater in the minds of men than in the taking of territory. On our side the men seem to be buoyed up with the enormous hope of getting on with this business quickly. They are fighting for a quick victory and quick peace, so they may get back to normal life and wipe this thing clean from the map of Europe and restore the world to sane purposes.

That is, I am sure, their hope and for almost the first time in very truth they see something of reality in sight, but the change is also in the enemy's mind.

Those German soldiers and their officers are changed men since March 21, when they launched their offensive. They no longer have even a dim hope of victory on the western front. All they hope for now is to defend themselves long enough to gain peace by negotiation.

Want Any Old Peace.

Many of them go even further than this and admit they do not care how peace comes so long as there is peace. They are sullen with their own officers and some of those whom I saw today are more than sullen. They were those captured today and yesterday by the Canadians in the country round Monchy beyond Arras, nearly 2,000 of them, and when those who had been first taken saw batches of their comrades coming down they cheered and jeered and laughed with shouts of "Bravo!" as if they had gained the best of luck.

They became excited when some of their officers were brought in, a battalion commander among them, with his adjutant, and survivors of two battalion staffs, and they lounged up to

(Continued on page 2, column 2.)

Peronne, Big Base, Now Under Guns of British.

BULLETIN.

PARIS, Aug. 27.—In an advance reaching two and a half miles at certain points on a twelve and a half mile front today the French captured Roye and seven villages, according to the war office announcement tonight.

WITH THE BRITISH ARMY IN FRANCE, Aug. 27, Midnight—(By the Associated Press.)—Large reinforcements are being thrown in by the Germans in the neighborhood of Bapaume, especially at the town itself and in the areas immediately south of it. Although there is much confusion in the enemy ranks, his resistance has stiffened appreciably tonight.

The Germans have gone to the greatest lengths to hold their line here and even have armed and thrown into the line bandsmen and men from the transport service. There has been hard fighting in the vicinity of Thillov, south of Bapaume.

Enemy Digging In.

On the center of the battle front the battle is raging with greatly increased violence. The Germans are reported to be digging in along a line the general direction of which may be reckoned as starting at the north bank of the Somme, to the rear of Guillemont, and then northeast through Ginchy. It is believed the enemy intends to make a desperate stand on this line.

Once driven from this line, the next logical place for a strong stand would be in the rear of the canal Du Nord, which runs in a northeasterly direction from Peronne to west of Cambrai. In the south the Germans have made preparations for strong resistance on the east bank of this canal.

Make Vicious Attacks.

South of the Somme the Germans are in some force at Foucancourt, which sticks forward in a salient that has gradually become most dangerous for the enemy.

There were vicious counter attacks early this evening, and in some places, as must be expected, the British had to give ground slightly.

On the north the British withdrew to the west of Trones wood. The British also gave up their foothold on Maltzhorn farm, near Guillemont, east of Albert. South of the Scarpe the British at last reports had gained possession of Fontaine-lez-Croiselles.

Fight 45 Mile Battle.

WITH THE BRITISH ARMY IN FRANCE, Aug. 27 Evening.—[By the Associated Press.]—Having been still further extended by attacks launched north of the river Scarpe, the battle today was raging along a field almost forty-five miles long, and the British with renewed vigor were rolling up the Boche before them and sweeping constantly eastward.

Nearly in the center of the battlefield hard fighting has been in

THE WEATHER.

WEDNESDAY, AUGUST 28, 1918.

Sunrise, 6:11 a. m.; sunset, 7:31 p. m. Moon rises at 11:29 p. m.

For Chicago and vicinity—Partly cloudy and warmer Wednesday; Thursday unsettled and cooler; increasing southerly winds Wednesday, shifting to northerly Thursday.

Illinois—Partly cloudy and somewhat warmer Wednesday; Thursday unsettled, cooler in north and central portions.

TRIBUNE BAROMETER.

progress along the old Hindenburg line in the neighborhood of Croisilles, Fontaine-Lez-Croisilles, and Bullecourt, and once through the Germans' strong defenses in this locality open, fresh ground remains beyond.

Push East of Heninel.

The Hindenburg line has actually been pierced at one place east of Heninel, and the weaker portion of it, northwest of Fontaine-Lez-Croisilles, has been captured and mopped up.

During today's fighting the British captured high grounds from which they can overlook the country occupied by the enemy [illegible] miles around, and have thus attained a great advantage. The Bois Du Sart, one of these places, lies south of the Scarpe and northeast of Monchy-Le-Preux.

Germans Lose Heavily.

It was feared that there the enemy might hold up the advance for a time. It was captured, however, after a short but fierce struggle, in which the Germans lost heavily.

Another similarly valuable point is Montauban, northeast of Mametz, which fell this morning after the Germans had been given orders to hold at all costs. These orders were suddenly changed, and the enemy retired in retreat.

Peronne 6 Miles Away.

Still another is Dompierre, southeast of Cappy-sur-Somme. Dompierre was reached in the forenoon. From this point there is low, rolling country all the way back to Peronne. Incidentally the British at this place are now only six miles from Peronne, where the Somme bends to th south. (Peronne is an important rail and highway center.)

Bapaume, having been almost surrounded, has been entered by British patrols and they have been fighting in the streets.

Capture Is Inevitable.

The town, therefore, is a sort of No Man's land for the moment, but its complete capture seems only a matter of hours.

London troops approached close to Croisilles, but a hot machine gun fire from that town, and other indications that it was held by a large garrison, well protected in prepared positions, caused them to pause for a moment. At the same time other troops attacked to the north against Fontaine-Lez-Croisilles. Having reached the outskirts of that place, they then swung southward to outflank Croissilles. They are meeting with stiff resistance here, but the Germans are rapidly being overcome.

East of St. Leger.

To the south of this place the British have pushed well to the east of St. Leger, and are now fighting just northwest of Ecoust-St. Mein, between that town and Croisilles. Fighting likewise is in progress in the outskirts of Vaulx-Vrancourt.

East of Bapaume the line has been extended along the railway to Cambrai.

Maricourt and the ground to the east of it are well in British hands. Trones station and wood and the ground to the east, which is valuable because it is high, were captured, as well as Moulin-de-Fargy, on the Somme river bank, which was in the British front lines at the opening of the first battle of the Somme. Vaux wood also was occupied and was held firmly.

Germans Lose Guns.

The barrage laid down north of the Somme today was as heavy as any since the battle began, but the enemy counter barrage was so thin as hardly to deserve the name. Obviously the Germans are trying to save as many guns as possible. But despite this they lost a considerable number today.

One small British formation alone has captured two complete 77 German field batteries since yesterday. The capture of these light batteries is very significant. The Germans ran for their lives when the British suddenly appeared close to them and did not even make an effort to save their guns.

The German Two Hundred and Fourteenth division is the latest to meet with disaster. One of its battalion commanders, his adjutant, and what remained of the staff were captured, while the unit itself was virtually wiped out.

Canadians Take 2,000.

The Canadians in their operations yesterday south of the Scarpe took more than 2,000 prisoners, and they continued their work of capturing large numbers' today.

From present intentions it seems that at least on the southern end of the battlefield the Boche is slowly but surely going back over the Somme. The capture of Roye by the French will help the movement, while between there and the Somme there is every sign that the Germans have had enough.

PUSH BEYOND ROYE.

WITH THE FRENCH ARMIES IN FRANCE, Aug. 27, 4:30 p. m.—[By the Associated Press.]—The First French army, after beating the Germans in their battle positions before Roye, took the town today and now is pursuing the Germans who are in retreat on a line extending from Mallu to the region south of Roye (a front of about ten miles).

At 4 o'clock this afternoon Gen. Debeney's men were in the region of Hattencourt, from where the line passes just west of Cremery and Gruny, by Caroul, and to the west of Roiglise and west of Verpillieres.

Outflank Strong Points.

The French encircling tactics overcame the new German system of defense by the profuse use of machine guns. Strongly protected and heavily armed positions were turned one after the other until the enemy was obliged to abandon the first and then the second line of defenses of 1914, upon which he fell back after being driven out of Montdidier.

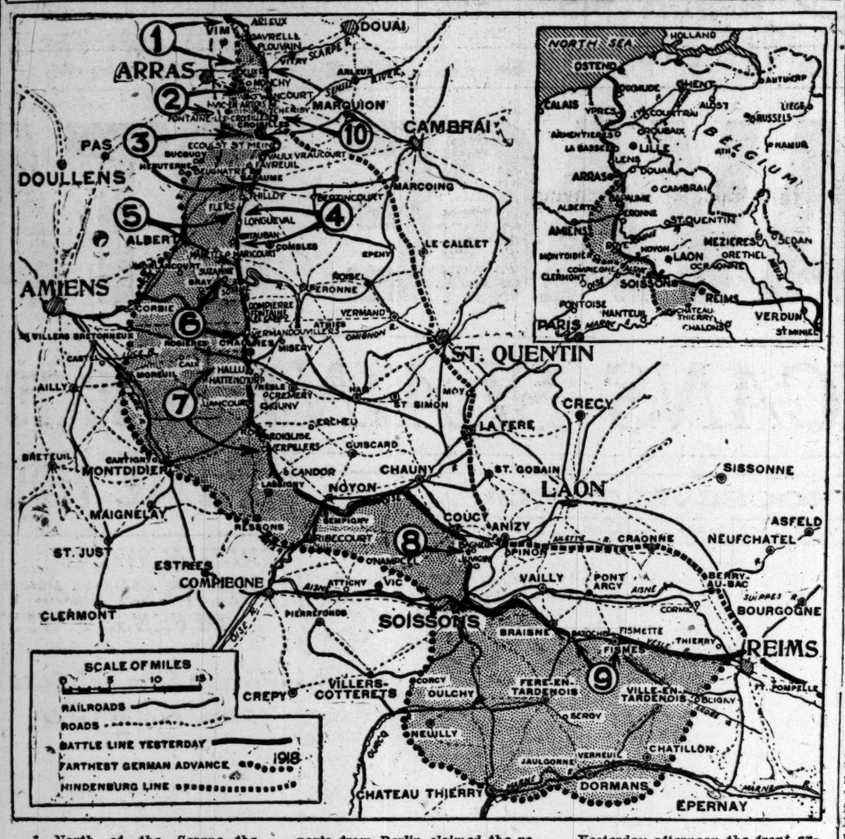

The Germans are now relying on their aviation to protect their retreat. Their airplanes were out in great numbers today, attacking pursuing columns and engaging the French squadrons of observation and pursuit planes.

Halt Counter Attack.

The final break in the German second line came this morning, when, after repulsing a counter attack upon St. Mard, the French infantry resumed the offensive. They completely encircled Roye and threw the enemy back several miles east of the town.

In spite of fatigue from the long, hard campaign, Gen. Debeney's men are going ahead with the ardor and enthusiasm of fresh troops.

ALLIES CONTINUE ADVANCE AGAINST GERMANS

1—North of the Scarpe the Scotch carried Roeux and Gravelle, the English capturing Arleux-en-Gohelle and the old German line south of this point.

2—London reports successful advance astride the Scarpe river, the Canadians capturing Cherisy, Vis-en-Artois and Bois du Sart. London reports Scottish troops on right of Canadians crossed the Sensee river and took Fontaine les Croissilles.

3—Between Croissilles and Bapaume and to the south English and New Zealanders smashed heavy counter attacks and stormed the village of Beugnatre and gained at other points.

4—Early yesterday morning reports from Berlin claimed the recapture of Longueval and Montauban.

5—South of Bapaume English and Welsh troops advanced to the western outskirts of Flers and took Longueval, Delville wood, and Bernafay wood.

6—Astride the Somme British forced back Germans on whole front, gaining high ground east of Maricourt. Fontaine lez Cappy and Vermandovillers were taken. British have reached the neighborhood of Dompierre, only six miles from Peronne.

7—First French army captures Roye and are pursuing Germans, who are retreating on line from Hallu to region south of Roye. Yesterday afternoon the front extended from the region of Hattencourt, just west of Cremery and Gruny, Caroul, to the west of Raiglise and west of Verpillieres.

8—French report they have beaten off all German counter attacks north of Soissons and advanced their lines to Bagneux.

9—Americans attack in region of Bazoches as Germans attack United States lines at Fismette. The Americans improved their positions at Bazoches, while German attacks were shattered.

10—Berlin reports main point of British effort to break through was south of the Scarpe river, which was stemmed on both sides of the Arras-Cambrai road.

BRITISH SWEEP ON AS GERMAN DEFENSE FAILS

Present Situation Compared to Dark Days of the Past.

(Continued from first page.)

the barbed wire of the inclosure which separated them, with cigarets hanging from their lips and no sign of discipline or deference.

One of the officers was angry and commanded the man to whom he spoke to stand at attention, but they shook their heads and grinned as much as to say:

"All that is finished. We have suffered too long under your tyranny. We are all equal in captivity."

Say They Have Been Deceived.

And that was their meaning, judging from some of their speeches to our officers and men. They complained they have been deluded by hopes of victory and have been sacrificed too often in the service of a brutal command.

Even the officers have changed their demeanor and speak gravely of their reverses and do not seek to minimize them. Only one officer maintained the same truculent pride of his caste with the Canadian officers today. He refused to admit anything serious had happened to the German army even when he was told how many prisoners had been taken lately. He said:

"That is nothing. It is all according to plans."

"Yes," said the Canadian officer, "but it is our plan and not yours."

And at those words he was abashed.

Glad to Be Prisoners.

I saw a batch of these prisoners coming down under an escort of some Canadian mounted men this morning. They were marching briskly and staring about them as they passed and smiling at our soldiers, who were marching in the opposite direction to the battle front. Many of them looked tired and pale. Some of them limped and few were slightly wounded, but there was on all their faces the look of men relieved from fear and glad to be beyond its menace.

The men marching past them were Highlanders going up to support their comrades fighting to the north of the Scarpe. They came winding through the little wood of shelled trees, the color of their kilts twinkling through the trees and their brown faces flushed with the heat of the march. They had the look of boys who were sure of victory, so different from those poor pasty faced fellows in gray who had just gone by prisoners.

Back on Familiar Ground.

Well it is queer to be back on the old familiar ground again, to be passing through Arras to get the news of another battle at Monchy, through the old gray streets of Arras with its ruined churches and broken houses which hold a thousand memories of this war for us because it was in April last year that other English and Scotch troops passed that way toward Monchy and Guemappe and Pleves, which they attacked again yesterday, and today the Canadians were on Vimy ridge, then yesterday some of them were up by Neuville, Vitasse, and Vancourt, which London troops captured in the old days and London troops fighting near those places at this time.

The arrival of Canadians was an immense surprise to the Germans. The last heard of them was outside of Roye after their glorious advance on the left of the French and the last thing in the world which the enemy expected was to find them right in the north beyond Arras. That was a brilliant piece of secret maneuver.

Before the Germans had an inkling of their presence the Canadians were advancing upon them yesterday morning with a sweep of shell fire in front of them. Without encountering much resistance they swung round by Guemappe and Wancourt over the high ground on each side of Cojeul.

Surprise to Huns.

The Germans of the Two Hundred Fourteenth division, made up of men from the Rhineland, Stettin and lower Schleswig, were aghast at this sudden assault and either retired or gave themselves up in the early stages of the Canadian advance. Their resistance stiffened on the crest of Monchy hill and there was fierce fighting all night in a trench on top of Wancourt spur, but the Canadians were determined to get this place and with great individual gallantry and good leadership and the most dogged spirit they worked around the machine guns which were holding them off and rushed them in the darkness. By morning they held the spur,

I was with the Canadians this morning when the new advance just started and over the wires came the good news that the Germans were falling back down their trenches towards Cherissy and their barrage of gunfire was thin.

Prisoners have been taken from every company, of every battalion, including a battalion commander and adjutant and the survivors of two battalion staffs.

Scots Storm Roeux.

They were Scottish troops who were advancing on the north of the Canadians and stormed Roeux and its old chemical works, long laid into ruins, where in the first battles of Arras there was most bloody fighting, week after week, in which the Scottish troops also were engaged. In Roeux they took a number of prisoners who were dejected men. One of their officers confessed he no longer took any interest in the war.

"God is directing it," he said, "and will declare the issue." All the men long for peace by agreement.

South of the Canadians the lowland Scotch and London troops yesterday worked around Henin hill and fought forward towards Croiselles, which the enemy defends desperately. There is not much opposition on Henin hill and the Scots advanced in a leisurely way so that our observers were filled with admiration for the cool courage of the men, who kept driving the enemy in front of them.

Cross Hindenburg Line.

Then they crossed the old end of the Hindenburg line this side of the Drocourt-Queant switch, which is now in the northern part of that line, and have been making further progress today. The Londoners fought with the utmost gallantry on the western edge of Croiselles, where for a time they were checked by a blast of machine gun fire from the crest farther south.

Other troops, including the Yorkshire battalions, are extending our gains north of Bapaume, by Beugnatre and the sugar factory at Vracourt, in the direction of Bullecourt. In that region the enemy is fighting hard with strong counter attacks, in which some of our men had a heavy fire to face, though general success has been assured. The New Zealanders are forging their way around the northern outskirts of Bapaume.

Line Almost Straight.

The Australians and other troops are steadily making their way across the Somme battlefields through the old woods of ill-fame like Bernafay, Tornis, and Maricourt, and our line is now nearly straight up from near Vaux on the Somme to near Longueval and the southern outskirts of Bapaume. The Germans can make no stand in most of these places and they know it.

The Wrong Peace

"And so Peace came, and when our soldiers climbing out of the trenches said: 'God help you if you haven't let us finish our work!' we told them that their work *was* finished—that they had saved civilization." * * *

"But the monstrous thing was true—before the one war was done the masters of Germany had been at work in preparation for the next."

YANKEES MAKE DAYLIGHT DRIVE INTO BAZOCHES

Germans Try to Force Back Americans with Shells and Bombs.

WITH THE AMERICAN FORCES ON THE VESLE FRONT, Aug. 27.—[By the Associated Press.], 4 p. in.—American troops attacked the Germans in the region of Bazoches, three miles west of Fismes, today. Simultaneously the Germans attacked the American lines at Fismette, about a mile northwest of Fismes.

Infantry fighting in the outskirts of Bazoches still is continuing. The Americans at present are holding the upper hand.

The attack on Bazoches was made in daylight and the Americans quickly improved their positions, although the Germans resisted stubbornly.

Artillery Smashes Reënforcements.

A stiff barrage preceded the American infantry attack and the bombardment was answered viciously by the Germans.

The Germans endeavored to reinforce their infantry fighting in the region of Bazoches, but were unable to send up any large numbers of men owing to the activity of the French and American artillery on the hills south of the Vesle. The Germans raked the hills with 77s in an effort to put out of commission the allied batteries. At one time they dropped fifteen shells each minute in the vicinity of St. Thibaut. Notwithstanding the enemy's fire, however, the French and Americans continued to pour metal across the Vesle whenever any Germans appeared.

According to last accounts there was some hand-to-hand fighting in the region of Bazoches.

Airmen Aid Foe's Smash.

In their attack on Fismette the Germans bombarded the town with heavy guns and aerial bombs. German aviators endeavored to drive the Americans from the houses in Fismette so that German machine gunners in the hills could pick them off.

One German airplane descended within 500 feet of the Fismette roofs, firing machine guns. The Americans drove it away with their machine guns. The Americans are holding Fismette securely.

German artillery continued to bombard the village at intervals during the day.

"GO TO BERLIN," CRIES CAPTURED ALSACE OFFICER

CANADIAN FORCES IN FRANCE, Aug. 27.—[By Canadian Press.]—At an early stage of the British drive yesterday morning in the Scarpe river region Scottish troops reported the capture of the three trenches of the Hindenburg system in their sector, and two hours and ten minutes after zero the whole of it was in their hands. This lack of morale may be explained in some slight degree by the inclusion of several hundred Alsatians among the prisoners. One of these, who spoke perfect French, explained that he was after all content to be a prisoner.

"We fight and give fight," he said. "We each do the best we can for our country. Now, for me, it is over. I have a sister in Paris. I shall be glad to see Germany beaten, and she knows it. She is short of ammunition and has used up all her men. Look at these rosy-cheeked boys of 17 and 16. Are these fit to be soldiers?"

"Go it, you Canadians," a captured officer cried. "Go right to Berlin; that's the only way you can end this bloody war."

Vaudeville Actor Taken for Opposition to Draft

Frank Meisel, a vaudeville actor, 38 years old, an Austrian who has taken out his first citizenship papers, was locked up last night. He was the first man in Chicago to be arrested for opposition to the new draft.

Meisel was arrested at the Windsor theater after declaring he would never fight for the United States.

According to Policeman Henry Wilkins Meisel said: "President Wilson is worse than the kaiser;"

BATTLE STATEMENTS

BRITISH REPORT

LONDON, Aug. 27.—Gen. Haig's statement tonight reads:

This morning our troops, operating astride the Scarpe again attacked. Overcoming the resistance of the enemy in his old front line defenses held prior to his offensive of March 21 the Canadians penetrated deeply into the German positions between the Sensee and Scarpe rivers and captured Cherisy, Vis en Artois, and Bois du Sart, with many prisoners.

On the right of the Canadians Scottish troops crossed the Sensee and seized Fontaine lez Croisilles, establishing themselves on the slopes of the spur south of the village and taking several hundred prisoners.

North of the Scarpe other Scottish battalions carried Roeux, Greeland (?), and Gavrelle, and English battalions gained possession of Arleux en Gohelle and the old German line south of this.

Between Croisilles and Bapaume and to the south English and New Zealanders again in heavy fighting repulsed numbers of determined counter attacks delivered by German divisions recently brought up to reinforce the battle front. Heavy losses were inflicted on these divisions in their unsuccessful attacks.

Despite their efforts to prevent our advance our troops stormed the village of Beugnatre and progressed at several points between Beugnatre and Croisilles.

Astride the Somme, Australian, English, and Scottish battalions forced the enemy back on the whole front of our attack. Our troops gained the high ground east of Maricourt.

Fontaine-lez-Cappy and the woods between there and the Somme have been taken, with some hundreds of prisoners, and Vermandovillers is in our hands.

South of Bapaume also English and Welsh troops gained ground in the face of strong opposition. We reached the western outskirts of Flers and have driven the enemy from Longueval, Delville wood, and Bernafay wood. Counter attacks by the Prussian Guard in this area were repulsed.

EARLY REPORT.

Severe fighting took place on the field of the old Somme battle between Maricourt and Bapaume and also north of the latter town yesterday afternoon and evening. The enemy counter attacked repeatedly in strength, incurring great losses from the fire of our troops but being unable to arrest our progress.

English and Welsh troops pushed through Montauban and advanced along the crest of the ridge, capturing High Wood and reaching Longueval. In the latter village we were heavily counter attacked and forced back toward Bazentin-le-Grand and High Wood. On this line we broke the enemy's attack and, again advancing, established ourselves well to the east of High Wood.

Early in the night a second enemy counter attack was driven off by rifle fire before the Germans reached our position.

North of High Wood the enemy twice counter attacked in the neighborhood of Ligny and Thilloy, pressing back our advanced troops some 400 or 500 yards. There his infantry was stopped and driven back.

At Bapaume the New Zealanders, after fierce fighting, established themselves in the northern outskirts of the town.

On the right of the battle front the Australians continued their advance astride the Somme and made substantial progress toward Dompierre and to the east of Suzanne.

On the left of the battle front the Canadians yesterday captured the ridge to the east of Wancourt and established themselves to the east of Guemappe.

Prisoners taken since the morning of Aug. 21 exceed 21,000.

FRENCH REPORT.

PARIS, Aug. 27.—The official war announcement tonight says:

The enemy was forced today to hasten his withdrawal on both sides of the Avre.

On a front of twenty kilometers our troops advanced more than four kilometers at certain points. We occupied Hallu, Fransart, Cremery, Gruny, Carrepui, Roye, Baucourt (Laucourt?), and Crape au Mesnile.

The artillery fighting continued lively in the region of Lassigny and between the Oise and the Aisne.

EARLY REPORT.

South of the Avre French troops accentuated their progress this morning in the region of St. Mard, after having repulsed a number of enemy counter attacks. We have taken more than 1,100 prisoners during these combats. Of these thirty-six are officers, two of whom are battalion commanders.

Between the Oise and the Aisne German counter attacks west of Chavigny broke down last evening. Thirty prisoners remained in our hands. In the region east of Bagneux we have advanced our line about 1,200 meters.

During the night there were lively artillery duels between the Ailette and the Aisne.

GERMAN REPORT

BERLIN, via London, Aug. 27.—The evening report from general headquarters says:

The main point of the attempt to break through by the English and Canadian troops lay south of the Scarpe. The thrust was stemmed in our positions on both sides of the Arras-Cambrai road.

EARLY REPORT

South of the Scarpe our foremost troops yielded on command to enemy attacks made with numerous tanks and strong infantry forces and withdrew to the heights of Monchy-Le-Preux.

There the fire of our infantry and artillery, standing ready to repel the attacks, received the enemy, and after a bitter fight the adversary pressed forward over Monchy and Guemappe heights. Our counter attack threw him back to the east slope of the heights.

A storming attack directed against Cherisy collapsed before that place. The enemy continued his attacks on both sides of Bapaume with the heavy bringing in of tanks. North of Bapaume the heights southeast of Mory and Beugnatre were the foci of the battle. After several futile storming attacks the enemy got a foothold in the heights in the evening. Beugnatre, after long fighting, still remained in our hands.

Southwest of Bapaume the enemy established himself in Thilloy and Martinpuich. The remainder of the enemy attacks, repeated here on a broad front until late in the evening, collapsed sanguinarily.

Destroyed enemy tanks are lying before and behind our lines. South of Martinpuich the enemy pressed forward over Bazentin into Montauban. We threw him back out of Montauban by a counter thrust. Enemy attacks south of Montauban also came to a standstill.

Truly Warner Drawn from life by Nonnamaker

What if you are a Millionaire

I DON'T care how much money you've got, you can't afford to spend more than is necessary to get what you need. Secretary of the Treasury, McAdoo, expressed my sentiments when he said the other day in New York:

"I have no patience with the spendthrift today because the Nation is in need of every dollar it can get. The man who hangs on to his dollar regardless of what the other man may say, is the man who is helping to win the war—and is doing almost as much for his country as the man in uniform."

If you are willing to deprive yourself of the luxury of paying for a label when buying a hat, I can show you how to save a dollar.

I have new colors in Brown, soft shades in Green, new tones in Gray. I have Felt Hats and Derbies. All the shapes and styles that the other fellow has—and then some. They're good enough for anybody—and they're all one price—$2.85

GEN. LUDENDORFF LOOKS BACK FOR HOLE TO HIDE IN

Allies Press Him So Hard He Gets No Chance to Retreat.

Chicago Tribune-New York Times Cable.
[Copyright: 1918.]

PARIS, Aug. 27.—Gen. Ludendorff is undoubtedly anxious to effect a retreat on a large scale to safer positions well in the rear, and all indications tend to show he would have done so as long as a week or two ago if the circumstances had been different.

The reasons why he has not done so are believed here to be two-fold. In the first place Gen. Foch has dealt him four heavy blows since the 8th of the present month. Following Gen. Mangin's staggering flank attack between Soissons and the Marne on July 18, which smashed all the enemy's carefully laid plans to smithereens and wrenched the initiative from him, Gen. Rawlinson and Gen. Debeney struck between the Ancre and the Avre on Aug. 8, and between the Matz and the Oise on Aug. 10. Gen. Mangin again struck between the Aisne and the Oise on Aug. 18 and Gen. Byng between the Scarpe and the Ancre on Aug. 21.

No Time to Retreat.

To meet these repeated blows and stave off disastrous defeat in place after place the German high command has had to throw in all available reserves to such an extent that the enemy had neither time nor men available to prepare new line positions in the rear on which to fall back.

This supplies the second good reason why Ludendorff has been unable to repeat the great coup of the famous retreat to the Hindenburg line of the spring of last year. The tactics of Foch not only rendered impossible a repetition of such a retreat, which was effected without the loss of a man or gun, but compelled the Germans to fight desperately on every yard of the battle front under the sheer necessity of avoiding being annihilated where they stand.

As Paris sees it the Germans today are in, by far, a worse situation than at any time since the war began. They are, in fact, in a very similar position to that from which Hindenburg escaped by his masterly retreat last year with the vital difference that, if they are now forced to retreat, the consequences, at least to the armies of Von Boehm, must be disastrous.

Occupy Huge Pocket.

These armies occupy a huge pocket enormously deeper than Montdidier or the Marne. Byng is eating into this pocket on the north, and Mangin on the south. Mangin may expect to meet serious difficulties to his further progress when he comes against the enormously strong enemy positions in the forest of Saint Gobain in front of Laon, but nothing of the sort can prevent the British under Byng and Rawlinson from continuing to push Boehm's armies back toward Cambrai and St. Quentin.

On the other hand the country over which the enemy must retreat in falling back from Chaulnes, Roye, and Noyon is exceptionally unfavorable for an army to which ease and rapidity of movement is imperative, if it would escape from the victorious pursuing adversary.

Von Boehm's armies have to face the awful ordeal of crossing a broad belt of waterlogged ground on each side of the Somme, where every bridge will be under fire of our guns and airplanes.

BRITISH MENACE WHOLE LINE.

BY WALTER DURANTY.
Chicago Tribune-New York Times Cable.
[Copyright: 1918.]

WITH THE FRENCH ARMIES, Aug. 26.—Mangin's progress in the region of Bagneaux, though valuable as using up enemy divisions and acquiring positions, in view of the subsequent operations can hardly yet be regarded as threatening the Chemin des Dames as has been suggested in some over optimistic quarters.

It is doubtful whether the French in this sector are yet able seriously to menace the Vesle line—situated considerably in advance of the stronger Chemin des Dames position—owing to the fact that the pressure on either German line is bound to be endangered by the Boche forces in the formidable Saint Gobain massif, which for long years has been corner bastion of the enemy line in France.

Depends on British.

What a French officer told me yesterday remains true today—it is on the British that the question of the German movement rearwards for the moment depends. Doubtless Ludendorff already is seriously considering the necessity which may any hour become imperative of withdrawal not only in the north, but from the Vesle or even the Chemin des Dames to the Hindenburg and Siegfried lines, as held in the autumn of 1917.

That explains the obstinate resistance to Mangin's attacks—also to permit the evacuation of material and the reconstruction of old defenses. From the north it is reported that spade work is progressing apace on the Hindenburg and Siegfried lines. The Somme may prove a temporary barrier, but something of the good, ideal soldier will be required.

REVENUE BILL HEARINGS BEGIN NEXT TUESDAY

Washington, D. C., Aug. 27.—Hearings on the new war revenue bill, to begin next Tuesday and continue for not more than ten days, were arranged today by the senate finance committee. All industries will be asked to appoint representative spokesmen to avoid duplication of evidence, but any one desiring to be heard may attend.

After a conference at the treasury department today between Chairman Kitchin of the house ways and means committee and Secretary McAdoo and other government officials Mr. Kitchin intimated that an agreement in all probability would be reached on a flat normal tax of 12 per cent on both earned and unearned incomes.

DOGS OF WAR ARE UNLEASHED

J. Ogden Armour Frees Famed Canines Which Will Serve in the Drive for War Exposition Tickets.

J. E. RAINSBERGER.

Chicago will go over the top in the 1,000,000 ticket campaign if the stockyards have anything to do with it.

The double scent war dogs, Medusa, Troll, and Vulcan, went into advance action yesterday when they were released from the leash by J. Ogden Armour and started in the ticket selling exhibit at the stockyards.

Girls from Swift & Co. "ballyhooed" the war exhibition truck, surrounded by jackies and soldiers, and did big business for Uncle Sam's big show.

Armour & Co. reported 25,000 tickets sold. The demonstration was in charge of Charles Herrick of Brennen & Co.

J. Ogden Armour and War Dogs, Terval, Medusa, and Vulcan.

HUN SEEING LIGHT AT LAST, PRESS COMMENT SHOWS

Cecil-Lodge Speeches Point Futility of Kaiser Peace.

COPENHAGEN, Aug. 27.—The reply of Lord Robert Cecil, British undersecretary of foreign affairs, made on Aug. 23, to the address before the German society two days earlier of Dr. W. N. Solf, the German colonial secretary, and the speech of Senator Lodge of Massachusetts, Republican leader of the senate, continue to be commented upon by the Berlin press along the same lines—that Germany must now stand or fall fighting.

Theodore Wolff, writing in the Berlin Tageblatt, after referring to Lord Robert Cecil's declaration that he himself is an advocate of peace, says:

"We are confronted with the tragic, inescapable necessity of holding out with quiet determination until Lord Robert Cecil's love of peace shall display itself more peacefully."

Talks of False Steps.

Dr. Wolff declares it is untrue that Dr. Solf's speech was of a sort never heard before the fortunes of war changed, but he adds:

"It is correct that only recently the great advocates of force were able to make much noise, and even the progressive party was carried away by the fiery eloquence of Herr Muller of Meiningen, who made a few false steps into the camp of the annexationists."

Sees Europe Subjugated.

The Vossische Zeitung of Berlin asks: "Where is that peaceful spirit of President Wilson, who once declared there must be neither conquerors nor conquered?" The Vossische Zeitung declares it always knew that England's war aim was the political and economic subjugation of Germany. The newspaper adds:

"And if now, after the sacrifices in men and money made by England and the United States, the outcome of the war is to be profitable for them, it means that peace must bring not only the complete powerlessness of the German empire, but also, if possible, that of all Europe, as the proper reward for the Anglo-Saxon nations."

Reventlow's Opinion.

Count Reventlow, writing in the Tageszeitung, sees in the reception of Dr. Solf's speech by the entente countries justification of the pan-German views, and he says it is a heavy blow for the German advocates of peace by understanding.

"It is possible that this reception of Dr. Solf's speech will form a wholesome lesson for German cherishers of illusions," he adds.

The Norddeutsche Allgemeine Zeitung says Lord Robert Cecil's speech should "disillusionize those Germans who did not realize that words and phrases about high ideals only resulted in making the enemy doubt the strength and will of the Germans."

Riddled and Defaced with Wounds, U.S. Men Fight On

WITH THE AMERICAN ARMY IN FRANCE, Aug. 26.—[By the Associated Press.]—American courage and grit again were exemplified Saturday night when units on the Woevre front repulsed a German raid without serious loss.

One American sustained sixteen machine gun bullet wounds—three in the calf of the leg, ten between the knee and the waist, and three in the arm—but fought on. He will recover and be able to return to the fray. This soldier probably holds the American record for simultaneous wounds.

Another American was badly wounded in the stomach from fragments of a grenade and his nose was blown off and his face torn. He continued to fight the Germans and had almost to be forced to go to a dressing station.

YANKS IN CATHEDRAL

Knights of Columbus Chaplain Preaches First Sermon in St. Gatien at Tours.

BY CHARLES N. WHEELER.
[SPECIAL CABLE TO CHICAGO TRIBUNE.]

TOURS, France, Aug. 25.—[Delayed.]—The distinction of having preached the first sermon in the English language at the historic St. Gatien cathedral at Tours has fallen to Father Patrick Turner of Birmingham, Ala., Knights of Columbus chaplain. The joint French-American service, "Pour la France," was held today under the personal direction of the venerable Archbishop Negre.

Not only was the old cathedral filled with khaki clad men but the American military band participated in the services, which was a pontifical high mass. Mingled, too, with the Latin service was singing by the great congregation of old fashioned gospel hymns headed by "Onward, Christian Soldiers."

The doughboys made the venerable place with crumbling cloisters round about reecho with the good old American hymns.

American flags were draped over the great altar and all radiating altars, and one large Stars and Stripes was festooned over the facsimile grotto of Notre Dame de Lourdes in the left transept. Thousands of civilians filled the quadrangle in front after several thousand had jammed into the interior. "The Star Spangled Banner" and the "Marseillaise" were sung as closing numbers of the pontifical high mass by the entire congregation. Not since the Maid of Orleans herself stopped in the church to pray in 1429, the townspeople say, has a greater service been held in one of France's most famous cathedrals. Opening of the cathedral for the American services is said to be the first step in a plan to extend the same privileges in all the cathedrals of France.

AMERICAN FIRE SINKS U. S. BOAT; 17 MEN MISSING

Washington, D. C., Aug. 27.—American submarine chaser No. 209, operating out of Philadelphia, was mistaken for a submarine by the merchant steamer Felix Taussig off Fire Island, N. Y., early this morning and sent to the bottom. Seventeen of its crew, including the commander and the executive officer, are missing.

The chaser was manned by naval reserves. Eight of the survivors, some of them wounded, have been landed at New York, and one has been landed at Lewes, Del.

Of the survivors landed the following were wounded:

Thomas Harran, chief boatswain's mate.
Claude Wild, machinist's mate.
Clarence S. Evans, machinist's mate.
R. A. Corcoran, quartermaster.

Unwounded survivors are:

Elmer Gleason, machinist's mate.
Elmer S. Kirby, electrician.
Claude Kalney, quartermaster.
Charles N. Thomas, seaman.
George B. Weigand, gunner's mate.

Vessels are searching the vicinity with the hope that other survivors may still be afloat.

The submarine chaser was a converted yacht of small tonnage.

Compensation—Perhaps, German Reply to Norway

CHRISTIANIA, Aug. 27.—Replying to Norway's protest against sinking of her shipping outside "the danger zone," Germany has offered compensation where it is proven a ship was sunk without warning, it was announced today. Norwegian newspapers advocate seizure of equivalent German tonnage, such as Spain forced upon Germany.

LAND ARMY GIRLS TO RUN TRACTOR FOR WAR EXHIBIT

Young Women Offer Aid in Preparing Grant Park.

Half a dozen girls from the training farm of the Woman's Land army at Libertyville are to assist in preparing the ground for the War exposition in Grant park. They will arrive in Chicago today or tomorrow with their farm tractor, which they have learned to manage so well that they have been "hired out" by neighboring farmers during the summer.

When the tractor is not being worked it will be covered with posters describing the work of the women's land army and what has been accomplished at the training farm. The tractor crew at Grant park will consist of Margaret Saylor, Ethel Gale, Helen Buckley, Harriet Lyons, Marion Meanor, and Florence Smith.

Invade the Stockyards.

Chicago made a big advance in the war exposition ticket selling campaign yesterday, accompanied by the flare of machine guns, war dogs, sailors, soldiers, and pretty girls. The principal demonstration was in the stockyards, where a war exposition truck mounted with a gun manned by marines and soldiers was led into action by the "dogs of war," Medusa, Vulcan, and Troll, the only three Red Star dogs of their kind in the world.

Twenty-five thousand tickets were reported sold at the Armour plant, 7,000 at the Wilson and 5,000 at Swift's. The stock yards are expected to buy 100,000 tickets.

From the street booths yesterday one organization, the Eastern Star, reported the sale of 40,000 tickets and turned in $10,000 in cash. The Association of Commerce reported the sale of 100,000 tickets from small stores and plants.

Trophies for Workers.

The following trophies from the fields of France have been donated by the British high commission, to be given to the four railroads selling the greatest number of tickets: British helmet, worn at the battle for the Marne; Turkish rifle, captured by English Tommie, and bayonet taken in Flanders by the British.

Gov. Stephens Obtains Heavy Vote in California

San Francisco, Cal., Aug. 27.—Incomplete returns late tonight from less than fifty scattered precincts in the state indicated that a heavy vote had been cast in today's primary election for Gov. W. D. Stephens, candidate for the Republican nomination for governor, and for Mayor James Rolph of this city, candidate for both the Republican and Democratic nominations. The returns, however, were far too few to carry any final significance. Eight candidates sought the various nominations.

Kermit Roosevelt Given Military Cross by Britain

LONDON, Aug. 26.—The award to "temporary and honorary Capt. Kermit Roosevelt," son of Col. Roosevelt, of the military cross for services in Mesopotamia, was announced in the Official Gazette tonight. Until he joined the American forces in France Capt. Roosevelt was attached to the British army in Mesopotamia on special duty.

FRENCH GENERAL TOLD ARMY ALL PLANS OF BATTLE

How Gouraud's Delaying Action Cost 40,000 German Lives Told.

PARIS, Aug. 27.—"The Germans will attack tomorrow at dawn," said Gen. Gouraud, in command in Champagne, to his soldiers on the evening of July 14. "We shall retreat to certain positions in our rear, where we must hold at all costs."

Gen. Gouraud enumerated the positions, and when at daybreak the German onslaught was launched every soldier in Gouraud's army knew fully as well as his chief what plan of battle had been decided upon. Each soldier understood he would give ground all along the battle front for a depth varying from four to five kilometers, and then halt, hold, and fight, perhaps die, but that he must retreat no farther.

First Time in History.

This is believed to be the first time in the history of the war that the commanding general thus took his soldiers into his confidence, elevating them to his own level by sharing with them the innermost secrets of the plan of battle.

It was an army of generals that faced the German emperor's soldiers when they started on what to them meant a jaunt to Paris, but, through the genius of Foch and the bravery of the allied soldiers, proved to be the first step of the return journey to Berlin.

Acting under explicit orders from the high command, Gen. Gouraud established nests of machine guns across the whole of his battle line on the hills of Champagne. Every machine gun crew had been instructed to remain at their posts and fight until swallowed up by the oncoming waves of German gray.

Few Returned.

They did remain. Few returned. Those who survived staggered back to their own lines, and Gen. Gouraud has recommended them for the Legion of Honor.

Ceding ground step by step, fighting bitterly every inch of the way under the protection of a hail of steel poured into the oncoming German hordes by the machine gunners out in front, Gen. Gouraud's army began its retreat about five o'clock in the morning.

40,000 Germans Die.

Every yard of ground, which was grudgingly evacuated, was made uninhabitable for the enemy. Every trench, every shellhole, every depression was filled with poison gases. In that strip of land about fifteen miles long by three miles deep no human being could breathe or live.

In the sweltering heat and amid gases that kill even vegetation, three German divisions advanced. It is said that forty thousand Germans found graves in that part of the Champagne. The supporting German divisions hesitated in their advance, then staggered and fled, horrified by the sight of their comrades dying in terrible pain. The German offensive was broken on its very first day.

NAB HUN OFFICER IN DRAFT RANKS AT CAMP GRANT

Camp Grant, Rockford, Ill., Aug. 27.—[Special.]—Fred Walter Stadelbauer, lieutenant in the German army and Prussian imperialist through birth, education, and habit, found it easy to serve the kaiser through Uncle Sam until the draft law applied the acid test to every man in the United States and brought him under the eyes of the intelligence system built by the national army. Tomorrow he will be taken from a Camp Grant guardhouse upon the first presidential order issued in the case of a camp selective and interned for the remainder of the war.

When Uncle Sam's declaration of war against Germany brought a wave of patriotism through commercial circles Stadelbauer at once took out full citizenship papers, declaring he was born in South America, and thus made himself subject to the draft some time later. He was forced to register in Milwaukee and came to Camp Grant a month ago with a Wisconsin recruit contingent. His criticism of the national army brought him to the immediate attention of the "eyes and ears" of the military forces.

After systematic observation military authorities brought the German officer before Judge Landis on a charge of fraudulent naturalization, and the judge promptly revoked the papers when Stadelbauer admitted that he was born in Berlin and educated in Germany. He declares that his father sent him to America in 1911 to study American business methods.

Dr. Lanstrum Is Leading Miss Rankin in Montana

Helena, Mont., Aug. 27.—Incomplete returns from twenty-three counties in the state in today's primary election, including complete returns from 158 precincts, show Dr. O. K. Lanstrum of Helena leading for the Republican nomination for United States senator with 4,030 votes; Miss Jeanette Rankin, representative in congress from this state, second with 2,887; H. H. Parsons of Missoula, 897, and Edmund Nichols of Billings, 479. In the Democratic primaries Senator T. J. Walsh is unopposed for the nomination.

DRY ACT PENDS

Compromise Expected to Bring Enactment by Tomorrow.

Washington, D. C., Aug. 27.—With a general informal understanding to provide for nation-wide "bone dry" prohibition beginning July 1, 1919, and continuing during the war, the senate tomorrow will resume consideration of the prohibition measure which has been pending for many months.

Leaders of both "wet" and "dry" factions late today announced that sentiment was general in support of the compromise negotiated to postpone the effective date of absolute prohibition from Jan. 1, 1919, as proposed in the pending bill, until July 1 next. Prompt passage of the measure with the compromise included was predicted by Thursday. Some leaders believed it might be passed tomorrow, but Senator Sheppard of Texas, manager of the "dry" forces, said the final vote probably would not be reached before Thursday.

Under the compromise arranged by leaders of the two senate factions, to be formally presented as an amendment by Senator Sheppard, manufacture of beer and wines would stop May 1, 1919, instead of Nov. 1, 1918, as provided in the present bill. Production of distilled beverages already has ceased under the food control law.

CLABAUGH AIDS MICKEY FINNED AT THE MARIGOLD

Philip J. Barry and Russel J. Fellowes, assistants to Hinton G. Clabaugh, were taken violently ill after dining at the Marigold gardens, owned by the Eitel Brothers. Mr. Barry's illness occurred only the other day, while Mr. Fellowes was attacked several weeks ago. Both believe they were given "Mickey Finn" powders.

Both federal men are known to many waiters at the Marigold, formerly the Bismarck gardens.

PAGE RESIGNS AS AMBASSADOR TO GREAT BRITAIN

Washington, D. C., Aug. 27.—Walter Hines Page of Garden City, N. Y., ambassador of the United States to Great Britain since April, 1913, has, because of ill health, submitted his resignation to President Wilson, who has accepted it.

Officials would not discuss Mr. Page's probable successor in the absence of a formal announcement of his retirement.

British Forces in Italy Take 270 Foes in Raid

ROME, Aug. 27.—Enemy positions west of Asiago have been raided by British troops, who in a hand to hand struggle overcame the garrisons in the enemy posts. The British took 270 prisoners, according to an official statement issued by the war office today.

The statement adds that there has been lively artillery activity northwest of Grappa and Montello and that an attempted enemy attack in the Concei valley was repulsed.

On the middle Piave Italian reconnoitering parties captured arms and war material.

Wilson Mizner and Actor Stage Bout Over a Girl

New York, Aug. 27.—[Special.]—Wilson Mizner, playwright, and Herbert Frank, actor, mixed it on Broadway today over the fact that Frank found Mizner dining with Florence Atkinson of the "Follies."

Frank played full on Mizner's nose and along came a cop, who took them and Florence to the station. They were fined two iron men each, but Frank swore out a warrant for Mizner's arrest on a charge of assault. They will be in court tomorrow.

MAJ. HANLEY PROMOTED.

Fort Worth, Tex., Aug. 27.—Maj. T. J. Hanley, commander of Carruthers field, and now with the flying circus in the middle west, was made a lieutenant colonel today, according to advices from Washington. He was chief flying officer when the field was established at Rantoul, Ill.

HORVATH WINS SIBERIAN ARMY BY COUP D'ETAT

"Dictator's" Action Stirs Consuls of the Allies.

VLADIVOSTOK, Sunday, Aug. 25.—[Via Shanghai.]—Gen. Pleshkoff, chief of the Russian forces in Siberia and Manchuria, acting on behalf of Gen. Horvath, the anti-Bolshevik leader, by a coup d'etat has assumed control of all the Russian military forces in the far east. The Russian volunteers have gone over to Gen. Horvath in a body.

The Siberian government is nonplussed and has been unable to organize opposition to the new movement.

The allied consular officials are holding meetings to discuss the situation. There has been no bloodshed.

[Gen. Horvath proclaimed himself recently as dictator of Siberia. The Siberian government at Vladivostok and Omsk was made up of regularly elected representatives and Czecho-Slav leaders.]

Bolshevik Trick Czechs.

Following the recent retirement of Gen. Kalmikoff's Cossacks in the Ussuri river district, the Bolshevik Red Guards passed a force, disguised as peasants and traveling in farm wagons, to the right and rear of the Czecho-Slovak troops, and raked the Czecho-Slovak positions with field guns from a hill.

The Czecho-Slavs were again forced to retire a considerable distance with casualties. The Japanese and American troops at the time were not in a position to support the Czecho-Slovaks.

The Red Guards made an unsuccessful demonstration against the railroad line between Nikolsk and Pogranitchina. They evidently intended to interrupt communication between Vladivostok and Harbin.

Yankees in Good Quarters.

The second contingent of American troops has been established at the base at the head of the bay. The base has excellent storage and railway facilities and quarters for the arriving troops.

The commander of the forces has organized a labor battalion of 500 enemy prisoners, part of the large number taken by the Czecho-Slovaks, thus relieving the latter of feeding them. The men are working with apparent willingness.

Like Wilson's Policy.

ARCHANGEL, Tuesday, Aug. 20.—[By the Associated Press.]—Nicholas Tschaikovsky, president of the provisional government here, made this statement today concerning the recent announcement of America's policy toward Russia:

"America's policy exactly meets our wishes. We want to bring about a new Russian front and reorganize the country ourselves. We want the allies to form a stream of troops behind which we can work out our own salvation."

AUSTRIANS TAKE 2 ALBANIA TOWNS

VIENNA, Aug. 26.—[Delayed.]—In Albania Austrian troops have recaptured Berat and the town of Fieri, near the mouth of the Semeni, says the official statement from Austro-Hungarian headquarters today. The Italians lost heavily in men and material. The statement reads:

"Fieri was recaptured yesterday (Sunday) after sanguinary street and house to house fighting. Later we captured Berat and shortly afterward the Italians were driven from the dominating heights of Speragi and Senja.

"The Italians' losses in men and material were heavy. On the upper Devoli we further consolidated our successes."

French Aid Italians.

PARIS, Aug. 27.—Tonight's official war report reads:

"Eastern theater—By reason of the fact that our troops have been able to carry out a slight withdrawal movement, contact with the Italian troops has been maintained. British aviators bombed enemy bivouacs in the region of Demir-Hissar."

AUSTRIANS SENT TO BLOCKADE U.S. ROUTE TO BERLIN

Prisoners Reveal Identity of Imported Units in Lorraine.

BY EDWIN L. JAMES.
Chicago Tribune-New York Times Cable.
[Copyright: 1918.]

WITH THE AMERICAN ARMY IN FRANCE, Aug. 26.—The appearance of Austro-Hungarian troops on the Lorraine front has a poignant interest for the American army.

In Lorraine was established our first sector, which we still hold. On the line eastward from Verdun United States troops are in line at many points. Through the Alsace-Lorraine line is the shortest road to Hunland, and the world knows that America intends to take the war to Germany.

Surprise to Americans.

In plain words, the announcement made in yesterday's French communique that the capture of prisoners in the Woevre and in the valley of the Meuse had identified Austrian and Hungarian units caused some surprise in the American army. It has been known that for some time Austrian artillery has been used, and many places on the western front have been manned in some cases by Austrians, but the failure of Austro-Hungarian infantry to make its appearance thus far made the impression that they would stay away.

It was known that Austrian politicians had considered the question of sending troops to the western front, but it was also known that public sentiment in the Dual monarchy was against it. Now it appears that Emperor Charles has dared the people's anger in order to knuckle to Kaiser Wilhelm's demand for troops. Those now in the Vosges and Lorraine may be the nine divisions for which the German emperor asked the Austrian emperor at their recent conference.

Stops Gaps with Them.

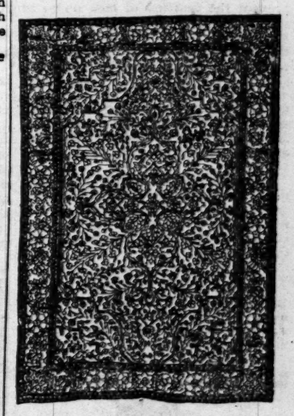

The identifications made in the fighting in the Marne salient and the recent battles of the English and French have shown that number of divisions were drawn from the Lorraine sector. Now the kaiser is trying to stop the gaps with soldiers borrowed from Emperor Charles.

If part of the Austrian army wishes to come to the Vosges to get whipped instead of having it done in northern Italy, perhaps it will all add up the same about the end of next year, and may not the sending of Austrian troops to the western front open a path for new Italian victories? For no one seriously believes the kaiser is going to send Germans to the Austrian front to replace the men Emperor Charles is giving him.

DRAFT PASSES SENATE WITH ANTI-STRIKE TAG

Men 18 to 45 Must Work or Fight or Appeal to War Board.

[BY A STAFF CORRESPONDENT.]

Washington, D. C., Aug. 27.—[Special.]—Without a dissenting vote the senate today passed the administration man power bill making the draft age limits 18 to 45 years, inclusive, after voting down every amendment interfering with drafting men under 21 years of age.

The only important amendment in the senate bill is the Thomas-Reed anti-strike proposal. By a vote of 40 to 29 the senate rejected a motion made by Senator McKellar of Tennessee to strike the amendment from the bill. The amendment nullifies exemption granted to essential workers if they strike. Before adopting it finally, however, the senate agreed to the proviso offered by Senator Cummins of Iowa making the amendment inoperative if the strikers agree to submit their dispute to the war labor board.

Defeat 19 Year Old Minimum.

Amendments designed to restrain the war department in any manner in the drafting of men under 21 years of age were rejected in rapid succession, most of them without even a roll call. The main test of strength was on a proposal by Senator Poindexter of Washington to make 19 years the minimum draft age. This was defeated by a vote of 52 to 21, with the roll call as follows:

FOR THE AMENDMENT.

Democrats.		
Ashurst,	Kendrick,	Shields,
Gore,	Kirby,	Vardaman,
Hitchcock,	Pomerene,	Wolcott.—9.
Republicans.		
Borah,	Jones [Wash.],	Poindexter,
Cummins,	Kenyon,	Smith [Mich.],
Curtis,	McNary,	Sutherland,
France,	Norris,	Townsend.—12.

AGAINST THE AMENDMENT.

Democrats.		
Ashurst,	McKellar,	Shafroth,
Beckham,	Nugent,	Sheppard,
Chamberlain,	Overman,	Simmons,
Culberson,	Owen,	Smith [Ariz.],
Fletcher,	Phelan,	Smith [Ga.],
Gerry,	Pittman,	Thomas,
Henderson,	Randell,	Trammell,
Hitchcock,	Reed,	Underwood,
Johnson [S.D.],	Robinson,	Walsh,
Jones [N. M.],	Saulsbury,	Willey.—36.
Republicans.		
Baird,	Hale,	New,
Brandegee,	Johnson [Cal.],	Penrose,
Calder,	Kellogg,	Root,
Colt,	Lenroot,	Wadsworth,
Dillingham,	Lodge,	Warren,
Fall,	McCumber,	Watson,
Fernald,	Nelson,	Weeks.—23.
Freling'hyzen,		

Goes to Conference Now.

The bill will be sent to conference at once. With the anti-strike amendment forming the only point of difference between the two houses, it is believed an agreement can be reached within a day or two. Senate leaders were hopeful of getting the house to agree to the amendment, but it is generally believed the senate will not insist on the amendment to the extent of delaying the military program.

As the situation stands tonight nothing seems likely to stand in the way of the war department's intention of fixing Sept. 5 or 7 as the date of registration of the men made subject to the draft under the new bill. There is every likelihood that the measure will be ready for President Wilson's signature before the end of the week.

Kirby-Gore Changes Fail.

Senator Kirby of Arkansas tried to prevent the drafting of men under 20 years of age, but his amendment was rejected, 60 to 12. Senator Gore of Oklahoma made several unsuccessful attempts to interfere with the war department's program. He proposed an amendment to prevent the use of men under 19 years of age for overseas service, explaining that it was textually identical with the British law. The amendment was beaten by a rising vote.

Senator Gore also offered an amendment similar to the McKenzie amendment beaten in the house to classify men under 21 years of age for last call. This was likewise rejected without a roll call.

Defeat Extension to 60 Years.

An amendment proposed by Senator Fall of New Mexico to classify all men up to 60 years of age for both military and industrial service was voted down, 54 to 9.

Senator Fall succeeded, however, in gaining the acceptance, without a roll call, of an amendment granting the same homestead rights to soldiers under 21 years of age as to those over that age.

An amendment proposed by Senator Penrose of Pennsylvania, providing that local exemption boards shall determine the status of a registrant without requiring him to make a specified claim for exemption, was adopted. If accepted by the house, it will remove a source of frequent complaint against the war department's draft regulations.

Badge for Exempted Men.

The senate again adopted an amendment authorizing men honorably exempted from military service to wear a suitable badge to distinguish them from slackers.

Senator Vardaman of Mississippi, just defeated for renomination because of his anti-war record, attempted to make the minimum draft age limit 21 years. His amendment was defeated by a viva voce vote. Senator France proposed an amendment forbidding the sending of men under 20 to France, but it received no votes.

Sharp debate preceded the rejection of these amendments. Senator Overman of North Carolina said he was authorized by Secretary of War Baker to assure the senate there was no intention of sending men 18 years old abroad until the emergency required. This provoked a hot retort from Senator Chamberlain of Oregon, in charge of the bill. The Oregon senator declared he did not want the people deceived as to the purpose of the bill and assured the senate that it was the intention of the war department to have 18 year old men in France probably by next June.

"There has been more or less of misunderstanding about what the secretary of war proposes to do," Senator Chamberlain said. "Under this bill the president has the power to divide these young men into classes and in that way retain the 18 year old men in this country a little while longer than he might retain the older ones. But that is the beginning and end of his power, and there is no reason for any of us to misunderstand what the purpose of the war department is.

"That is why I say that I will not be a party to misleading the American people with reference to these young men. Whatever may have been said on the side by the distinguished secretary of war, whatever may have been said on the side and in some desultory conversation by the chief of staff, the record shows what they intended to do and the record made by Mr. Baker before these committees showed what he intended to do, and that is what I intend to do when I vote to take these young men of 18."

Following the senate's action, however, Secretary Baker reiterated that boys of 18 would be called last in the draft. There will be two draft classes under the legislation now pending, Secretary Baker said, 18 to 19 and 19 to 45 years.

Crowder Announces Questions All '18-45' Men Must Answer in New Draft; Urges Study of Them

[BY A STAFF CORRESPONDENT.]

Washington, D. C., Aug. 27.—[Special.]—Provost Marshal General Crowder issued today to local draft boards throughout the United States detailed instructions for registrants in answering the questions on the registration cards to be used in enrollment of men affected by extension of the draft age limits.

There will be twenty questions on the cards, which is somewhat different in form from the card used in registration of men between the ages of 21 and 31.

"Between now and registration day, early next month, prospective registrants are strongly urged by this office," the provost marshal general says, "to study carefully both the questions and the instructions, in order to be able to give prompt responses to the registrars. Similar request is made of the registrars."

Questions for Registrants.

Following are the questions and instructions:

QUESTION 1—Name. The name must be given in full, thus: First name, middle name, last name. For example, "John Henry Smith."

QUESTION 2—Permanent home address. This means where you have your permanent home NOW, not the place where you work nor the place where you were born, unless that is your permanent home. Be prepared to give it this way: "100 Woodward avenue, Detroit, Wayne county, Michigan," or "R. F. D. No. 2, Jonesville, Smith county, Pennsylvania." If the registrant lives in an apartment house he should state the number of the apartment in which he lives.

QUESTION 3—Age in years. State your age in YEARS only. Disregard additional months or days.

Must Tell Your Color.

QUESTION 4. Date of birth: If you do not remember the year, start to answer as you would if some one asked you your birthday, as "Oct. 12." Then say, "On my birthday this year I will be (or was) —— years old." The registrar will then fill in the year of birth.

QUESTION 5—White?

QUESTION 6—Negro?

QUESTION 7—Oriental?

When Is an Indian?

QUESTION 8—Citizen Indian? An Indian born in the United States is a citizen if (1) he or his father or mother prior to his birth or before he attained the age of 21 was allotted land or received a patent in fee prior to May 8, 1906; (2) if he was allotted land subsequent to May 8, 1906, and received a patent in fee to his land; (3) if he was residing in the old Indian territory on March 3, 1901; (4) if he lived separate and apart from his tribe and has adopted the habits of civilized life.

QUESTION 9—Noncitizen Indian? An Indian born in the United States shall be classed as a noncitizen Indian unless he falls within one of the classes of citizen Indians described in the instruction on question 8.

Native Born Americans.

QUESTION 10—Native born United States citizen? If you were born in the United States, including Alaska and Hawaii, you are a native born citizen of the United States irrespective of the citizenship of your parents. Any inhabitant of Porto Rico who was a Spanish subject on April 11, 1899, and who resided in Porto Rico on that date, and continued to reside therein until April 11, 1900, is held to be a citizen of Porto Rico, except such inhabitants, natives of the Spanish peninsula, who elected to preserve their allegiance to Spain on or before April 11, 1900, by making a declaration before a court of record of their decision to do so. Any citizen of Porto Rico as above defined and any native of Porto Rico who was temporarily absent from the island on April 11, 1899, and has since returned, and is not a citizen of any foreign country, is held to be a citizen of the United States, provided he did not elect to retain his political status by making declaration under oath of his decision to do so within six months after March 2, 1917. If you were born abroad you are still a citizen of the United States if your father was a citizen of the United States at the time you were born, unless you have expatriated yourself.

QUESTION 11—Naturalized citizen of the United States? You are a naturalized citizen if you have completed your naturalization; that is, if you have "taken out final papers." But you are not a citizen if you have only declared your intention to become a citizen (that is, if you have only "taken out first paper"); in the latter case you are a declarant.

Was Father Naturalized?

QUESTION 12 — Citizens of the United States by father's naturalization? Before registrant's majority? The children of persons who have been duly naturalized under the laws of the United States being under the age of 21 at the time of the naturalization of their parents, are, if dwelling in the United States before attaining their majority, considered as citizens thereof.

QUESTION 13—Alien declarant? You are a declarant if, although a citizen or subject of some other country, you have declared before a naturalization court your intention to become a citizen of the United States. This is referred to as "taking out first papers."

QUESTION 14. Alien nondeclarant? You are a nondeclarant alien if you do not fall within one of the classes described by questions 10, 11, 12, and 13, and are not an Indian. In other words, you are a nondeclarant alien if you are a citizen or subject of some other country than the United States and have not declared before a naturalization court your intention to become a citizen of the United States, that is, have not "taken out first papers."

How Aliens Reply.

QUESTION 15—If not a citizen of the United States, of what nation are you a citizen or subject? This need be answered only by declarant and nondeclarant aliens. If you are an alien of either class, state the name of your country, which the registrar will write in this space. For example: "Great Britain," "France," "Italy." State also the name of the subdivision of your country in which you were ordinarily resident before proceeding to the United States, which will be written by the registrar in parenthesis after the name of the country, as "Great Britain [Scotland]." In the case of Czecho-Slovaks, German or Austrian Poles, Austrians, Lorrainers, and persons of like status, the registrant may answer "Czecho-Slovak, claimed as subject of Austria-Hungary," "Pole, claimed as subject of Germany or Austria-Hungary," "Alsatian, claimed as subject of Germany," etc., and such entry shall be made by the registrar.

What Is Your Work?

QUESTION 16—Present occupation. This means your present occupation, trade or employment, which the registrar will enter in this space. Do not state what you once did, nor what you have done most of the time nor what you are best fitted to do. Simply state what your job is right now.

QUESTION 17—Employer's name? If you are working for firm, corporation or association, state its name. If in business, trade, profession or employment for yourself, so state. If you are an officer of the state or federal government, say whether your office is under the United States, the state, county or a municipality.

QUESTION 18—Place of employment or business? This means where you work.

Name Closest Relative.

QUESTION 19—Name of nearest relative? If you are married and your wife is living her name should be stated. If you are single or your wife is dead you should state the name of your nearest blood relative. If you are not married and have no blood relative, the name of a close friend should be stated.

QUESTION 20—Address of nearest relative? In stating the address give the number and name of the street first, then the city or town, then the county and state; or R. F. D. number first, then postoffice, then county and state.

The registrar will ask the registrant if he receives his mail at a place other than that designated as his present permanent home address in answer to question 2. If he answers that he receives it at some other place [that is, by general delivery, at a post office box, in care of some other person, at some other address, etc.], the registrant shall state such place in full, which shall be entered by the registrar under the registrant's signature.

The registrant's signature or mark is placed by him at the bottom of the card in a blank space opposite the statement: "I affirm that I have verified above answers and that they are true."

PATRIOTIC AUTO OWNERS WILL BE AT HOME SUNDAY

Pershing Needs Gas, So U. S. Asks All to Halt Pleasure Jaunts.

(Continued from first page.)

ons, and conveyances used for funerals.

"4. Railway equipment using gasoline.

"5. Repair outfits employed by telephone and public service companies.

"6. Motor vehicles on errands of necessity in rural communities where transportation by steam or electricity is not available.

"In addition to the above, appeal is made to the patriotic men and women of America, east of the Mississippi river, to undertake voluntarily additional conservation in the operating of their own automobiles, wherever possible.

"The United States fuel administration believes that all consumers of gasoline will observe the spirit of this request. In that event no mandatory order governing the use of gasoline will be necessary."

Nonautoists Grin.

News of the fuel administration's request was received in Chicago with mingled feelings.

The man who doesn't own any of the three tabobed vehicles grinned the biggest grin he has grinned in some time. The motorist, land or water variety, heaved a sigh of dismal resignation, and patriotically prepared to observe the request. The man who owns a horse said he guessed he could struggle along.

The report that taxicabs and other automobiles used for hire are included in the class of vehicles against which the Sunday prohibition applies came as a shock to the taxicab companies, but they declared their willingness to comply.

The motor bus company is in doubt whether it comes under the rule.

Request Will be Obeyed.

Speaking for the motorists of the city, Charles M. Hayes, president of the Chicago Motor club, declared all would stop the Sunday pleasure rides as requested, but expressed the hope that the ban would soon be lifted.

"When Washington requests, that is our command," said Mr. Hayes, "but I hope the necessity of keeping this order in force will not last for any length of time. The Sunday outing in his automobile has become indispensable to many a busy business man. It is the only day he has to be out with his family."

WHAT AUTOLESS SUNDAYS WILL SAVE IN CHICAGO

HOW much gasoline will be saved in Chicago and Cook county by the fuel administration's appeal to auto owners not to use pleasure cars on Sundays? Aside from its effect on Sunday motorings, what other effects will it have? A motor shark last night figured it this way:

Every fair weather Sunday the order is in force there will be approximately 333,000 gallons saved in Chicago and Cook county.

"There are approximately 150,000 automobile licenses issued to this county," the motor shark explained. "Of these about 125,000 are passenger cars. On a good Sunday at least 100,000 will be in use and each of these will average fifty miles, which gives a total mileage of 5,000,000 miles. An average consumption of gas will be fifteen miles to the gallon."

The same commentator continues:

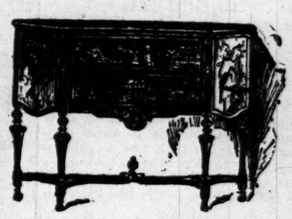

"Roadhouses—good night! They depend in great part on the Sunday trade. They will just about have to close up if the order lasts very long. Myriads of chickens will be rescued from the roadhouse 'chicken dinner.'

"Local golf courses to which there is access by other means of transportation than automobiles will be jammed from the first tee to the eighteenth hole."

Colby's Offer—
for Three & One-Half Days Furniture at One-Half Price

DURING August, or until Saturday noon, a collection of fine furniture—odd pieces and samples, including a number of very fine models and matched bed room sets—at

Just One-Half Price

Chinese Lacquer—Cabinet—antique Red with raised lacquer work—suitable for living room or hall. Reduced to $97.50; with black and gold marble top, $112.50.

AUTO WORK WAR BLOCK, WARNING

Retaining chauffeurs while trained machinists are needed in government plants, and buying automobile parts when every factory ought to be running full time on war work, tend to delay the defeat of Germany, according to a telegram sent yesterday to the publicity department of the State Council of Defense by Nathan M. Smyth, assistant director general of the United States employment service.

As rapidly as possible, Mr. Smyth announced, men are to be taken away from the nonessential industries and put to work on war orders, but it is not the intention to force any factory to shut down abruptly.

"Every owner of an automobile should realize that every time he spends $5 for automobile accessories, supplies or repairs he is in effect determining whether the working energies of the country shall be devoted to winning the war or to his own personal uses," Mr. Smyth wired.

INDIANA BOY DIES IN ACTION.

Michigan City, Ind., Aug. 27.—[Special.]—Leslie Thomas, aged 18, was killed in France July 6, according to word received by his father. He was the youngest volunteer leaving here with company G a year ago.

September Draft Calls 2,500 More from Illinois

Washington, D. C., Aug. 27.—[Special.]—Illinois is called upon to furnish 2,500 more men by drafting during September in a call issued by Provost Marshal General Crowder today. This is supplemental to the call for 5,000 from Illinois issued last week by Gen. Crowder.

That skin trouble may become serious

Resinol

heals sick skins quickly

Don't wait for time to heal that eruption. "Oh, it will get well anyhow!" you say? Perhaps it will, and perhaps it won't. Maybe it will get *worse* instead. And think of the discomfort and embarrassment it causes you even now.

Isn't it better to get rid of the trouble by using Resinol Ointment and Resinol Soap? Doctors prescribe the Resinol skin-treatment constantly, so you need not hesitate to use it. *Resinol usually stops itching instantly.*

Resinol Ointment is so nearly flesh-colored that it can be used on exposed surfaces without attracting undue attention. Contains nothing that could irritate the tenderest skin. All druggists sell Resinol Ointment and Resinol Soap. You'd better try them!

Careful, Reliable MAN

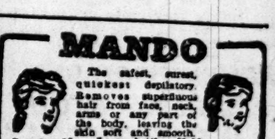

to take charge of shipping and stock in small textile mill. Good opportunity for right man. Replies must state details in full. First class references required.

ONE OF MOTHER'S 4 SERVICE STARS TURNS TO SILVER

Other Chicagoans, Killed and Wounded, Are on List.

Chicago casualties yesterday were:

OFFICIAL.	
Killed in action	7
Died of wounds	3
Died of disease	2
Wounded severely	3
Wounded, degree undetermined	2
Missing in action	3
UNOFFICIAL.	
Wounded severely	2
Wounded slightly	2
CANADIAN.	
Wounded	2
Total	26

One of the four service stars in the window at 2741 Osgood street, where lives Mrs. Henry Keating, a widow, is for Private Walter R. Keating, Company B, Sixty-first infantry. Yesterday she notified THE TRIBUNE she had received a war department telegram informing her he had been wounded severely and invalided home. He is now in New York en route to Chicago.

Walter is her eldest son, 31 years old. The three other stars are for three other sons—Peter J. Keating, Battery F, One Hundred and Twenty-second field artillery; Thomas M. Keating, Company F, Eighteenth infantry, both in France, and Harvey J. Keating, formerly of the Fifteenth cavalry and now in the United States army recruiting service. Mrs. Keating's husband fought in the Spanish-American war.

Gassed and Wounded.

Three other casualties to be reported to THE TRIBUNE by relatives yesterday were Sergt. William E. Fanslow Jr., wounded severely; Private Timothy Gordon, wounded slightly, and Private Michael J. McCormack, gassed and wounded.

Sergt. Fanslow is a member of Company M, One Hundred and Thirty-second infantry, the Chicago regiment commanded by Col. Abel Davis. He was formerly an employé of Marshall Field & Co., wholesale. His home is at 3251 South Irving avenue.

Private Gordon is a member of Company F, Eighteenth infantry. He was wounded in action July 27. He joined the service last September and has been in France since February. His home is at 4019 Lexington street.

Germans "Not Soldiers."

Private McCormack is with Company F, One Hundred and Sixty-fifth infantry. His mother, Mrs. E. M. McCormack, lives at 9003 Burley avenue, South Chicago. In a letter just received from him he writes of the German soldiers that "they are not soldiers. They are the worst cowards I have ever met as men defending a nation. I pity them; their day is near at hand." Private McCormack enlisted with the regular army at the time of the Mexican trouble in 1916.

The name of Corporal Jerry J. Kucera, killed in action, headed the official casualty list issued last night. His correct name is Jerome E. Kucera, and his parents live at 1152 West Sixty-first street. A picture and biography were published in THE TRIBUNE of Friday, Aug. 23.

Sergt. John Blasyk, killed in action, came of fighting stock. His father served France in the Franco-Prussian war of 1870. Sergt. Blasyk enlisted in the United States regular army five years ago, while living at the home of his stepmother, Mrs. Mary Bojanowski of 1828 West Twenty-first street.

Private Max Doris, killed in action, was a brother of Mrs. M[illegible], 1501 Greenleaf street, Evanston.

One of Three Sons Killed.

Private George Sedlock, killed in action, was a member of company G, Eighteenth infantry. He was a son of Mr. and Mrs. Joseph F. Sedlock of 1422 South Kostner avenue. They have two other sons in the service. Private Joseph Henry Sedlock, Battery A, Eightieth field artillery, and Private Henry Joseph Sedlock, supply company, One Hundred and Seventeenth field artillery.

Relatives of two other men named in the late casualty list, Private Leo Kahn, 514 North Troy street, died of wounds, and Sergt. Ivan McCutcheon, died of disease, had previously notified THE TRIBUNE and pictures and biographies were published in the issue of Friday, Aug. 23.

7 ENLISTED MEN FROM CHICAGO AWARDED STRAPS

Washington, D. C., Aug. 27.—[Special.]—Seven Chicago enlisted men, graduates of the signal corps training school at Camp Morse, were commissioned second lieutenants today. They are:

Rudolph J. Ayers, 10700 Prospect avenue.

Walter P. Carroll, 626 West Eighteenth street.

Warren K. Hathaway, 1504 Cullom avenue.

Fred H. Larrabee, 401 North Kenilworth avenue.

Charles T. Pulham, 6317 South Winchester avenue.

Edward A. Sampson, 6436 Minerva avenue.

John P. Walsh, 5715 South Green street.

Other Chicagoans commissioned were:

Captain, engineers—Robert M. Knox, Blue Island.

First lieutenant, ordnance—Clifford Bleyer, Union League club.

Captain, quartermaster corps—John H. Rowan, 845 Sunnyside avenue.

First lieutenant, quartermaster corps—Charles H. Stevens.

Second lieutenant, quartermaster corps—Clifford C. Cole, 3218 South Western avenue.

Second lieutenants, air service (areonautics)—Frank L. Carter, 2311 West Adams street; Charles H. Jackman; Francis B. Wilson, 156 North Oak Park avenue, Oak Park.

Second lieutenant signal corps—Leroy Church, West Chicago, who graduated from signal corps radio schools at College Park, Md.

BIGGEST FLAG IN WORLD IS TO FLY FROM CITY HALL

The biggest flag in the world will be unfurled from the roof of the city hall on Labor day when 250,000 organized workers are expected to march through the downtown streets of Chicago by way of demonstrating labor's help in winning the war.

As the head of the parade draws abreast of the city hall on the La Salle street side Grand Marshal Simon O'Donnell will step from the line of march and release the flag. Simultaneously the Great Lakes naval band will face the flag and play "The Star Spangled Banner," while the flag unfurls and covers a great portion of the building.

The flag is 160 feet long and 80 feet wide and embraces more than 12,000 feet of bunting. Nearly a mile of yard wide bunting and 250 miles of thread were used in making it, the combined material weighing 750 pounds.

PREVIOUSLY REPORTED KILLED IN ACTION—NOW ON DUTY.

SERGEANT.

John E. Kirrellon, Canton, O.

Ottawa, Ont., Aug. 27.—Today's casualty list of the Canadian army contained the names of the following men from the middle west:

V. B. Pugh, Indianapolis, Ind., killed in action.

B. R. Saunders, Detroit, Mich., died.

F. Parker, Wilmot, Mich., gassed.

W. Walker, Chicago, sick.

E. F. Leeper, Indianapolis, Ind., wounded.

BAKER NAMES AIR MINISTER; BLOCKS SENATE

Makes Ryan Assistant Secretary; Crowell Is Munitions Chief.

Washington, D. C., Aug. 27.—[Special.]—Secretary of War Baker, with approval from the president, sought today to meet demands of the senate military affairs committee for the establishment of a government department of aeronautics by appointing John D. Ryan as second assistant secretary of war and designating him "director of the air service."

Mr. Ryan, who is now director of aircraft production, will have control over the bureau of aircraft production and the bureau of military aeronautics and a new head of the bureau of aircraft production will be selected.

It was announced by Secretary Baker that Mr. Ryan will have full power "completely to coördinate" aircraft activities of the government "and to develop and carry out the air program," which the recent report of the senate military committee revealed to be in a chaotic state.

Disappoints Senators.

Among the membership of the senate military committee, which spent so many months digging into failures in aircraft production and the reasons therefore, the administration's plan for righting existing wrongs and insuring immediate improvement in this desperately important sphere of war activity, was received with disappointment. They look upon the action of the president and secretary as a halfway measure in a great emergency.

It was the unanimous recommendation of the military subcommittee that a department of aeronautics or aircraft be established and that the head of this department should be a member of the cabinet.

Mr. Ryan will succeed Edward R. Stettinius as assistant of secretary of war, and Mr. Stettinius, who is now in France, will remain there as the representative of the war department.

Secretary Baker also announced that Benedict Crowell, first assistant secretary of war, "is specially intrusted with the responsibility for the munitions program, and as director of munitions is given the necessary power to see that the munitions required for our military operations are procured."

Score Suppression of Air Report.

Senators gave expression today to indignation against action of the administration in placing an embargo on sending abroad of newspapers containing the reports or parts of the report of the aircraft investigation subcommittee of the senate military affairs committee.

After voicing sharp criticism of the action, Senator Weeks of Massachusetts made a motion to instruct the senate printing committee to investigate whether the ban applied to the Congressional Record, which carried the report in full. The motion will be discussed tomorrow.

Senator Lodge said:

"The only people in the world today interested in the subject and who do not know about our aircraft business are the American people. It is perfectly well known to our allies and our enemies what the condition is, and the effect of this order would be to prevent the publication of anything relating to that aircraft investigation."

Refreshing -- Not Pasty

Kolynos has been occupying a great deal of attention as a Soldier's Dental Cream. It has had a most dramatic success in the World War. Many letters from American and British soldiers have testified to its grateful quality of refreshing the mouth and throat, in the thick of dusty marches and the smoke of battle.

This carries us back to that first phrase, "How Clean My Mouth Feels," which became proverbial with the first civilian users of Kolynos a decade ago and is still heard on all sides.

Your mouth has that wonderful feeling of refreshed cleanliness, because Kolynos actually cleans the whole mouth. A prominent newspaper man recently said: "Kolynos is the only dental cream I ever used that did not leave a pasty taste in my mouth. When I use Kolynos in the morning, my mouth has that same refreshed feeling that my body has when I come out of the bath."

The Kolynos Company

Specials in Furniture—

This is the last week of the Twice-Yearly Sale of Furniture, so these special prices, like all the other price advantages in this sale, should be taken advantage of immediately.

Fiber Reed Rockers
Special, $10.75 Each

These rockers are of best quality fiber reed, finished in a soft natural shade of brown.

They have spring seats and the comfortable thick tufted cushion and back are covered with tapestry of a splendid quality. Pictured above. $10.75 each.

Fiber Reed Rockers
Special, $5.50 Each

There are just 200 of these rockers in the style pictured. They are roomy and comfortable, have broad, restful arms, specially suitable for sun parlor or porch.

Finished in a soft natural shade of brown, $5.50 each.

Ladder Back Chairs
Special, $3.95 Each

Ladder back chairs as illustrated are especially desirable for the living room, sun parlor and porch.

There are only 50 of these chairs of maple, finished in mahogany and with double reed seats, $3.95 each.

Sixth Floor, North.

WORLD SERIES INFORMATION

"Our Country! In her intercourse with foreign nations may she always be in the right; but our country, right or wrong."
—Stephen Decatur.

TO KEEP WAR WORK GOING.

No government in Europe could have stood up under such an exposure of failure in a capital war necessity as the senate aircraft report just made. There would have been an explosion which would have blown forty leaders out of sight. The contrast in America is significant.

The chief reason why the American people are not raging over the aircraft production failure is that our people do not realize the importance of the airplane. We talk a great deal about it, but we do not realize it. As the war continues details of war technique will come more vividly within our interest. Slowly we shall begin to understand that failure in equipment does not mean merely inconvenience but unnecessary loss of life, the life of a son, a husband, a brother, a friend. Then we shall be more in the mood of the British when they found out that shrapnel was being sent to their men while high explosive was necessary. To a large part of our people that would be a vague technicality. The opponents of preparedness who now declare we were prepared after all because our boys are fighting heroically would think nothing of such a mistake. And today unquestionably there are hundreds of thousands, even millions, who have no idea it is a matter of life and death to our men in France that they should have airplanes over them and big guns to help protect them from destruction.

We are not yet awake to what war means. It seems that we are in a daze. The waste of $640,000,000, nearly six times the whole annual amount we spent upon our army before the war began, has left us cold. Even the political captains and gladiators are not especially interested.

There is good in this peculiarly American attitude, but also a good deal of danger. We are fixed on a purpose and inclined to ignore all the details. We are not counting the cost, though we shall do some squealing later on. But, while there is a great strength in this simplicity of purpose, we shall pay a heavy price for it unless we can continue to read as we run, to think as we act.

If we condone this aircraft failure we shall pay for it in the slackness and irresponsibility of other necessary war work. We ought to be sufficiently humiliated by the discrepancy between our promise and performance, our resources and accomplishment, to make it grimly certain that inexcusable delays shall not go unpunished and that the responsible authorities, even when their intentions have been unquestioned, shall be brought to book and, if expedient, forced out of office.

The aircraft production failures were contributed by various causes. Faulty judgment has been cured, perhaps, by changes of personnel. Some important corrections in organization and method are reported. But back of all the fiasco we have seen the same weakness we saw last fall when the failures in ordnance production began to transpire, when the transportation situation was reaching a crisis, when the coal crisis suddenly paralyzed half the country. That weakness is a refusal of the president and the secretary of war, though both were burdened with staggering problems of policy and administration, to create or accept any means proposed to relieve them and give them an agency of general planning. The war council idea was angrily spurned by Mr. Wilson at the very moment when his failure to plan ahead or of anyone in his name to plan ahead, to coördinate, establish priorities, to follow watchfully the working of the enormous new machinery of the government was tragically demonstrated. Since then many changes have been made in this department and that. Here a branch of war work seems to be working more efficiently. There a branch which has not delivered is beginning to bring results. But sixteen months of confusion and waste in aircraft production passed under the noses of Mr. Baker and Mr. Wilson, and other failures not yet disclosed may go as long without discovery. Mr. Baker indeed has held to his incurable optimism in this matter as he did last summer and fall in ordnance and supply. He is working hard and his temperament is sanguine and hostile to criticism. There is no promise that out of such a situation we shall not have delays throughout the year which will cost thousands of lives and which might have been avoided by an agency of coördination to assist the president and Mr. Baker to keep all the machinery effectively functioning all the time.

Our exemption respecting the aircraft production report is to dismiss it as a record of past mistakes. It is much more. It is a warning for the future. Will the president or Mr. Baker accept it as such? The duty of constant watchfulness and courageous criticism remains and no Republican or Democrat has a right to shirk that duty. Republican restraint has been one of the most remarkable facts in our political history. But it can be carried too far. Our first duty is to the men who are risking their lives for the nation and the nation's cause. It is our first duty to make certain that they are given unfailing support in every detail.

WHAT MAY BE COMING TO US.

The defeat of Senator Vardaman in Mississippi is attributed to President Wilson, in part at least, and probably in large part. The president told the voters of Mississippi that he would be obliged to accept the reelection of Vardaman as a condemnation of the administration. The administration's habit of confusing public opinion as to national loyalty and political support has never been reconciled with the administration's declaration that politics is adjourned. It is a habit which causes some dismay. But it is a habit.

Politics will be adjourned—to Illinois—if William Hale Thompson gets the Republican nomination for the United States senate in this state and we shall be obliged to confess that the president will have more than partisan qualifications in his protest against the election of such a wavering supporter of war policies as the mayor of Chicago.

It is possible to imagine the vigor with which the government will oppose the election of Mr. Thompson. The loyalty issue cannot be raised in the state except by the nomination of Mr. Thompson. Then it cannot be avoided. Thompson's pro-war enthusiasms have been those of a slug. His political activities are the activities of a cuttlefish.

The president will open a new bottle of ink if the necessity of addressing the voters of Illinois on the issue of loyalty is thus presented.

ROOSEVELT ON THOMPSON.

"Mayor Thompson's speeches and actions as mayor of Chicago since we broke off relations and then went to war with Germany," says Theodore Roosevelt, "have been such that his election to the senate would be a calamity from the standpoint of Americanism and patriotism while this country is engaged in a foreign war and would be misinterpreted both at home and abroad and would give satisfaction to Germany and satisfaction to the pro-German element here."

This is not only a view of Illinois politics from a hillside. It is the view of a man who knows what patriotism and self-sacrifice mean and it is the view which all Americans, enthusiastic in their determination to win the war, must have of our state situation.

Mayor Thompson's war record is one of querulous dissent and cautious protest. He has not had the courage and he has not had the brains of La Follette. It may be our gain, here in Illinois, that he has not had. La Follette's courage and brains, his mad obstinacy and sodden recalcitrancy, have made him more conspicuously a national figure than Big Bill could hope to be at this time.

But Big Bill will gain conspicuousness if he is nominated by the Republicans of Illinois for the United States senate. The earnest and intelligent people of the nation could not see this thing—this possible election of Thompson—about to happen without shivers of apprehension and without feeling exactly as Col. Roosevelt has expressed his feelings.

No American who has a real sympathy with the personal fate of the men under arms in France, with the stake of the nation which has committed itself to war, with the future of the American people, could feel differently.

We know that Illinois is not the state which could elect Thompson. We are so confident of that as to know that if the Republicans of Illinois should nominate him he would be defeated.

The center of impact of loyalist activity would be placed upon him if he were nominated and he would be defeated by any Democrat who might run against him, even by the mischievous James Hamilton Lewis, who is ornamental but not useful as a contribution of Illinois to the United States senate.

Even Mr. Lewis would be a negligible sin if the alternative for this state were this mischievous scatter brain of William Hale Thompson.

Illinois has a loyalist record. It cannot be sullied by such a dubious entry as that which would be written by the election of William Hale Thompson to the United States senate.

Mr. Thompson as an American patriot merits no intense American's approbation. As a candidate for important office he is worthy of every real American's fear. He cannot—we hope and trust he cannot—be elected. Why then should the Republicans of Illinois offer such evidence of their own faltering as would be offered by the nomination of this man?

WAR TAXES AND THE NEXT LOAN.

There are indications that congress may postpone the passage of the new revenue law till after the elections, and it is of course clear that many candidates would prefer not to vote on a measure of this kind during the heat of their campaigns. But in the meantime, on Sept. 28 to be exact, the campaign for the Fourth Liberty loan is to be opened, and if at that time the revenue law is still in a state of uncertainty the success of the loan may be seriously jeopardized.

This consideration need not be construed as an argument for hasty or precipitate legislation. On the contrary the public looks to congress to examine the bill carefully, and within reasonable limits there should be an opportunity for full debate and discussion. The proceedings in the house ways and means committee have thus far been conducted behind closed doors, and our information as to the progress of the bill has been obtained at second hand. For this reason alone the merits of the various proposals should be subjected to the test of public debate.

If congress follows the dilatory tactics that have sometimes characterized its proceedings we cannot expect it will get the revenue bill out of the way within the month that remains before the loan is placed on the market. But a reasonable degree of expedition on the part of the house and senate ought to suffice to whip the bill into something like its final form before that time.

The advantages of removing the uncertainty as to the ultimate character of the law are obvious. As long as the legislation remains in flux there is always the possibility that the entire scheme of the bill may be changed or that some measure of outright confiscation may be incorporated. It is literally true that thousands of business men stand the chance of having their business wiped out or seriously threatened by the exigencies of tax legislation. In these circumstances they are not disposed to undertake new obligations until the revenue measure is settled one way or another.

Editorial of the Day

TELEGRAPH AND TELEPHONE.

[From the Saturday Evening Post.]

Nearly four years ago Postmaster General Burleson submitted to congress a report recommending government ownership of telegraph and telephone systems. This report contained the following paragraph, which its authors apparently regarded as an important point:

"The United States alone of the leading nations has left to private enterprise the ownership and operation of the telegraph and telephone facilities."

The natural implication would be that the United States was behind other important nations. But, in fact, the United States at that time had developed under private ownership and operation a system of electrical communication as great as those of all Europe combined. Its system not only carried a far greater number of messages than were transmitted by electrical means in any other country, but its charges to the public for this service were not out of line with the charges in other countries, when all the factors in the case were fairly weighed—such as higher wages here and the big annual deficit of the British postoffice telegraph, whose message rates were often compared with ours.

Other countries had public ownership. The United States had private ownership. In the extent and serviceableness of its system the United States was far in the lead. Rather naturally congress concluded that the plan on which the United States had beaten the world was not a bad one to stick to. Means of electrical communication in the United States are still privately owned. The recent act of congress which put them under government operation was a snap judgment taken under the exigencies of war. Good faith requires the government to manage them without prejudice to the plan of private ownership and operation—to which they should be restored the moment war ends.

Y. M. C. A. IN LIVERPOOL LIKE OASIS IN DESERT

BY OSCAR E. HEWITT.

LONDON, Aug. 17.—[Correspondence.]—An Australian, fresh from a hospital, an Englishman who had been wounded three times, and I hadn't had any food since noon. It was then 9:30 in the evening. The train stopped and we ran out for a cup of tea and a sandwich. Before we emerged from the lunch room the train was on its way with our kits, sacks and coats. The next train came after midnight and we landed in Liverpool at 1:30 in the morning. The lost property office was closed, but after half an hour's search we found our belongings dumped on a station truck.

The Australian was bound for the home of a friend eleven miles away. The cars were not running, not a cab was in sight and the Australian had 13 shillings. The Tommy was scheduled for a camp out in the country and he had 2 shillings. They decided they wouldn't go to bed until they had more to eat. All the restaurants were closed. Hotels had quit service four hours ago but they would have something to eat.

We walked, then back-tracked and found Lord street. There we found the Dewey rooms of the American Y. M. C. A.—the only spot in Liverpool where food was available at that hour. After we convinced the woman in charge that we were travelers we got a meal for 32 cents that surpassed one supplied by several London hotels for more than $1.00. A bed and bath with soap and towel was obtained for 18 cents.

The next day at lunch this place served for 20 cents the rare dish of beefsteak, which is just as palatable as those served in Chicago. The prices of some of the dishes were:

Baked fish	20 cents	Cold ham	16 cents
Baked beans	12 cents	Eggs, each	10 cents
Bread pudding	4 cents	Milk pudding	8 cents
Custard	8 cents	Sardines	10 cents
Potatoes	4 cents	Meat pie	6 cents
Marmalade	3 cents	Bread and butter	3 cents
Lemonade	7 cents	Horlick's milk	5 cents
Coffee	2 cents	Tea	2 cents

One woman who spends all of her time at the rooms said she cooks on an average of 1,200 eggs a day.

Emerging from the rooms after lunch, a funeral was passing, with a Y. M. C. A. man apparently in charge.

"One of our men," explained E. B. Pratt, head secretary for Liverpool. "That's a case where a man sacrificed his life to honor American soldiers and has just escaped the potter's field.

"There are forty-seven American soldiers buried here, and on Decoration day we planned fitting ceremonies. The American consul was there. Two other striking figures were American G. A. R. men, barely able to walk. They insisted on helping to cover every grave with flowers. One of them, Thomas Battersby, caught cold, and that is his funeral. His aged wife had only enough to get him a burial in a potter's lot, but the Red Cross and the Y. M. C. A. heard of it just in time."

A short time later, in an inspection tour of the activities of the "Y," a Red Triangle man was emerging from a hospital. He was called over and asked what he had done in the last two days.

"The man you saw in charge of the funeral and myself visit all of the hospitals," he explained. "We find out what American soldiers are in the hospitals, and then go and see them.

"In this hospital is a boy who will not recover, according to the surgeon. He is too sick to write, and I am going to send a letter to his mother. I will explain that he is on service where he cannot communicate with her.

"For this man," pointing to a name on his book, "I am going to write a letter to his sweetheart. They have had a falling out. For this man I bought some fruit. Since I have been here I have spent $200 of my own money buying things for sick soldiers. They could get along without those little things, but they are entitled to any little possible pleasure.

"I'm broke now, but I've written a friend at home who, I know, will be glad to send me $100 to spend where it will do some good. For this boy I hope to get his back pay, and this fellow wants a night shirt and some talcum powder. This fellow is anxious for American cigarets, and so on."

On Parker street Mr. Pratt is remodeling a seven story building for an American officers' inn. It will accommodate about seventy with cubicles and beds. The annual rental is $7,500 a year. Its roof garden overlooks the Clayton Square flower market. It will be a combination club and hotel.

Another building has been rented for $6,000 a year, which is also being remodeled. This has been named Lincoln lodge, and will supply beds for 300 soldiers at cost.

Four miles from the center of the town the "Y" has rented the beautiful Reynolds hall, which will supply a resting place for forty officers. The grotto alone of this home is a show place, and many an American officer will ride by a gatekeeper's lodge and a bowling green for the first time when he goes to this retreat. About $25,000 is being spent in renovating.

HOW TO PRONOUNCE 'EM

BELOW are given names of French towns, rivers and sections, some of which have already been passed in the allied offensive now under way, and others of which lie in the immediate forefront of the battle lines. In indicating pronunciation it must be remembered that it is not always possible to supply an exact English equivalent for a Latin sound, but every effort has been made to bring the sound as near the French as possible. Where a consonant or syllable is shown in parenthesis the inclosed sound should be dwelt upon but very lightly giving the merest indication of its presence in pronouncing the word.

Name.	Pronunciation.	Name.	Pronunciation.
Aisne	Ain	Nesle	Nall
Anizy	An-easy	Neuilly	New-yee
Bailleul	Ban-yul	Noyon	Nwa-yon(g)'
Bapaume	Bah-pome	Oise	Wahz
Braisne	Brain	Ourcq	Oork
Bullecourt	Boolcoor	Peronne	Pay-rone'
Cambrai	Com-bray	Pion	Pee'-on(g)
Chauny	Sho-nee	Pont Arcy	Pon(g)-arsee'
Chateau Thierry	Shato-tee-ery	Reims	Ranse
Chemin des Dames	Shman-day-dahm	Roisel	Rwah-zell'
Coucy	Coosee	Roye	Rwah
Croiselles	Crwa-sell	Soissons	Swa-son(g)'
Fampoux	Fam-pe	Somme	Somm
Fismes	Feem	St. Gobain	San-Go-ban'
Fresnes	Frayn	St. Leger	San-Leh-zhay
Fresnoy	Fray-swah	St. Mihiel	San-Me-el
Guiscard	Gis-car (hard G)	St. Quentin	San-Kan-tan(n)
Ham	(h)an(g)	St. Simon	San-see-mon(g)'
Juvigny	Zhu-vin-yee	Thilloy	Till-wa
La Fere	La-fair	Toul	Tool
Laon	La-on(g)	Vailly	Vah-yee

A SLAM.

Mrs. Noel—My husband has had dyspepsia dreadfully lately.

Mrs. Nock—I am so sorry, but I had no idea you were without a cook.

UP TO DATE.

"Have you been accepted by Miss Gwendolen?"

"I don't know; I haven't filled out her father's questionnaire yet."—Baltimore American.

How to Keep Well. By Dr. W. A. Evans.

Questions pertinent to hygiene, sanitation, and prevention of disease, of matters of general interest, will be answered in this column. Where space will not permit, or the subject is not suitable, letters will be personally answered, subject to proper limitations and where a stamped, addressed envelope is inclosed. Dr. Evans will not make diagnoses or prescribe for individual diseases. Requests for such service cannot be answered.

NEW FOODS.

ONE of the good effects of this war will be the broadening of our list of foods. It is possible that the list of good foods that are not used is longer than the list of those that are. In Samuel Johnson's time oats were not much used outside of Scotland. Now oatmeal for breakfast is standard throughout the world. Tomatoes and cranberries have only recently come into use. Potatoes and corn were not used as foods until after the discovery of America. Grapefruit as a fruit is of such recent introduction that a well known work on foods refers to it only under the name—shaddock.

Le Wall gives us a lot of information about new foods or new uses of old foods in a recent number of the American Journal of Pharmacy. Of these alfalfa is a good illustration. While this plant has long been used for feeding stock, not many people think of it as a human food. And yet from it an excellent soup can be made. It can be eaten as a salad and ground into meal; it makes a good addition to flour for making griddle cakes, cake, and bread. It contains nearly 4 per cent of fat, more than good milk. It contains nearly 17 per cent protein, which is two-thirds as much as steak. The carbohydrates figure about 36 per cent and the ash about 9 per cent. It contains the fat soluble substance necessary for growth, and we may yet see foods made from alfalfa taking the place of milk or at least forming a considerable part of the diet of babies.

Soy beans offer large possibilities as a food. They contain 17 per cent fat, 36 per cent proteid, and 14 per cent starch. Soy bean milk has been used for feeding children for a long time. Le Wall says that soy bean cheese and soy bean croquettes resembling meat croquettes are in use. According to the same author, soy bean is the basis of Worcestershire and other sauces. Among orientals soy bean foods are: Tashir, a bean natto and miso, also soy bean cheeses. Ordinary soy milk and Yuba or soy cream are in use. Shoyer is an oriental sauce in making which soy beans are used.

Cottonseed meal can be mixed with flour or meal to make bread and cakes. Not only will its use spare some of the wheat flour for other purposes but its high food value will raise the nutritional value of the breads into which it goes.

Dasheen is very similar to potatoes and it can be prepared and used in every way that potatoes can be used. Its food value is about 50 per cent higher than that of potatoes.

Among other new foods of considerable value now on the American market to at least some extent, according to Le Wall, are artichokes, avocado, Chinese cabbage, cactus, cardoon, celeriac, chayote, chard, chicory, eggplant, finjoa, figs, kale, kohlrabi, kumquats, lichi, loganberry, loquat, mang, paradise nut, papans poke, rose nips, sapodilla, and many salads, and greens not now used, among which I find pursiane.

NOT HARMFUL.

J. W. writes: "Living in one of the suburbs of Chicago we are supplied with water for domestic use which is heavily loaded with magnesia and lime.

"1. Do you recommend that it be distilled?

"2. What would be the cost per gallon if distilled over the gas range?

"3. Where can we find a satisfactory apparatus? I have inquired in vain at the large supply houses in the loop. The teakettle is not adapted for this use, on account of the large deposit of lime and the difficulty in cleaning out. The cost of distilled water delivered at the door (25 cents per gallon bottle) is prohibitive."

REPLY.

1. The water in your vicinity of Chicago is not hard enough to do harm to the health.

2. I cannot answer. It depends principally on the cost of gas.

3. There are any number of satisfactory stills on the market. Try a hardware store. Failing, go to a surgical instrument house. But you will find them without doubt. Whatever you use, scale will form. It is as easy to clean scale from a teakettle as it is from a still.

INDURATIVE HEADACHE.

Victoria writes: "Kindly let me know what is the cause of an acute pain at the base of the skull on the right side. The pain is almost continuous and extends down the neck and shoulder. At its worst the pains are very sharp, pounding, and cutting, and jerking. When in a lying down position the pain increases."

REPLY.

It is altogether probable that you have what is known as an indurative headache. If so, salicylates will give some temporary relief. The cause of indurative headaches is generally absorption of bacteria from the nose, tonsils, or teeth.

VARICOSE VEINS.

J. H. L. writes: "What causes varicose veins? I have been told diet helps to cure them. I have them in my right limb below knee, and although not particularly noticeable the limb aches continually and tires easily."

REPLY.

Varicose veins are due to obstruction to the return of blood to the heart. Pregnancy is the most frequent cause. Tumors in the abdomen and chest are prominent causes. Dieting will not be of any service to you. An elastic stocking may be your only need. If the condition is troublesome enough and wearing a stocking does not give relief, operation is indicated.

BUTTERMILK.

M. J. T. writes: "Would drinking buttermilk with meals twice a day by a person with perfectly good health, about 40 years old, have a tendency to increase flesh?"

REPLY.

Yes, unless the quantity of other food was decreased proportionately.

4 U. S. OFFICERS, 7 PRIVATES, HONORED

Washington, D. C., Aug. 27.—Distinguished service crosses have been awarded to four officers, including Brig. Gen. B. B. Buck, and seven enlisted men of the American expeditionary forces in France by Gen. Pershing for acts of gallantry. The citations, included in a section of the American communique for Aug. 25, were announced tonight by the war department as follows:

Brig. Gen. B. B. Buck, commanding general, brigade—"Before and during the attack of Berzy le Sec, France, July 21, 1918, he displayed conspicuous gallantry and heroic leadership of his command. When most of the other officers of his brigade had fallen, Gen. Buck, with contempt of personal danger, in spite of heavy artillery bombardment and machine gun fire, traversed the front of his advancing forces, gave correct directions to his organization commanders and led the first wave of the culminating attack which stormed and captured the town."

Capt. Edward J. Meehan, infantry—"Early in the morning of July 17, 1918, near Monthureal, France, while in an advanced position in the fight, he was severely wounded, but refused to leave his command and continued to direct its operations until it was relieved the night of July 18, 1918."

Capt. William C. Williams, infantry—"Early in the fighting near Monthureal, France, July 15, 1918, he was wounded three times, but in spite of suffering and loss of blood he refused to leave his men until his battalion was relived three days later."

First Lieutenant Harry C. Barnes, infantry—"He showed good judgment, bravery, and determination in leading his patrol into the enemy's lines in the Bois Brule, near Saint Die, in the Vosges, on July 19, 1918. Although seriously wounded, he continued to direct his men and succeeded in driving off the enemy, at the same time wounding four of the German patrol with his own revolver."

THE FIGHTING SERGEANT.

Sergeant John U. E. Hoppe, infantry—"He displayed extraordinary heroism, presence of mind and physical endurance during an enemy raid against his small advance post near Gildwiller, in Alsace, on July 21, 1918. Although seriously wounded from grenades, he and one private from his company counter-attacked a greatly superior enemy, personally killing at least one of them with his rifle, preventing any entry by the enemy into his post, and finally reëntering our lines after having received a second severe wound."

Corporal John J. Lott, infantry—"Two different times near St. Agnan, France, July 16, 1918, he preceded his platoon into enemy wire under fire, cut a path for it, and returned and led it through the gaps thus made."

Private First Class Andy Youngbar, infantry—"During a raid against a post of his command near Gildwiller, France, July 31, 1918, he showed fine courage and endurance when attacked with hand grenades. Although seriously wounded, he joined in a counter attack against greatly superior numbers and continued to fight, even after receiving a second wound, until the enemy was repulsed."

Private Edward G. Fenwick (with French army): "On the morning of June 7, 1918, near Abeele, after having suffered severe injuries, with no thought of himself, walked some distance to camp and procured assistance for the three wounded soldiers whom he had removed from his car after it had been struck by a high explosive shell."

Private First Class George J. Shively, United States Ambulance service: "During the fighting near Soissons, France, July 21, 1918, drove his ambulance through shell fire and continued on after his car was badly shattered until he had delivered his patients to a dressing station, when he fainted from serious wounds in his left arm and both legs, existence of which he had denied when the ambulance was hit."

Private Anthony Dogestino, infantry—"He voluntarily went alone through strange territory under heavy bombardment near St. Agnan, France, July 15, 1918, obtained important information, and on his own initiative rescued two wounded French soldiers exposed to enemy fire."

Private Crossley Holroyd, infantry—"In action of July 16, 1918, near St. Agnan, France, he voluntarily left the shelter of his trench and went into machine gun and artillery fire three times to rescue wounded comrades one hundred yards away."

Brig. Gen. Buck, included among those cited, is the highest officer thus far to be awarded the distinguished service cross. Gen. Buck was appointed to the United States Military academy from Mississippi in 1880. At the outbreak of the war he was serving as lieutenant colonel in the Ninth infantry of the regular army.

CALLS BAD EGG KAISER'S ALLY

Plans for coördination of federal, state, and city food departments, so as to obtain greater coöperation, are being worked out at the convention of the association of American Dairy, Food, and Drug Officials, which opened yesterday in the Congress hotel. Efforts are to be made to adopt uniform methods of procedure and action, with reference to food problems.

Changes in the dairy industry, due to the war, are receiving attention from the delegates. Dr. W. A. Evans, who was one of the speakers yesterday, gave a historical review of legislation in Chicago regarding milk control.

Representatives of several of the allies of the United States are in attendance for the purpose of making clear the needs of the nations at war with Germany.

"A bad egg is the kaiser's ally," said Dr. John B. Newman, secretary of the association and superintendent of foods and dairies of the Illinois department of agriculture, who presented a lengthy report on egg production and waste, in which proportionate losses were shown of edible product due to deterioration and spoilage and losses resulting in handling of inferior product.

"Make every egg count," he said, "for we need every ounce of food produced in this country to help win the war, and eggs are the most important form of food. Don't let them spoil, for more good eggs at home make possible the sending of more red meat to the soldiers overseas who are fighting for our cause."

The FRIEND of the SOLDIER

The object of this department, to be run from time to time as required, is to help the families and relatives of men in the military and naval service.

It will answer questions about pay allotments, war risk insurance, government allowances, and disability compensation.

It will tell the facts about leases, installment, and other contracts made by soldiers and sailors.

The Friend of the Soldier will coöperate with the war risk insurance bureau of the treasury department, 1307 Stock Exchange building, Chicago, and with the committee of the Chicago Bar Association on Legal Assistance to Soldiers and Sailors, 105 West Monroe street.

Address inquiries to Friend of the Soldier, "Chicago Tribune." Answers to as many as possible will be published in this department. To insure a personal reply an addressed and stamped envelope should be inclosed.

CANNOT CLAIM EXEMPTION.

Chicago, Aug. 20.—[Friend of the Soldier.]—I have been a resident of the United States for ten years, but my wife and child reside with my parents in Italy. They all depend upon me for support. (1) Can I claim deferred classification on account of these dependents? (2) Can I be exempted by taking up work in an ammunition factory or some machine work? (3) How can I get deferred classification to support my dependents? JAS. C.

1 and 3. You cannot get deferred classification on claims for support of nonresidents. While the dependents are in Italy and you are here the board would not consider your claim. 2. No.

CONCERNING COMMISSION.

Mansfield, Ill., Aug. 21.—[Friend of the Soldier.]—Please give me the following information. 1. Will a drafted man be permitted to apply for a commission if he has had previous instruction? 2. If so, to whom must he apply, and how? 3. What are the requirements for an army chaplaincy? R. D. D.

1. Yes. 2. His commanding officer. 3. Write to adjutant general's office, Washington.

IN CASE OF DIVORCE.

Chicago, Aug. 7. [Friend of the Soldier.]—A., who is divorced from his wife, enlisted in the army. His wife was given custody of the children, but no alimony. On the eve of embarkation for France, he was compelled to make an allotment of $15 per month for the children. It was dated back to last November, and $10.50 additional will be deducted to square the debt against him. With $7.50 per month for insurance, he is left without a cent. The wife has married again a man financially able and glad to care for the children, and they did not ask for an allotment. Is there not some error? FAIR PLAY.

Every enlisted man is compelled to make an allotment to his children, but on the enlisted man's application, for good cause shown, exemption from the allotment may be granted. The policy of the government is to allow such a claim for exemption where the wife has remarried and the child is taken into the care and custody of herself and present husband. However, the soldier must first present his claim for exemption, which can be made on form 52, which will be furnished him by his commanding officer.

GUARDIANS.

Milwaukee, Wis., Aug. 21.—[Friend of the Soldier.]—My mother died when I was 3 years old and my father's sisters adopted me. There were no legal papers made out for my adoption. I am soon to enter service and should like to make these guardians my beneficiaries of insurance. Will it be possible to do so? What legal steps, if any, are necessary to do this? C. H. P.

It would be necessary for you to be legally adopted. A parent would then come within the permitted class of beneficiaries.

REGARDING AIR SERVICE.

Waverly, Ia., Aug. 19.—[Friend of the Soldier.]—We have a nephew 18 years old, who wants to get into the air service. [1] How can he get into that branch of the service. [2] Is a private allowed to wear a uniform made to order, of material of his own selection, so long as it is the proper color? MRS. J. D.

1. Write to director of military aeronautics, United States army, Washington. 2. No definite information is available. It is believed that tailor made uniforms are permissible.

LODGE PINS.

South Chicago, Aug. 22.—[Friend of the Soldier.]—Please advise me if emblem pins such as Masonic or Elks pin can be worn by officers in the service of the United States? M. A. F.

Not on a uniform.

NO ENLISTMENTS.

Green Bay, Wis., Aug. 21.—[Friend of the Soldier.]—How can I enlist in the British mercantile service? E. W.

At the present time they are not accepting enlistments for this branch.

BRISBANE ON MEDILL McCORMICK

The following editorial appeared in the Chicago Herald-Examiner yesterday under the name of Arthur Brisbane, the editor. The Herald-Examiner is a Democratic paper, supporting J. Hamilton Lewis for senator.

(What follows expresses the individual opinion of the writer, who has seen and studied Medill McCormick, as a hard worker, at Washington. This newspaper invites each of the two other Republican senatorial candidates to send in a statement for this page, written by any friend the candidate may select.—Editor Herald and Examiner.)

The Republican party in Illinois will select at the primaries next Tuesday its candidate for the United States senate.

The man chosen by the Republican party, presumably, will be Medill McCormick, now congressman at large from this state.

This, according to present indications, may safely be predicted, without overlooking the merits or efforts of other candidates.

It is suggested that Medill McCormick is no longer a Republican, because he once worked and voted with Roosevelt, outside of the Republican fold.

If McCormick isn't a Republican, Theodore Roosevelt isn't a Republican. It would hardly be suggested that the colonel is not entitled to figure in the Republican party. Wives count in these voting days. Mrs. McCormick is the daughter of Mark Hanna—a decided Republican, surely.

If a man ceases to be a good Republican, a good Democrat, or a good American because on a certain election day he votes in accordance with his principles, not on strict party lines, the country ought to know it.

If that is so, all Americans at birth should be politically registered, as Holsteins are registered—and voted automatically by the government, and election results made to depend upon the birth rate.

It is foolish to question Medill McCormick's Republicanism. It would be equally foolish to question his ability or energy.

He has served the state of Illinois as congressman at large faithfully and earnestly. It is not necessary to agree with his criticism of administration policies to realize that he has been an earnest, hard working, useful member of the United States congress.

He has interested himself in all the affairs of his state and of his constituents.

He has worked intelligently, earnestly, and with good results for the management of United States finances on a budget basis—in accordance with the habits of civilized nations generally.

In this budget work, for which chief credit should be given to Senator Kenyon of Iowa, Medill McCormick has done work most useful.

As to patriotism and loyalty, Medill McCormick is like the average American.

He would be shot for his country cheerfully, and just as cheerfully he would shoot anybody that he knew to be the enemy of his country.

He has gone more than once to Europe, close to the front lines and the bullets close enough to have been killed forty times, had fate so willed it.

McCormick is a candidate asking for the support of his fellow citizens on his own record.

He would thank no man for praise based on the record of any other man.

It may properly be said, however, as shedding light on the character of his family, that Medill McCormick's brother, Robert R. McCormick, publisher of THE CHICAGO TRIBUNE, has been in France fighting. And his first cousin, Joseph Medill Patterson, the editor of THE CHICAGO TRIBUNE, is also fighting.

Both of them have been in the hospital already, sent there by trench fever and German gas swallowed in the fighting line. At home they were up in front in the newspaper line. They have been up in front on the fighting line in France.

Illinois Republicans want a man who represents the state, who knows the state, and has an interest in the state.

Such a man certainly is McCormick. His property is here, he was born here, he lives here when he isn't in Washington. His farm is here, and the newspaper which belongs to his family is here.

His grandfather, Joseph Medill, who built up THE TRIBUNE, that his grandsons carry on well, was a national figure in making known the greatness of Chicago and Illinois. Nobody did more than he for the Republican party in this state.

But it is McCormick's own ability, his capacity for hard work, his intense interest in public affairs, his intimate acquaintance with the state, his high character and integrity that recommend him to the Republican voter at the primaries.

This writer believes that the Republicans will nominate him.

And Republican managers, not ALWAYS anxious to find the best man, will realize one thing. The job before them is to beat not only Senator Lewis but to beat the president of the United States in war time, which is considerable job.

It ought not to be possible, even with the most carefully chosen candidate.

This is certain: if the candidate is any other than Medill McCormick, the chances will be at least a thousand to one against the Republican.

That last thought ought to interest Republicans of the most practical kind.

This writer expects to see Medill McCormick nominated at the primaries and defeated on election day. For the state of Illinois has just one thing in mind—namely: that it is at war with Germany, and ought not to vote against the wishes of the commander in chief or against one who, like Senator Lewis of Illinois, has represented the president faithfully and loyally, never failing.

VOICE OF THE PEOPLE

As but limited space can be given letters in this department, writers must confine themselves to 200 or 300 words. Unless they give us their full names and addresses their letters will not be considered. No manuscript will be returned unless the writer sends postage for that purpose.

CONCERNING MR. FOSS.

Chicago, Aug. 26.—[Editor of The Tribune.]—Your editorial replying to Congressman Foss' attack upon Medill McCormick's Republicanism must meet with the hearty approval of all who have the interests of the Republican party at heart. Even Mr. Foss' friends must deplore his repeated attempts to tear open the old factional sore, which National Chairman Hays, ex-President Taft, and the other leaders of the party have been striving so hard to heal.

In challenging the Republicanism of Medill McCormick, Mr. Foss, by inference, condemns a majority of the Republicans of Illinois, and by so doing assumes a position which not only endangers Republican success in the November elections but which, if persevered in, will certainly array against him in the primaries many who might otherwise feel inclined to give him their support.

This is no time for petty political animosities. If the Republican party is to fulfill its mission it must bury its factional differences. To paraphrase the closing sentence of a manifesto recently issued by the French government, "The whole of the republic must stand together for the saving of the republic." It may truly be said the whole of the Republican party must stand together for the saving of the party.

E. H. WILLARD.

THOSE RAILROAD FARES.

Chicago, Aug. 26.—[Editor of The Tribune.]—Would it be possible to petition that the fare for the soldiers be lowered. Not only has it not been cut as promised, but they now pay taxes and all other additions. It seems terrible that these boys who expect to give their lives and who get only $1 a day must spend the larger part of what they have left from their salaries to pay their fare home just to stay for a day. J. MORRISON.

GOLF MATCHES RUN TRUE TO FORM IN WOMEN'S TOURNAMENT

FAVORITES WIN IN FIRST ROUND AT INDIAN HILL

Mrs. M. Jones of Glen Oak Turns In 89 Card for Low Score.

Pairings for Today

Miss Gaut vs. Miss Pearce.
Mrs. Colburn vs. Mrs. Gillette.
Miss Rosenthal vs. Miss Powers.
Miss Steele vs. Mrs. Byfield.
Miss Hadfield vs. Mrs Deemer.
Miss E. Klotz vs. Miss Ford.
Miss Dessenberg vs. Miss Lukens.
Miss Gardiner vs. Mrs. Jones.

BY JOE DAVIS.

Matches in the first round of the women's western golf championship at Indian Hill yesterday ran true to form, with one or two exceptions. The stronger players, as was expected, came through with ample margins, these being Mrs. Dave Gaut of Memphis, Miss Ernestine Pearce of Skokie, Miss Elaine Rosenthal of Ravisloe, Miss Florence Hadfield of Milwaukee, and Mrs. Melvin Jones of Glen Oak.

Interest centered in the outcome of the matches between Mrs. Gaut and Miss Dorothy Higbie of Midlothian and Miss Rosenthal and Mrs. Samuel Kunstadter of Idlewild.

Pace Too Strong for Miss Higbie.

Miss Higbie, who was quoted last year by Francis Ouimet as being the best young golfing prospect he had seen, has not played much this year. She was unable to hold the pace set by the Tennessee champion who went out in 44 and had a lead of two up at the turn. Although Miss Higbie won the tenth she lost the next four.

Miss Rosenthal and Mrs. Kunstadter met in the second round at Flossmoor last year, when the Ravisloe player took four of the last five holes and won, 5 and 4. Yesterday Miss Rosenthal reached the turn in 43, four strokes over men's par, and led 3 up. Play was closer coming home, Miss Rosenthal winning two of the six holes played, her opponent winning one.

Mrs. Jones Has Best Card.

Mrs. Melvin Jones, who is at the bottom of the lower bracket, played finely in her match with Mrs. J. A. Hall of South Shore, her card of 89 being the best of the day.

Weather conditions were a trifle better than on the preceding day, the wind having shifted in a southerly direction and not being as much of a handicap as in the medal round.

The feature match of the day was that in which Miss Elizabeth Klotz, the young Indian Hill player, scored an uphill victory over Mrs. J. E. Cameron, formerly Miss Winters Coldham of Toledo. Mrs. Cameron is now a resident of Lake Forest, but entered from the Inverness club of Toledo.

Good Recovery by Miss Klotz.

Miss Klotz seemed slated for the consolation flight when she reached the fifteenth tee, 3 down and 4 to play. She won the next four holes and finished 1 up, and so will be present at roll call this morning. The cards were:

Miss Klotz—
Out ......6 7 6 5 6 4 6 5 4—49
Mrs. Cameron—
Out ......7 7 6 4 7 5 5 6 3—50
Miss Klotz—
In ......7 * 6 4 6 6 6 3 6—
Mrs. Cameron—
In ......4 5 5 4 5 7 7 4 7—48—98

Cards in the Gaut-Higbee match:

Mrs. Gaut—
Out ......5 6 5 5 5 6 4 4 4—44
Miss Higbie—
Out ......6 6 7 5 5 5 6 5 3—48
Mrs. Gaut—In 7 5 5 3 5
Miss Higbie—In 6 6 6 4 6

Cards in the Rosenthal-Kunstadter match:

Miss Rosenthal—
Out ......6 6 4 5 5 4 5 4 4—43
Mrs. Kunstadter—
Out ......6 5 6 6 5 5 6 5 3—47
Miss Rosenthal—In 4 5 4 4 6 6
Mrs. Kunstadter—In 4 6 4 4 5 7

CHAMPIONSHIP FLIGHT.

Mrs. Dave Gaut, Memphis, defeated Miss Dorothy Higbie, Midlothian, 5 and 4.
Miss Ernestine Pearce, Skokie, defeated Mrs. H. R. Kasson, South Shore, 6 and 5.
Mrs. F. S. Colburn, Glen View, defeated Miss Edith Cummings, Onwentsia, 3 and 2.
Mrs. C. O. Gillette, Ridge, defeated Mrs. T. W. Torr, Olympia, 5 and 4.
Miss E. Rosenthal, Ravisloe, defeated Mrs. S. Kunstadter, Idlewild, 4 and 3.
Miss M. Powers, Glen Oak, defeated Miss L. Kitchell, Beverly, 1 up.
Miss Ruth Steele, Flossmoor, defeated Mrs. Mason Phelps, Onwentsia, 6 and 5.
Mrs. E. Byfield, Ravisloe, defeated Miss Lois Stumer, Ravisloe, 5 and 4.
Miss S. Hadfield, Milwaukee, defeated Mrs. E. E. Harwood, Windsor, 7 and 5.
Mrs. W. G. Deemer, Evanston, defeated Mrs. H. Foreman, Ravisloe, 1 up.
Miss E. Klotz, Indian Hill, defeated Mrs. J. E. Cameron, Toledo, 1 up.
Miss M. Ford, Flossmoor, defeated Mrs. B. J. Rosenthal, Ravisloe, 4 and 3.
Miss L. Dessenberg, Kalamazoo, defeated Miss R. Burnett, Elmhurst, 4 and 3.
Miss C. Lukens, Edgewater, defeated Mrs. H. O'Brien, Olympia, 3 and 1.
Miss Vera Gardiner, Glen Oak, defeated Mrs. S. W. Widney, Beverly, 4 and 3.
Mrs. Melvin Jones, Glen Oak, defeated Mrs. J. A. Hall, South Shore, 7 and 5.

INDIAN HILL TROPHY.

Mrs. W. B. Brown, Hinsdale, defeated Mrs. H. Chapin, Bob-o'-Link, 8 and 7.
Mrs. E. H. Evans, Evanston, defeated Mrs. R. B. Upham, Flossmoor, 2 and 1.
Miss L. Elliott, Miami, defeated Mrs. H. L. Pound, Skokie, 3 and 2.
Miss S. Richards, Windsor, defeated Mrs. F. B. Farnsworth, Westmoreland, 4 and 3.
Mrs. G. S. Wood, Bob-o'-Link, defeated Mrs. A. Starr Best, Westmoreland, 1 up.
Miss D. Klotz, Indian Hill, defeated Mrs. M. B. Noyes, Indian Hill, 3 and 2.
Miss G. Curtain, Windsor, defeated Mrs. J. C. Baker, Olympia, 1 up, 19 holes.
Miss Jesse Spalding, Onwentsia, defeated Miss K. Morse, Glen View, 3 and 2.

ASSOCIATION TROPHY.

Mrs. F. E. Roach, Ridgemoor, defeated Miss M. Knapp, Glen View, 1 up.
Mrs. E. L. Walcott, Westmoreland, defeated Miss G. Chandler, Glen View, 6 and 5.
Mrs. H. D. Fargo, Edgewater, defeated Mrs. F. W. Kushel, Oak Park, 4 and 3.
Mrs. T. D. Payne, Windsor, defeated Mrs. B. F. Horsting, Flossmoor, 7 and 6.
Mrs. H. R. Newlean, Olympia, defeated Mrs. F. H. Warren, Windsor, 4 and 3.
Mrs. G. K. Throckmorton, Glen Oak, defeated Mrs. G. L. Johnson, Westward Ho, 1 up.
Mrs. J. P. Gardner, Flossmoor, defeated Mrs. H. B. Dunham, Westward Ho, 3 and 2.
Miss C. Walker, Evanston, defeated Mrs. E. L. Beatie, Flossmoor, 3 and 2.

SOLACE TROPHY.

Miss F. Charles, Glen View, defeated Mrs. J. G. Stobo, Calumet, 1 up.
Miss H. Broadhead, Flossmoor, defeated Mrs. H. R. Frank, Ravisloe, 1 up.
Mrs. A. H. Mulford, Oak Park, defeated Mrs. F. W. Hopkins, Evanston, 6 and 5.
Mrs. L. M. Stumer, Ravisloe, won from Mrs. J. H. McCabe, South Shore, by default.
Mrs. B. C. Hardenbrook, Westmoreland, defeated Mrs. G. M. Wisner, Beverly, 5 and 3.
Mrs. Junius C. Hoag, South Shore, defeated Mrs. G. Sibley, Skokie, 6 and 5.
Miss B. Eidman, Beverly, won from Mrs. A. R. Gates, South Shore, by default.
Mrs. William R. Rose, Ravisloe, defeated Mrs. J. D. Archer, Westmoreland, 3 and 1.

Flight Pairings.

Pairings in the nonqualifiers flights are:

First—Mrs. P. S. Noon and Mrs. C. Wouters; Mrs. Pfersdorf and Miss E. Hermes; Mrs. L. E. Rein and Mrs. H. W. Fay; Mrs. A. F. Marsh and Mrs. E. C. Noe.

Second—Mrs. H. R. King and Mrs. G. B. Morrison; Miss Jackson and Mrs. Aiken; Miss E. E. Packard and Mrs. W. F. Klein; Miss H. Higbie and Miss R. Kimball.

Third—Mrs. McGowan and Mrs. H. R. Walsh; Mrs. B. Greer and Miss McGuire; Mrs. F. E. Bryant and Mrs. C. A. Ford; Mrs. Utemark and Mrs. E. R. Goble.

Fourth—Mrs. S. O. Dunn and Mrs. G. F. Weed; Mrs. F. Ball and Mrs. G. Davie; Mrs. F. Higbie and Mrs. F. Fuller; Mrs. H. J. Comba and Mrs. F. Wheeler.

NOTES OF THE TOURNEY.

Fred Merkle of the Cubs was a visitor for a few moments. He plays a lot of golf in Florida and can score around par.

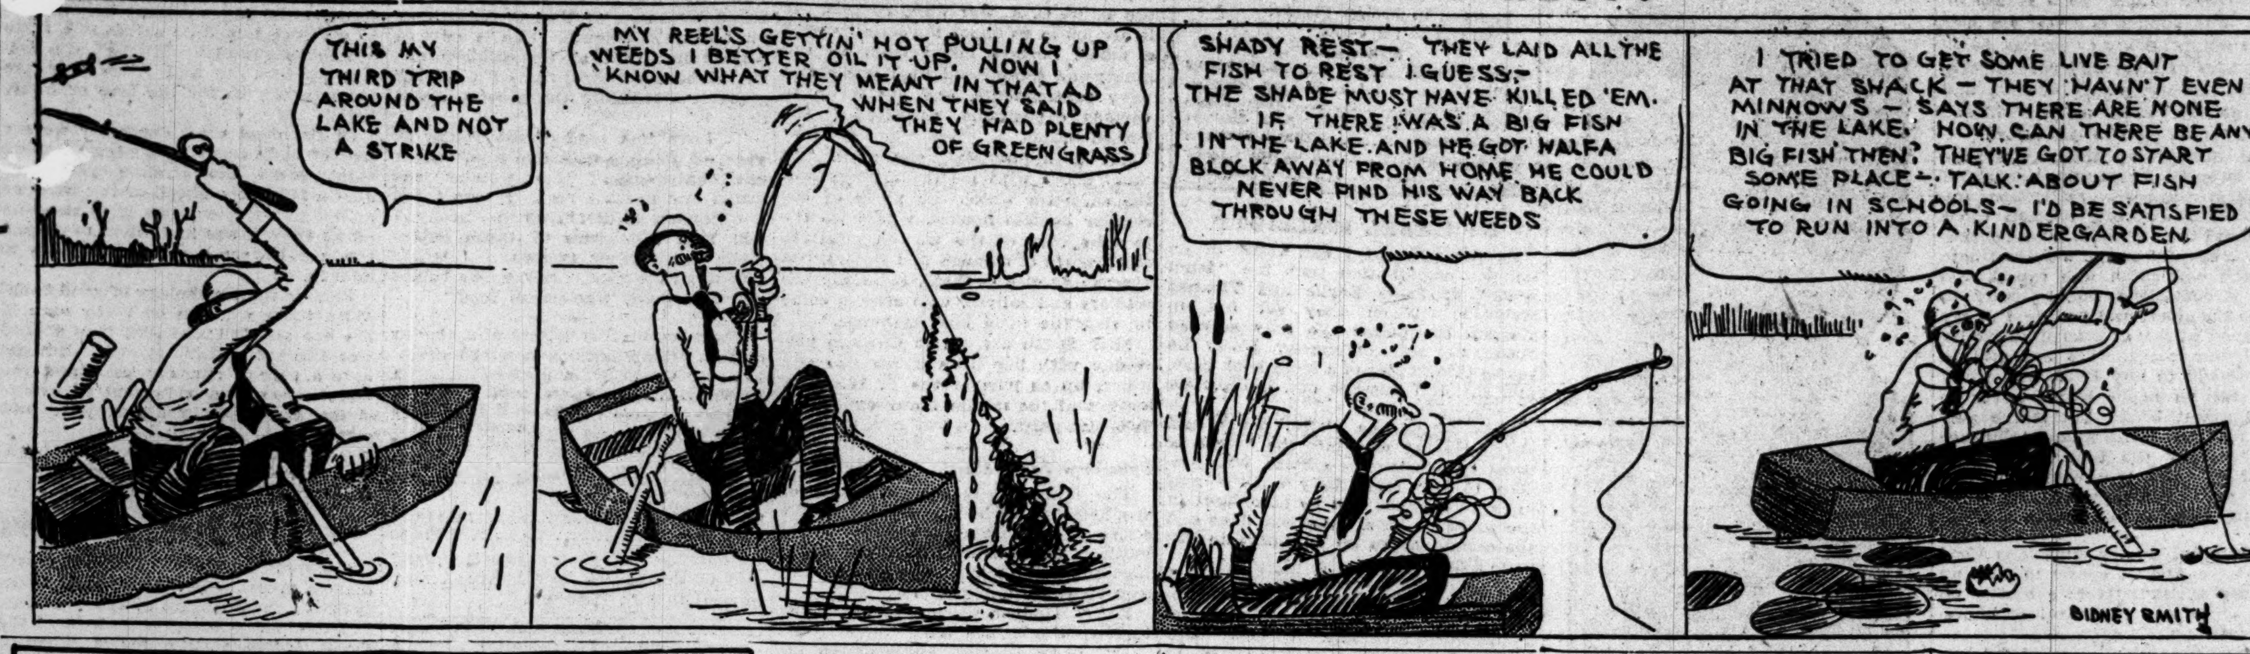

Miss Lucille Dessenberg, the Michigan champion, went out in 47 against Miss Ruth Burnett and was going at about a 92 clip on the home round.

Players defeated in the first round yesterday fell into consolation flights, the first round of these being carded this morning. The first match round for nonqualifiers also is scheduled.

Miss Elizabeth Klotz showed fine form in winning the driving contest in class A with drives of 240, 185, and 236 yards. Mrs. Dessenberg won in class B with 638 yards, and Mrs. A. R. Gates of South Shore in class C with 540 yards.

The feature match today will be the meeting of Mrs. Gaut and Miss Pearce. They were finalists in the championship consolation flight at Flossmoor last year, Mrs. Gaut winning at the nineteenth hole with a 4 on the 512 yard hole.

THE GUMPS—ANDY AT SHADY REST.

In the Wake of the News
By RING W. LARDNER

RING'S TIPS TO GOLFERS.

A PLAYER'S iron club equipment usually consists of a driving iron, a midiron, a mashie, a niblick and a putter. The utilitarian members of this quintette are the mashie and the putter, the latter being serviceable to beginners, as they occasionally fail to hole out with their brassey or mashie. The other three irons, save for variety's sake, might as well be three driving irons, three midirons and three niblicks instead of one of each, as their purpose is to keep the bag from blowing away. The

player who cannot afford these three extra clubs can easily get along with a coupling pin or a ponderous caddy.

Ignorance is the cause of beginners' troubles with the mashie. Time after time I have seen novices address the ball on a mashie shot with the face of the club toward it. The proper way is to face the mashie in the opposite direction; then, when the club twists round in the hand, the face will be in its correct position at the bottom of the swing.

A great many players find it difficult to stop their short mashie shots on the green. So-called experts advise the "backspin" shot, which consists of reverse Englishing the ball sufficiently to stop it dead where it lights. To play this shot successfully, however, requires absolute solitude on the course and a boob audience afterward. The proper way to play a stop shot is to hit the ball so that it will run squarely into the pin, being carefully not to break the latter. The encounter with the pin will stop the ball nine times out of ten and the tenth time, will drop it into the cup for an eagle.

The player who is too inexperienced to hole out his brassey and mashie shots will find the putter the most important club in his bag. There have been frequent discussions as to whether the player should look at the ball or the hole in putting. My experience has been that it is better to pay some heed to the ball on putts of fifty or a hundred yards, but to have an eye on each when the distance is shorter. In order to do this it is sometimes necessary to have the left eye teed by a specialist. If the player cannot afford this treatment, he will do well to play with a friend who will agree to look at the hole while the player looks at the ball, or vice versa.

The scheme I have found most effective in putting is what I have dubbed the "Trench system." With my ball on one edge of the green, I whang it to the opposite edge, directing its course straight over the hole. Then I go over there and thump it back in the same path. Enough of these journeys will make a groove deep enough to hold the ball in its course, and then all that is necessary is to send it along the track with just enough force to drop it into the cup.

A good plan with a three or four foot putt is to play it with one hand. If it goes in, all right; if it doesn't, pick it up on the theory that you could have sunk it if you'd used both hands.

However, the best idea is to pick up all prospective putts of nine feet and under, for if the ball does happen to go in, it's in and you've got to get it out, and who knows how many lives have been lost by golfers' losing their balance and falling into the hole after their ball?

CLUSTER OF RAPS BY TIGERS IN THE EIGHTH UPSETS RED SOX, 2-1

Boston, Mass., Aug. 27.—Joe Bush of Boston fanned thirteen Detroit players today but the visitors won, 2 to 1. Detroit scored twice in the eighth on successive singles by Jones, Vitt and Veach and an infield out, Joe Bush deflecting Griggs' drive and Shean throwing out the batter as Vitt scored with what proved to be the winning run. Score:

SOX GIVEN SHOCK; MUST PLAY TODAY AT MASSILLON, O.

Akron, O., Aug. 27.—[Special.]—This is a sad life for the White Sox. Told they would have two days of rest and could sleep until noon, a porter came along and rousted them out at 6 in the morning with an order to go to Massillon, O., for a game Wednesday. They are surely a grumpy, complaining, discontented bunch.

The Sox left Washington presumably for Toledo for an exhibition game Thursday. Tip O'Neill had waited in vain for word from Comiskey park shedding light on the subject of where the Sox should go. So Tip and his party boarded a train for Toledo.

The telegram caused everything to be rearranged. The Sox party jumped off the train at this city to take a cross country run to Massillon. The cross country was by trolley.

WINKLER TAKES MIWIKIM SHOOT

Milwaukee, Wis., Aug. 27.—A. H. Winkler of Chicago was high gun in the championship event of 150 targets in the annual three day Miwikim trapshooting tournament here today. He registered a score of 147. O. N. Ford of San José, Cal., and F. J. Dadds of San Diego, Cal., tied for second with 146 each. B. Lewis of Auburn, Ill., led the professional shooters in the event with 147. Ben Donnelly, a Chicago shooter, won the twenty-five pairs doubles shoot with a score of 44, H. Dunnell of Fox Lake, Wis., ranking second with 43.

Flyer Carroll, Ex-Illini, Enters for National Meet

Charley Carroll, former University of Illinois sprinter and hurdler, yesterday sent in his entry for the National A. A. U. outdoor track and field championships to be held at the Great Lakes Naval Training station on Sept. 20, 21, and 23. Carroll is in the aviation service and stationed at the ground school in Urbana.

Culver Jackies Defeat Pier Oarsmen in Races

Culver, Ind., Aug. 27.—Ten oared cutter races on Lake Maxinkuckee this afternoon between the Culver Summer Naval school and the United States naval auxiliary reserve school from the municipal pier, Chicago, resulted in victory for the Culver rowers in both heavy and light events. The light crew crossed the finish line six lengths ahead, but the heavy race was hotly contested and was won by less than half a boat length. Both races were pulled over a mile course.

Cubs Thrilled by Navy Life as They Beat Jackies, 5 to 0

BY I. E. SANBORN.

Great Lakes, Ill., Aug. 27.—[Special.]—Chicago's new champions enjoyed a fine outing today at the Great Lakes Naval Training station and abused the warm hospitality extended them by beating the crack jackie baseball team by a score of 5 to 0.

Red Faber, hero of the last world's series, pitched against the Cubs in his best vein, but was touched for fourteen hits, including a pair of three-baggers, in spite of clean support from his shipmates. Phil Douglas, who may be hero of the next world's series, slabbed against the jackies and held them to six hits, two of them doubles.

Manager Mitchell took all his regulars except Flack and Pick, since he knew he would have a battle on his hands and also desired to give the Great Lakes lads the best he had in the way of an exhibition. The players made the trip to Great Lakes and back by automobile.

Guests of Capt. Moffett.

They arrived early enough to see part of the tremendous machine for winning the war which has been assembled here in such astonishingly short time by the genius of Capt. William A. Moffett, but there was time to see only a small part of the station before the diamond battle began.

A section of the Cub party, chaperoned by William A. Wrigley, was entertained at lunch by Capt. Moffett and afterward permitted to inspect the marine aviation section of the station under guidance of Lieut. Lee Hammond, who recently had such a tough encounter in company with John T. McCutcheon with the waves of Lake Michigan, and of Lieut. Philip Wrigley, son of the Cub stockholder.

Ocean of Jackie Spectators.

The game was attended by so many jackies you could not count them. The new stands were packed to overflowing and the field was surrounded by sailors in white many rows deep. A small portion of the Great Lakes band, numbering about 500 musicians, furnished harmony for the occasion, and also some unique rooting whenever it looked as if Manager Chouinard's jackie team was going to make a run. It had several openings, as Douglas gave the jackies four passes in addition to their six hits and the Cubs erred three times.

The best chance the Great Lakes had to count was in the sixth, when a tally would have registered if there had been two out instead of one when Clemons whaled a two bagger just over Paskert's head. Pattie Driscoll was on second at the time. Paskert came so near catching the ball that Driscoll had to stay close to second and could get only to third base on the two bagger. Johnson then lined to McCabe and Leonard popped the side out.

Mann made four of the hits off Faber, and Deal sat in with three. Each of them made a three bagger.

Somersault Catch by Fox.

The game's feature was a spectacular catch by Fox in right which stole a long hit from Hollocher. Fox ran almost to the white fringe of spectators after the fly, caught it just as he stumbled up a slope which marks the boundary of the baseball field, and rolled over a couple of times, but held the ball.

The Cubs were warm in their praises of the jackie diamond, which was in good condition in spite of its newness, and were open eyed with amazement at the size of the athletic field with its 440 yard straightaway running track and provisions, when completed, for a football gridiron and athletic equipment capable of handling many events simultaneously. Score:

SALUTE!

Ty Cobb Commissioned Captain in Chemical Warfare Service.

Washington, D. C., Aug. 27.—(Special.)—Ty Cobb, baseball's brightest star, headed the list of army officers commissioned today. Cobb was made captain in the chemical warfare service. He has not yet been assigned to duty.

Woods and Waters
By LARRY ST. JOHN

QUESTIONS THEY ASK.

Chicago.—[To the Editor.]—What do you think is the best all-around surface bait to use over weeds? A. D.

Answer—Most casters prefer a pork chunk, decorated with a piece of red flannel, for casting over the weeds and among the lily pads. This is a killing bait and as weedless as any bait can be if the right kind of a hook is used. We have had good luck lately with a red fly with a spinner on the end of each weed guard and a strip of pork. We let it sink in the open spots and reel it in right over the lily pads. We reel it rather fast and the way the bass come up through the weeds and hit it is sure satisfyin'! Some of the wooden and rubber surface baits are also killers at times. The chunk on a weedless hook, however, is the favorite with most old casters.

Highland Park, Ill.—[To the Editor.]—Can you give me any information as to whether the dogfish, caught in our inland lakes, is suitable for human food—and if not, why not? Know a man who claims to have eaten them and said they are all right. There seems to be no reason why they should not be eaten. Is it superstition, prejudice, ignorance, or is there a scientific reason for it? R. S. C.

Answer—The dogfish loves warm water and his flesh in midsummer is likely to have a "muddy" flavor. They are, however, good to eat and many are being used for food. We have eaten them smoked and found them almost the equal of sturgeon. Recipes for cooking this fish will be found in Economic Circular No. 26, issued free by the United States Bureau of Fisheries. We covered this subject in one of our Sunday articles some time ago.

Chicago.—[To the Editor.]—1. Are squirrels good to eat at this time of the year? 2. Is a shotgun or a rifle best for shooting squirrels? 3. Which is larger, the fox squirrel or the gray squirrel? B. M.

Answers—1. If properly taken care of, yes; as usually cared for by hunters, no. Squirrels at this time of the year should be cleaned and put in a cool place as soon as possible. 2. A shotgun is surer and unless you are a fairly good rifleman you will get better results with the scatter gun. 3. The fox squirrel is larger.

R. E. B. wants to know if it is possible to take a canoe trip from Roscommon, Mich., through Higgins and Houghton lakes, and whether there are trout in the upper river. A. O. S. wants some information on the lakes north of Marshfield, Wis. Who can help these brothers out?

KNOCKOUTS FEATURE BOUTS AT GRANT TO SELECT BOXING TEAM

Camp Grant, Ill., Aug. 27.—[Special.]—Chicago fighting spirit fanned the open air arena to white boxing heat tonight when the picked soldiers of Maj. Thomas F. Marshall's first battalion of the melting pot regiment registered four clean knockouts. It was the farewell card. Winners of the bouts tonight automatically make up the Yankee boxing team which, under the direction of Harry Fine will challenge all Canadian ring artists during the battalion's stay in Toronto.

Men of the battalion have been picked to represent Uncle Sam's army in the big military exposition held by the Canadian government Sept. 1-10.

Honors of the evening went to Segt. Greenburg of D company, who put Segt. Domrose of B company down for the count after a verbal battle between the two companies as the result of ring rivalry. D company arose to declare publicly after the last bout that it is the bear cat of the Blackhawk division. B company disputed the distinction and the two sergeants leaped into the ring to settle the matter. Greenburg won in one round and the two companies shook hands.

Corp. Jimmie Pappas, featherweight champion of the regiment, knocked out Private O'Connor of G company in two rounds in the first bout. Corp. S. Selnow of D company followed with a knockout over Private Dobbs.

FRAME UP FINISH FOR SPEED TRAPS

A bill designed to abolish "speed traps" in villages of Illinois has been written by the Chicago Automobile club, under the direction of its attorney, Harvey L. Replogle, and will be introduced at the next session of the state legislature.

"A number of village justices are using the present law for their own financial ends," said Mr. Replogle. "The law allows each village to fix its own speed limit, and many have fixed a limit lower than that at which the average good motor can crawl along without injury. The law also allows the costs and, in some instances, the fine to go to the justice of the peace. We have found cases where he divides these with the policeman making the arrest."

Mr. Replogle named as villages where "we have had trouble" Hazel Crest, Hillside, Forest Park, Oak Park, Gross Point, Winnetka, and Glencoe.

H. G. Williams of Evanston proved to be the best guesser by coming closest to the secret running schedule set by officials of the Chicago Garage Owners' association, which held its annual outing yesterday. The destination was Charlie Cutler's Black Bear farm at Worth, and Mr. Williams won a barrel of oil as first prize by driving the distance at the exact rate of twenty-one miles an hour.

Fort Sheridan Collegians to Stage Bouts Tonight

Collegians in the officers' training camp at Fort Sheridan will again combat with the gloves this evening, Charlie White having arranged ten bouts. Fighting will start at 6:30.

HAYES, BURDICK, AND OTHER STARS WIN UP A ROUND

Kashio and Dionne Feature with Battle of 4 Hours 20 Minutes.

Forest Hills, N. Y., Aug. 27.—Ranking players advanced with little opposition today in the second and third rounds of the thirty-seventh annual national singles championships. In marked contrast to the opening day's play, the majority of the matches were won in straight sets and without a semblance of an upset. Hayes and Burdick of Chicago each won.

The outstanding feature of the day's play was a remarkable test of endurance between Seiichiro Kashio, the Japanese, and G. A. L. Dionne of New York. These two opponents of the base line game played four hours and twenty minutes and when darkness terminated the unfinished contest Kashoi was leading at 6—1, 7—9, 6—3, and the fourth set standing at two games all. This is undoubtedly a record in tournament tennis, none of the oldest followers of the game being able to recall any match exceeding it in time.

Wear Out the Umpires.

The two players seldom moved into the service line and neither used much speed or cut in service or return, playing cautiously and relying on placement. The rallies were interminable and the winner of the point usually profited by his opponent's net or out. The strokes between points frequently ran over 100, the highest that was counted being 128, and the long drawn out exchanges more than once passed beyond the minute mark by actual timing.

At the end of the third set the players took the customary ten minute rest, but the umpires had been changed before that point was reached, the heat and the strain of watching the ball having made the first occupant of the chair too dizzy to proceed. Kashio and Dionne will continue their match tomorrow.

Easy for Hayes and Burdick.

The Chicago entrants, Ralph H. Burdick and Walter T. Hayes, won in straight sets. Hayes defeated E. H. Hendrickson of Amherst, the present New England intercollegiate champion, 6—1, 6—2, 6—2. Burdick eliminated A. H. Chapin Jr. of Springfield, Mass., 6—3, 6—1, 6—1. The veteran Beals C. Wright of Boston, but playing from New York, disposed of Dr. B. F. Drake of New Rochelle with the loss of but two games in three sets.

NATIONAL SINGLES.

SECOND ROUND—T. R. Pell defeated R. N. Dana, 2—6, 6—2, 6—3; H. S. Parker defeated R. Wabraushek, 6—0, 6—2, 6—1; R. L. Murray defeated Lieut. H. G. Kelleher by default; Beals C. Wright defeated Dr. B. F. Drake, 6—0, 6—0, 6—2; N. W. Niles defeated W. J. Gallon, 6—1, 6—4, 6—2; R. H. Burdick defeated A. H. Chapin Jr., 6—3, 6—1, 6—1; F. B. Alexander defeated A. H. Chapin Sr., 6—2, 6—2, 6—1; H. A. Throckmorton defeated F. C. Baggs, 6—4, 6—2, 3—6, 7—5; G. W. Pike defeated H. D. Vail, 11—9, 6—0, 6—4; Seiichiro Kashio vs. G. A. L. Dionne, 6—1, 7—9, 6—3, 2—2 [unfinished]; L. E. Mahan defeated H. B. O'Boyle, 6—0, 7—5, 7—5.

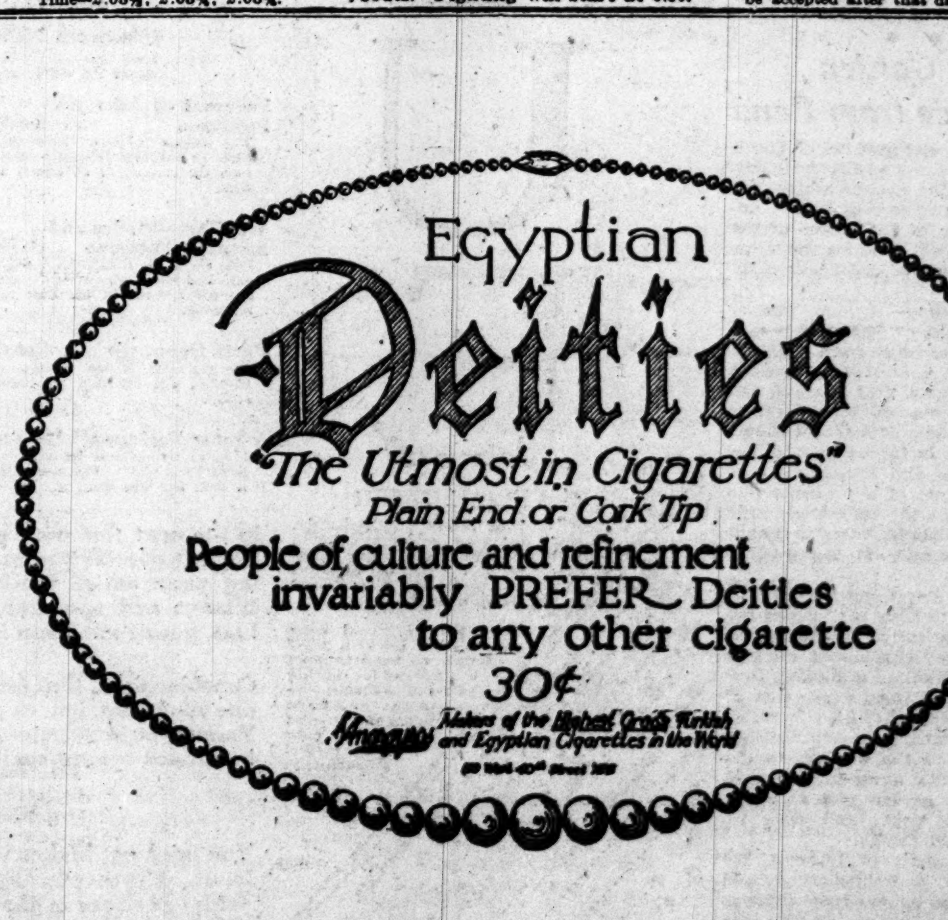

THIRD ROUND—I. Kumagae defeated G. W. Wightman, 6—3, 6—2, 6—2; W. M. Hall defeated Irving C. Wright, 4—6, 7—5, 6—1, 63; Vincent Richards defeated F. T. Anderson, 6—1, 6—3, 6—3; W. T. Tilden Jr. defeated C. G. Burrows, 6—1, 6—3, 6—3; W. T. Hayes defeated E. H. Hendrickson, 6—1, 6—2, 6—2; C. B. Boyle defeated George King, 6—3, 6—3, 6—3; Dr. H. J. K. Morgenthaler defeated E. C. Simmons, 6—2, 6—1, 6—2; Lieut. Craig Biddle defeated A. S. Cassils, 6—0, 6—2, 6—1; Cadet S. H. Voshell defeated H. D. Bretz, 6—3, 6—0, 6—1; E. H. Binzen defeated R. G. Gatcomb, 6—2, 2—6, 6—1, 6—4.

PLAY SEPT. 7 FOR DOUBLES TITLE

The annual closed doubles championship tourney of the Chicago Tennis association will open at various clubs Sept. 7, and the semi-finals and final will be conducted either at the South Side or South Park T. C. The event is open to players on tournament teams who played in the recent interclub race, and all local players of national ranking are barred. Entries should be sent to R. P. Burton, 30 West Lake street.

MILE NATIONAL SWIM ENTRIES.

Long distance swimmers who intend to take part in the one mile national A. A. U. championship swim in the Lincoln park lagoon on labor day under the auspices of the Lincoln Park Boat club are requested to send their entries to J. A. Hardwiger, 1414 South Wabash avenue, before Friday. No entries will be accepted after that date.

FASHION'S BLUE BOOK

BY CORINNE LOWE.

NEW YORK.—[Special Correspondence.]—There is a certain sameness about prairies, valedictorian addresses, and coats. Most of these last which we encounter really don't do much to lift our spirits. Every now and then, however, some coat comes along to make us more optimistic.

Such is the charming green velours wrap from Premet. The sleeves with their adroit slashing, the straight back piece curving down under the arms to meet a long row of buttons, the girdle and the self-color stitching—these make a really distinguished coat. With one of the popular adjustable fur collars this model may, of course, be worn all through the winter.

THE SUCCESSFUL HOME GARDEN

Inquiries pertaining to the garden should specify its location and inclose addressed, stamped envelope, as space may not permit an answer in this column. Address Garden Editor, "Chicago Tribune."

BY J. F. H. HEIDE.

No. 175.

CARE OF CELERY.

(Continued.)

Giant Pascal, Winter Queen and similar green varieties require more extended blanching, which is done by "earthing up." This begins early in September, when the celery gets its cool weather growth.

Whether summer mulching with manure to conserve moisture or "earthing up" to blanch the plants, care should be exercised to throw no manure or soil on the hearts or small inner leaves, particularly when young. The blanching, both of the early and the green varieties, should begin at a time when the hearts are not wet with rain or dew. Rotting heart may result from the neglect of these precautions.

Harvest and winter storage will be taken up in due time.

FOR NON-GARDENERS.

Now, before autumn preparations for next year's garden begin, is the time to induce friends and neighbors to provide at least a portion of their own foodstuffs in order to relieve the overburdened transportation facilities. Food is needed by all, and even the boys with the colors are growing their own vegetables. Are we at home to be classed with the sturdy producers or with the effete consumers? Shall we be host or parasite? We believe that the yard without a home vegetable garden will be a mark of ignominy next year.

As to the profit, let Mrs. J. H. B., a Dixon amateur, speak:

"I am much interested in my garden and am keeping account of what it yields. It is only about 40x40 feet, but I had $10 out of it by the middle of July, and the bulk of the harvest has come since then. And yet some will ask, 'Does a garden pay?' Surely it does, not only in vegetables but in the pleasure and health its care affords. I have gained much useful information from your articles."

Fine War Garden Made from Pond

Camp Hoover war gardens of South Chicago occupy a plot at Eighty-fourth street and Brandon avenue which was under water until the Boy Scouts, under the direction of J. G. Blue of the Y. M. C. A. made it produce the vegetable requirements of eighty-six families.

Cheltenham Glory gardens occupy sixteen city blocks of what had been a dump heap, extending from Eighty-ninth to Ninety-second streets, between Colfax and Anthony. Two hundred and fifty families here grow vegetables enough for canning, drying and winter storage, as well as for immediate use. Daily flag raising and lowering is conducted by the troop of Boy Scouts who patrol the tract and conduct patriotic exercises on holidays, such as Labor day. Mike Donnelly is the guiding spirit here.

A 12 year old Boy Scout named Carl Wolski, is said to have established the record for quantitative production at Cheltenham Glory gardens on his plot of 30x40 feet. He reports picking four bushels of beans, fifteen dozen ears of corn, provided a family of four with all the carrots, lettuce, peas and radishes required, donated the surplus to the South Chicago day nursery, and stood guard over his garden plot at spare time to exclude goats and other intruders with evil design.

The State Council of Defense, 120 West Adams street, invites all boy and girl students who believe their gardens to be of superior merit to tell all about it by letter, that its garden committee may make an inspection.

Tribune Cook Book

BY JANE EDDINGTON.

The Honor Ration.

The "honor ration" as it stands today is: Two pounds of sugar per person per month; flours or cereals, 50-50; light grades of meat and pork, nearly or quite a-plenty; plenty of milk and butter; garden "sass," all you will and can eat; fruits, all you can afford.

Little summaries of this sort perhaps should be made frequently, because of the sudden changes or restrictions imposed. For instance, because those who agreed to go without wheat entirely for six months or more did not note when the restriction was raised, and wisely if conditions would justify it, because the oldest and youngest in our midst need wheat, at least until we become better cooks. We are still in honor bound to buy 50-50, and many people feel in honor bound never to eat all wheat bread, but if the substitutes are used with high intelligence and absolutely the best service can be had by using the wheat flour obtained pure, there ought not to be anything dishonorable in the act.

A paragraph in the American Food Journal for August seems to sum up and state authoritatively a matter on which there is a good deal of household confusion. It says:

"Basing its action on a careful survey of the world sugar situation and a compilation of the immediate demands, the United States food administration calls on the American public to restrict the consumption of sugar in the home to two pounds per person per month from Aug. 1 to Jan. 1. This replaces the former regulation of three pounds per person per month, and includes all cane and beet sugar used on the table and in cooking, such as granulated, cube, powdered, and all refined grades, as well as raw, brown, and refiners' soft sugars."

The whole sugar situation is discussed as to the whys. It seems that the army and navy needs greatly exceed earlier estimates.

As to the meat, this journal says: "The desire of the food administration at present is not primarily to increase the consumption of beef as a whole, but to induce a preference in favor of the lighter weight cattle, of which we have an abnormal surplus."

It is the surplus which must be handled. It has come as the result of extreme drought in Texas, Oklahoma, and elsewhere, which is endangering the meat herds. "As an immediate result," says the journal mentioned, "the present cattle runs are 50 per cent heavier than in the corresponding period last year. The larger part of this stock is below the most desirable market weights. The food administration therefore is for the present releasing the meat restrictions. This is about one month earlier than was originally contemplated. It is desired, however, to continue the same careful regard for economy in beef and in all essential foods as a measure to safeguard the future."

Bridge Aids Blind Fund.

White Sulphur Springs, W. Va., Aug. 27.—[Special.]—A subscription bridge party will be given Thursday evening for the benefit of the permanent blind relief war fund. Mrs. Charles Strobel of Chicago is in charge of the entertainment.

THOMAS MEIGHAN

A Manly Man, and A' That!

Bright Sayings of the Children

"The Tribune" will pay $1 in thrift stamps for each childish saying printed. The story told must never have been printed in any magazine or paper. It is not possible to acknowledge or return unavailable contributions. Please write on one side of the paper. Address bright sayings to Aunty Bee, "Tribune," Chicago.

John talked continually, so one day his mother losing patience said: "I do wish you would keep still. What makes you talk so much all the time?"

He answered quickly: "I's got to talk so I won't forget what I think."

L. A. C.

My nephew, Bobby, was celebrating his fourth birthday and one of his aunts was telling him how good everybody was to him because he got so many things. Bobby answered: "You hasn't been so good, cause you hasn't give me nuthing yet." M. A.

Our little girl and her small friend came into our store just as a bottle of a new drink was being opened and tasted. We all had a drink, including the two children. The little friend said, "How much is it a bottle?" She was told the price and our little girl added, "So you oughtta be glad to taste it for nothing." J. C.

Motor Cars on Every Bush 'Twould Seem!

"IN PURSUIT OF POLLY."

Produced by Famous Players.
Presented at the Castle.

THE CAST:

Polly Marsden	Billie Burke
Colby Mason	Thomas Meighan
Buck Marsden	Frank Losee
Talbot Sturgis	A. J. Herbert
Larry O'Malley	William Davidson
Emile Kremer	Benjamin Deely
O'Leary	Alfred Hickman

BY MABEL M'ELLIOTT.

At the moment I can think of no happier combination than the "team work" of Billie Burke and Thomas Meighan. When they set out to gladden the public eye they succeed beautifully and completely. He is the young thing's idea of a story book hero, and she, if I mistake not, is the type superior man admires.

Miss Burke, as Polly, pouts and pirouettes her way into the hearts of three impressionable suitors, who propose to her impartially on the golf links, in a canoe and by moonlight in the garden. All of them she likes and she cannot make up her mind to say any of them nay.

So she reads about the swift running Atalanta of the myth, and thereupon registers delight. An idea! She will lead them all a merry chase, in high power motor car and steam launch, promising to wear the solitaire of the fortunate one who overtakes her.

It may occur to you, as it did to me, that motor cars are the merest trifles to picture people. There's a limousine lurking around every corner and a roadster handily spinning along whenever the fair damosel happens to be in need of a lift.

Polly, being pursued, takes them as they come, evincing no surprise. And she likewise appropriates the personable millionaire (Mr. Meighan) who arrives just in time to save her from 1,200 volts, tenderly administered by some German spies.

Swiftly moving, well photographed, with the pictorial Billie and the virile Thomas well on the way to matrimonial bliss at the end, it's a thoroughly nice little thing to see.

French Artists Hard Hit by War

"Seventy-five per cent of the artists of France," said Oliver Dennett Grover, "have been killed in this war."

He and other members of the committee charged with the responsibility of the exhibition of French war paintings to be held, starting next Monday, at the Art institute, met yesterday to discuss ways and means of making the exhibition a success and of awakening the interest of all Chicago in it. Among those of the committee who were present besides Mr. Grover were Maj. Gen. Barry, Martin A. Ryerson, Arthur Aldis, and H. C. Chatfield-Taylor.

Aside from the terrific mortality among the French artists the war service they are called on to perform yields them but 5 cents a day and their families 26 cents. Genius may burn in a garret and thrive, as has often been proved, but in a front line trench there is not as much left to chance. Guns and bombs spare no man, painter or not.

Women *in* Wartime

BY LUCY CALHOUN.

Miss Gladys Mary Smith of Iowa is the official "traveling showman" of the Y. W. C. A. war work council. It is her job to go about the country with a model hostess house such as the ninety-one established near army and navy cantonments, and put it up at various expositions throughout the United States.

"It is impossible," she says, "to carry about with me the nursery and the cafeteria which are parts of the regular hostess houses, where we try to take care of the women relatives and friends of soldiers and sailors, but everything else is there, including the soldiers and sailors, who always come to visit the little hostess house."

Miss Smith arrived in Chicago yesterday with her little house and will put it up as part of the Y. W. C. A. exhibit of the national war exposition in Grant park.

Speakers for Babies.

The following is the schedule of speakers and their subjects in the new series of educational conferences for mothers and babies which are being held every Friday in the picture gallery on the municipal pier:

Dr. C. Hedger will speak on "How to Keep the Babies Well," on Aug. 30.

Dr. Lena Salder's subject will be, "Why Babies Cry," on Sept. 6.

Dr. Clara Seipple's subject will be, "How the Mother Can Keep Herself Well and Strong," on Sept. 13.

Dr. Catherine Rich's subject will be, "Tuberculosis in Children," on Sept. 20.

Dr. May Michael's subject will be, "Some Problems of Child Feeding," on Sept. 27.

French Woman to Speak.

Mme. E. Guerin, a member of the French academy, who has twice been decorated for service "over there," will be in Chicago early in September to speak for the food for France fund. She has been making a tour of the midwest in the interests of the fatherless children of France.

To Lecture on Dairy.

Dean Eugene Davenport, University of Illinois, will speak on "Dairy Products in Wartime," at 2 p. m. tomorrow at the food conservation bureau, 28 South Wabash avenue.

Generous Response to Appeal of Young Mother of 6 Kiddies

There was a generous response to the appeal of the young mother of 25 years who has six small children, who asked for a rest at THE TRIBUNE hospital near Algonquin. She is now at Algonquin. With all the children, she left Monday and will remain until the place is closed for the season, about Sept. 5.

"I have just read of the young 25 year old mother with five tots," wrote one contributor. "No wonder she wants and needs a rest. If you think it necessary to divide up the family, I will look after two of those babies while the mother is away. I would give them the good care my own babies get, and good, wholesome food."

There were other letters of a similar nature. Contributions received are:

Mrs. R. W. Ullmann	$5	A mother	1
S. F. D.	1	Mrs. Robt. Sattley	1
B. G. Scudder	5	Mrs. G. F. Harding	10
Mrs. C. J. Peeples	5	In memory of Horace C. Nelson	5
M. H. F.	1		
"For the little mother"	5	Total	$39

Previously acknowledged $2,188.50
Total to date 2,227.50

Contributions to the hospital fund and to the babies' free ice fund may be sent to THE TRIBUNE.

A Rundown Viewpoint from Rundown Heels

WAS IT YOU?

Run down heels like run down relatives are with us always. We try to reform them by preaching at and around them and for a spell there seems to be improvement; either that or we have talked ourselves in a state of unconsciousness. Then all of a sudden we look up and there they are importuning us for the love of Allah, help!

Of the most utter depravity were a pair of heels carrying a slinky looking maid down the avenue yesterday. Just a few steps ahead of her was one of the tres trig canteen girls stepping off as though she had much to do and the world were a wonderful place to do it in.

Such is the psychology of good heels! With them you can look any man in the eye and tell him that it is a good world in spite of his grouch. But get onto a pair of runover heels and you have a rundown viewpoint of everything, and most of all on your own self.

McCormicks to Talk to Old Time Printers

Congressman Medill McCormick will make a presentation speech at the thirty-fifth annual outing of the Old Time Printers' association, to be held at the Great Lakes station today, when a gold trench cup is given by members to the Rev. Edward I. Dankowski. "Father Dan" recently gave up his pastorate at St. Jerome's and was appointed chaplain, with the rank of first lieutenant, in the army. He will leave Thursday for the front. Lt. Col. R. R. McCormick will give a short talk on his experiences at the front.

The train for Great Lakes will leave the Northwestern station at 12:20 p. m. William A. Cahill is president of the association.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers.

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.—Advertisement.

MR. HOOVER says that care in cooking makes second cuts palatable and helps win the war. You can work something of a miracle and make your husband admire your cookery, with just a few drops of the savory A1 SAUCE

$2 Invested in Vogue

a tiny fraction of your loss on one ill-chosen gown

Will Save You $200

This year, above all others, when extravagance and waste are to be avoided, you should have Vogue at hand. For, now every woman must devote even more than her customary care to the selection of her wardrobe, so that not one hat, gown or wrap may remain unworn and its price wasted.

The gown you buy and never wear is the really expensive gown. Gloves, boots, hats, that miss being exactly what you want, are the ones that cost you more than you can afford.

VOGUE suggests that before you spend a single penny on new clothes, before you even plan your wardrobe, you consult its great Autumn and Winter Fashion numbers.

THESE ARE THE 9 NUMBERS OF VOGUE WHICH YOU WILL RECEIVE FOR $2

*Ten if you mail the coupon now

*Autumn Millinery — September 1
Little hats and big hats; hats that take the veil and hats that choose the world; appropriate gowns, veils, and coiffures.

Forecast of Autumn Fashions — September 15
The earliest advance information from Paris on the new silhouette—saving you from the costliest of all errors: a wrong start.

War Time Modes and Autumn Patterns — October 1
First aid to the fashionable woman of not unlimited means who wishes to curtail her expenses without in the least sacrificing smartness.

Paris Openings — October 15
The combined fashion exhibits of Paris, sketched and described by Vogue's own artists.

Winter Fashions — November 1
Showing the mode in its winter culmination; hats, furs, frocks, accessories; what is worn and who wears it.

Vanity Number — November 15
Graceful touches that make the smart woman smart; where to get them and how to use them.

Christmas Gifts Number — December 1
Hundreds of gifts of distinction, ranging from $2 to $2,000, good in value; actually purchasable.

Holiday Number — December 15
Last minute gifts; decorations for the Christmas table; diversions for the holidays.

Lingerie Number — January 1
Fine linens for household and personal uses; their choice, marking, and care.

Motor and Southern Number — January 15
Everything new in the motor world; where to go and what to wear in the South.

In the next few months, during the very period in which Vogue's special Fashion Numbers appear, you will be selecting your entire wardrobe for the coming Autumn and Winter, and spending hundreds of dollars for the suits, hats, gowns and accessories that you select.

Consider then, that for $2, a tiny fraction of your loss on one ill-chosen hat or gown, you may secure ten issues of Vogue—an assurance of valuable and new ideas and an insurance against costly failures.

Don't Send Money

You need not bother to enclose a cheque or even to write a letter. The coupon opposite will do, and is easier and quicker. With one stroke of the pen, you will solve your entire clothes problem.

VOGUE

*SPECIAL OFFER

If your order is received immediately, we will start your subscription with the current Autumn Millinery Number—thus giving you ten numbers of Vogue instead of nine without any extra charge.

Since the additional copy must come out of a small supply on hand to meet the demand for this big special number we cannot guarantee being able to send it unless your card is mailed immediately.

VOGUE, 19 West 44th Street, New York City
Send me NINE numbers of Vogue, beginning with the Forecast of Autumn Fashions Number and I will remit $2 on receipt of bill. It is understood that, if this order reaches you in time, you will send me a copy of the Autumn Millinery Number, without extra charge, making TEN numbers in all.

A Cool Summer Salad

A Relish with Cold Meat

Sandwichola

Note Its Uses. Taste This New Appetizing Food

A New Sandwich Filler

A New and Pleasing Flavor

For delicious, new-flavored sandwiches—a captivating change from the cheese, ham and tongue you are tired of.

For a **saving** sandwich—one that makes wheatless breads taste better, so helps that much in saving wheat.

It saves butter also, because *Sandwichola* takes its place; and saves money, costing less than meats.

An unique combination of rare foods—rich in nutriment—including ripe olives, tuna fish, pimientos, and fine herbs, with just the right proportion of purest olive oil.

Try it as a picnic lunch, or for tea on Sunday night. It makes an ideal midday meal also.

Serve with the usual dressing on a lettuce leaf, as salad. Or use as a relish with cold meats. Make croquettes by mixing it with meat or cereal. Try scrambled with eggs, or in an omelette, for breakfast. Or serve as an appetizing canape with lemon and paprika.

The Food Administration urges women to make war foods attractive. So *Sandwichola*, as an appetizer alone, fills a war-time place.

15c the Jar

Go to your grocer and get a jar. It costs but 15 cents. Yet it has a score of uses, and is luxurious in taste.

Packed in our modern kitchens beside the sea, in view of snow-capped mountains, at Long Beach, California. The tuna is caught fresh from the ocean. Ripe olives, pimientos, etc., come from nearby fertile valleys.

There was never before a food so refreshing. Let the whole family try it. Get the first jar now. Use the jars later for jellies, etc.

CURTIS QUALITY SANDWICHOLA

The Curtis Corporation, Long Beach, California

Packers of American Fancy Groceries, Specialists in Sandwich Combinations, Ripe Olives, Relishes and Hors d'Oeuvres Par Excellence

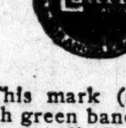

Curtis *Uniform* Ripe Olives

Curtis "Supreme" Ripe Olives are uniform in size. Ebony-black in color. Fully ripened on the tree.

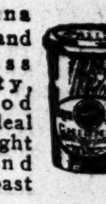

Rich, nutritious, wholesome. Try a can today.

A "Curtis Quality" Product

This mark (a red ball with green band), appearing on all Curtis Products, is your assurance of new and "exclusively Curtis" superiorities. Look for it in the stores.

Curtis Chicnic

Kippered tuna fish, sliced and packed in glass jars. A dainty, nourishing food for any meal. Ideal for picnics, light lunches and creamed on toast for breakfast.

A "Curtis Quality" Product

SOCIETY and Entertainments

WEDDINGS

Of interest to Chicagoans is the announcement of the engagement and approaching marriage of Miss Reba Eleanor Stevens to Maj. Charles Des Garennes of Rio de Janeiro. The wedding will take place early in December in Buenos Aires, where the bride and her uncle, Charles Stevens, will spend the winter. Miss Stevens has on several occasions been the guest of her uncle in Chicago and of Mrs. Potter Palmer.

Mrs. Walter H. Singer announces the marriage of her sister, Phoebe Frank Innes, to Albert Louis Tossell, which took place last Saturday.

Announcement is made of the marriage of Miss Elizabeth Eloise Kirkpatrick of 5480 Everett avenue, to Albert Wallwick Dilling of Chicago. Mr. and Mrs. Dilling will be at home after Oct. 15 at 4109 Sheridan road.

Mr. and Mrs. W. O. Winch of 548 North Laramie avenue announce the marriage of their daughter, Lillian Marie, to Edwin Miller Luedeka, son of Mr. and Mrs. E. C. Luedeka of Englewood. Mr. Luedeka is in the navy.

Mr. and Mrs. Alfred A. Reinach announce the marriage of their daughter, Ruth, to Lieut. Jack Gates, son of Mr. and Mrs. D. S. Gates, which took place on Aug. 17.

* *

ENGAGEMENTS

Mr. and Mrs. Thomas F. Little of 8325 Washington boulevard announce the engagement of their daughter, Cora Marie, to Edwin Lawrence Henderson, son of Mr. and Mrs. W. J. Henderson of Rogers Park.

The engagement is announced of Miss Rose L. Jacobs, daughter of Mrs. Ida Jacobs of 4420 Magnolia avenue, to Sergt. Sidney F. Steinberg, son of Mr. and Mrs. Joseph Steinberg of 845 Newport avenue.

Mr. and Mrs. Leopold Lange of 5233 Greenwood avenue announce the engagement of their daughter, Irene C., to Wilton E. Guthmann of St. Cloud, Minn., son of Mr. and Mrs. Emil Guthmann of 4733 Michigan avenue.

* *

SOCIETY NOTES

Mrs. John Glass of Lake Forest returned on Monday from an eastern trip. She spent several weeks with Mr. and Mrs. Charles Garfield King at Rye Beach, N. H., and then, after the Kings had returned home the first of last week, Mrs. Glass visited friends in Boston and Swampscott.

Miss Jean Fletcher of New York, who is to be in the bridal party at the wedding of Miss Ginevra King and Ensign William H. Mitchell, will arrive tomorrow. During her visit here she will be the guest of Mr. and Mrs. John Glass in Lake Forest.

A woman's exchange sale will be held today at the Oconomowoc Lake club. Fall frocks, dainty collars and cuffs, hats, tea gowns, negligees, infants' wear, lamps and shades, lingerie, and table linens will be among the articles on display. Mrs. Albert J. Earling and Miss Grace Dixon will be in charge.

Mrs. George E. Sevey of 5537 Hyde Park boulevard and her daughter, Gertrude, have left for Washington and Massachusetts, where they will spend a fortnight.

Mrs. Frank L. Bellows is taking a trip through the Canadian Rockies and is now spendnig a few days at Lake Louise, Alberta, Canada.

Mrs. Orven Trayner of 4448 Drexel boulevard has gone to Mackniac island for a few weeks.

Mr. and Mrs. L. M. Goodman, 2124 South Springfield avenue, gave a farewell party on Saturday, Aug. 24, for their aunt, Mrs. Brenner, who returned to her home in New York City.

* *

Sixteen New Ministers.

Sixteen ministers will be graduated from Garrett Biblical institute at commencement exercises to be held this afternoon at 2:30 o'clock at Memorial hall, Evanston.

Mrs Paul D. Williams
MILLER PHOTO

Miss Eleanor A. Bell was married last night to Lieut. Paul D. Williams of the aviation service at the residence of the bride's parents, the Rev. and Mrs. Ernest A. Bell. Lieut. Williams is a son of the Rev. and Mrs. H. T. Williams of La Grange.

"CARMEN" ON FRIDAY AS A RAVINIA EXTRA

Mr. Eckstein announced last night that "Carmen," with last Saturday's cast, will be sung again on Friday night. The success of that performance with an audience which packed Ravinia—meaning about six thousand were present—was definite; and it is not surprising that a repetition has been arranged. Friday has not been in this summer's schedule for opera there, so that the performance will be an extra. Miss Braslau, whose Carmen was so good; Miss Mason, Mr. Kingston, and Mr. Rothier will again be concerned. This means three nights running for the tenor; for he will be in tomorrow's "Pagliacci" and in Saturday's "Il Trovatore"—and Canio, Don José, and Manrico make up a good order for the sturdiest of robustos.

Kingston is, when he sings as in last night's repetition of "La Bohème," a good tenor. He made a lovely item of Rodolfo's lovely aria, "Che gelida manina"—a bit of Puccini's gorgeous gift for melody which is by no means tenor-proof. All of "La Bohème" could be nicely put into a Ravinia evening, no doubt. What they give of it keeps in virtually all of Mimi, and omits what is best of Musetta, with the great waltz; but that second act is not an easy problem for the establishment. Miss Muzio's Mimi is another of her exquisite, intelligent achievements in the Italian répertoire. She put a world of good singing into it last night. Mr. Papi took the orchestra through an admirable account of what rounds up as Puccini's best score yet heard.

Tonight the second and third acts of "Rigoletto" and the third of "Hoffmann" as a special bill for Miss Mason, with Mr. Harrold. F. D.

* *

Vaudeville Show at Ravinia Park

Paymaster J. D. Doyle, U. S. N., executive secretary of the Navy Relief society at the Great Lakes station, announced last night that a big vaudeville show will be given at Ravinia park on the nights of Sept. 7 and 8, the funds to be devoted to the war recreation work of the Ravinia club.

The show will consist of fifteen vaudeville acts and is called the Great Lakes All-Star Vaudeville show. The various acts are presented by Great Lakes sailors, many of whom have appeared in big time vaudeville throughout the country.

Tickets for the event are already on sale at the box office at Ravinia park.

Some friend of yours is missing it.

He doesn't know how to pick 'em.

Tell him to look for Paramount and Artcraft motion pictures.

Tell him they are "better motion pictures."

You know they are!

Consult the Motion Picture Directory for theatres showing Paramount and Artcraft pictures.

War Is Causing Teacher Shortage

There is a shortage of school ma'ams. The higher pay of the business world, offices, industries, is calling them. There's a scarcity, especially in the sixth, seventh, and eighth grades, John W. Costello, superintendent of schools at Lyons, told the Cook county teachers' institute yesterday.

Assistant Supt. P. A. Mortenson recently said there is no shortage of teachers in the Chicago schools.

Supt. Costello pointed out to them that while there are about 2,000 teachers in the Cook county schools outside of Chicago, not more than 1,000 were at the institute. The rest are already at work in the higher paying jobs, he said.

"The war is playing havoc with the standards of the colleges and universities," said Dr. A. E. Winship, editor of the Journal of Education, Boston, who remarked that in the past they had been "most autocratic" in admitting students. He added:

"Traditional education has been most tragically affected."

A. N. Farmer, former superintendent of Evanston schools, now in training camp work, pleaded for coöperation by the schools in food conservation. Miss Mary Keating asked the teachers to assist in the coming sale of fourth Liberty loan bonds and war savings stamps. S. B. Davis of the University of Pennsylvania, and E. B. Worst of the Chicago Manual Training school, also pointed out the responsibility of the schools in wartime.

* *

Whist Party.

A whist and lotto party will be given by the Lawndale Ladies' Aid society at Rothschild's tea room today at 2 p. m.

* *

Movie Stars and Jackies.

Movie stars will twinkle and Great Lakes jackies dance at the Hotel Sherman Friday evening, Sept. 6.

W. O. CHAPMAN, EDITOR, IS DEAD

William O. Chapman, political editor of the Herald-Examiner and former warden of the Cook County hospital died last night at the Presbyterian hospital, where he had undergone an operation a week ago.

He was born in Indianapolis fifty-four years ago and came to Chicago from Omaha in 1899, working first on the old Record, and later on THE TRIBUNE and Record-Herald. He left that newspaper to take the city editorship of the Evening Post, which he resigned upon his appointment as warden. In 1915 he returned to the newspaper business.

William M. Crilly Dies; On Staff of Gov. Tanner

William Michael Crilly, retired contractor and builder, member of the staff of Gov. Tanner and well known in Republican, Masonic, and club circles, died yesterday at 4943 Blackstone avenue. He was born in Mercersburg, Pa., Jan. 15, 1852. He is survived by one son.

Last Drama on Pier.

The last of the series of Friday evening entertainments which have been held during July and August at the Municipal pier under the auspices of the Drama League of Chicago will be held on Friday evening under the patronage of Stamatis Pezas, royal Grecian consul general, and all the Greek societies of Chicago and vicinity.

* *

PLAN TO LINE UP 100% LOYALISTS FOR M'CORMICK

State G. O. P. Leaders to Follow T. R.'s Lead, Experts Assert.

BY E. O. PHILLIPS.

Springfield, Ill., Aug. 27.—[Special.]—Within seventy-two hours it is probable that Republican leadership in Illinois will decide what must be done in behalf of 100 per cent loyalty—following the propositions laid down by Col. Roosevelt last night—at the senatorial primaries, two weeks from tomorrow.

There is every indication that Republican voters will be told that the 100 per cent Americans must unite their strength behind Medill McCormick on the theory that he is the candidate who has the lead against Thompson.

Lowden Talks with Leaders.

Gov. Lowden, after he had accompanied Col. and Mrs. Roosevelt to the train, began a series of conferences with his cabinet and political friends. They were asked to get the facts in the primary campaign situation in their respective territories. This was done by telephone in some instances.

That there has been substantial ground for the fear that Mayor Thompson could slip by with a minority nomination is now generally recognized, but that declaration, as viewed by Republican spokesmen, is held to have eliminated much of the danger that Thompson could win.

In the opinion of those who have maintained a neutral position throughout the campaign, it is now up to the McCormick managers to demonstrate that they are in shape to deliver the goods and to take full advantage of the opening made by T. R.

Give Foss His Chance.

The feeling remains also that Foss has the right to his chance to produce evidence of a working organization both in Chicago and in the downstate. It is indicated that he will have this opportunity before decisive action is taken.

Col. Roosevelt departed from Springfield in the best of spirits.

"I have enjoyed the most pleasant thirty-six hours as the guest of the state of Illinois and of Gov. Lowden that I have experienced since I left the White House," Col. Roosevelt said. "The demonstration of patriotic loyalty by the citizens of Illinois was wonderful."

This morning the colonel talked for two hours with John Walker and Frank Farrington of the miners' organization and with Director of Agriculture Charles Adtkins and other representatives of the farmers.

"I wanted first hand knowledge about conditions here and I got them," the colonel said.

REVISION

Revised registration in Chicago is 780,212, divided by wards as follows:

Ward.	Men.	Women.	Total.
1	12,233	3,322	15,555
2	17,014	9,776	26,790
3	16,091	11,322	27,413
4	8,923	4,942	13,865
5	11,192	5,341	16,533
6	18,312	13,184	31,496
7	20,786	15,402	36,188
8	11,733	6,700	18,433
9	12,931	7,606	20,537
10	6,393	3,359	9,651
11	7,757	4,046	11,803
12	10,139	6,680	15,819
13	16,051	10,721	26,772
14	11,878	7,420	19,298

ROOSEVELT PAT ON STATEMENT AGAINST MAYOR

'Covers the Subject,' His Reply to Thompson Query.

Mayor Thompson's senatorial headquarters announced yesterday that he had telegraphed Theodore Roosevelt at Springfield in reference to the statement the former president issued there on Monday, in which he said Thompson's election to the United States senate would be a "calamity."

The copy of the telegram sent to the press read as follows:

"You are quoted in this morning's CHICAGO TRIBUNE as follows: 'But Mayor Thompson's speeches and actions as mayor of the great city of Chicago during the eighteen months since we broke off relations and then went to war with Germany have been such that his election to the senate would be a calamity from the standpoint of Americanism and patriotism while this country is engaged in a foreign war.'

"I will discuss this statement and those responsible for it with the people of Illinois, but before I do so I ask that you inform me whether or not you have been correctly quoted."

Roosevelt in City.

Col. Roosevelt left Springfield at noon and arrived in Chicago at 4:45 and left at 5:30 for the east. During that brief stay newspaper men saw him for a moment.

"I have not received Mayor Thompson's telegram," he said. "I shall attend to it when I do."

He was asked if he had seen a copy of it.

"I have seen what purports to be a copy of such a telegram," he said.

"What will be your reply to it?"

"The statement I issued yesterday covers the subject."

Thompson to Reply.

Previous to the sending of the telegram, Mayor Thompson told a noonday audience at Cohan's Grand that he would reply to Col. Roosevelt.

"First," he said, "I shall do him the honor of asking him whether he was correctly quoted.

"Then your mayor will announce the time and place that he will make his reply."

The fire ordinances were ignored completely at this meeting. Even after the seats on the main floor were all occupied employes of the law department standing at the entrance continued to direct people there until the aisles were completely jammed.

As soon as the mayor had finished speaking the audience streamed out and it was noticeable that most of those present went directly across the street toward the city hall.

URGES DEFEAT OF THOMPSON.

St. Louis, Mo., Aug. 27.—[Special.]—The following editorial in part will appear in the Globe-Democrat, leading Republican paper of the southwest, tomorrow morning:

"The Globe-Democrat has pointed to the danger that exists in the triangular fight for the Republican nomination for senator in Illinois. The danger lies in the fact that Mayor Thompson of Chicago is one of the three candidates, and his nomination is possible by the division of the loyal vote between Mr. Foss and McCormick. It is needless to recall the record of Mayor Thompson. His position in relation to the war, to the measures necessary to the prosecution of the war, to the principles of true Americanism, are too well known in Illinois and elsewhere, to require discussion. His nomination would shame the Republican party, and his election would hame the great state of Illinois, whose record for stalwart and uncompromising patriotism has never been surpassed by any state in the union.

"The situation is extraordinary and calls for extraordinary treatment. The Globe-Democrat has never been disposed to take sides in a primary contest, as its readers well know, but considerations of patriotism, this grave menace to Americanism, justifies, nay, demands that a choice be made. We make no distinction as to merit or patriotism, but we are convinced that Mr. McCormick is the man upon whom the loyal Republicans of Illinois can and should unite. Mr. McCormick was in the field long before Mr. Foss, he is better known to the people of the central and southern part of the state, if not in all of it; he has the better organization, and already the larger following.

"Plainly, he is the stronger candidate and the one surest to win the vote which should sternly rebuke William Hale Thompson and his supporters.

BOOM SUFFRAGE AS WOMEN GIVE DEMOCRATS AID

With women for the first time "sitting in" with the men members, the managing committee of the Democratic party of Cook county yesterday boomed equal suffrage as it never before has been boomed in that organization.

The women representatives of the wards and country towns were welcomed by George E. Brennan, who at once started the ball rolling.

"In the past," he said, "I have felt some doubt about woman suffrage, but now I'm convinced that the women are as able as the men to exercise discrimination at the polls."

Chairman James M. Dalley, who is a candidate for the presidency of the sanitary district, for which women can vote, seconded the motion warmly.

"I also," he said, "shall be glad to see the day that equal suffrage is granted to women."

The women responded with expressions of appreciation for the new recognition given them. Mrs. George M. Bass said that the Democratic national committee had taken the lead in giving real authority to women. Mrs. Anna L. Smith and Mrs. Eloise Garrison spoke in a similar vein.

The women reported that their ward organizations are active and that they do not intend to confine their work to support for the candidates for whom women can vote. They said their new duties would spur them to unceasing efforts for the entire ticket.

The first vote of the women members was on a motion of Anton J. Cermak, candidate for sheriff, that the 2,500 precinct captains should be asked to become volunteer salesmen in the fourth Liberty loan drive. All the women voted for the motion and so did every man on the committee.

One of the Sullivan candidates, Peter Reinberg, seeking renomination for president of the county board, received a substantial boost from women workers outside the organization. It was written by Miss Harriet Vittum, one of the women leaders among the Progressives, and was said to have been approved by a number of her associates.

"Peter Reinberg is opposed by Frank Ragen, one of the floor leaders of the well remembered Bartsen régime," wrote Miss Vittum. "A visit to the county's charitable institutions will convince the voters of Cook county that they are well managed and have had the thoughtful and intelligent supervision at the hands of President Reinberg, whose high grade citizenship has never been questioned."

IN POLITICS

Doings of Candidates for State and County Offices.

Chief Justice Harry Olson of the Municipal court is billed to speak at an open air meeting tonight at Fortieth street and Drexel boulevard for the Brundage-Galpin candidates. Other open air meetings for this slate will be held at Fifty-seventh street and Kimball avenue, at Fifty-third street and Michigan avenue, and at South Park avenue and Fifty-sixth street.

Ald. J. W. Healy, Ald. Willis O. Nance, and Frank A. Vogler, candidates for sanitary trustees, will be the guests of honor this noon at the third of the series of receptions given by the women's loyalty campaign committee at the regular Republican headquarters, 29 South La Salle street.

Deputy Sheriff Charles W. Peters charged yesterday that Thompson workers have attempted to "line up" the country saloons of Cook county with promises that they will be unmolested on Sunday if George Hitzman, the Thompson candidate, is elected sheriff.

HARRISON BACK TO TAKE STUMP FOR HIS SLATE

Although scheduled to go into the war zone for the Red Cross in the near future, Carter H. Harrison will address several meetings for the allied Democracy before the primary two weeks from today.

The former mayor returned to Chicago yesterday after a trip for the federal war risk insurance bureau that carried him to the west coast. It was while he was out there that the Red Cross announced that he would be made a field director in France as soon as the necessary arrangements could be concluded.

This led to a fear among his associates of the allied anti-Sullivan organization that he would be unable to take part in the campaign, but when he walked into headquarters yesterday afternoon he said he was ready to take the stump the minute he was called.

The allies' headquarters also announced that State's Attorney Hoyne will take the stump within a few days and possibly before the end of this week.

Former Gov. Dunne made his second appearance in the campaign last night at 9000 Commercial avenue, where he again talked of the gas and traction issues.

Lick Kaiser First, Then Talk Peace, Says Malone

"Lick the kaiser first, then arbitrate."

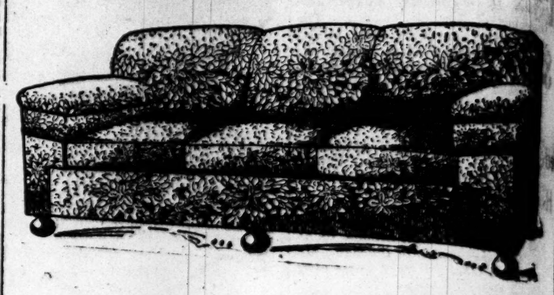

This is what William H. Malone, candidate for the Republican nomination for congress in the Seventh district, stands for if he wins the nomination and is sent to Washington. He told this to hundreds of persons last night at a loyalty meeting at Wicker Park hall.

The girls' sizes, 11½ to 2, $4.15 pair. Children's sizes, 8½ to 11, $3.65 pair.

Third Floor, South.

Victory Begins at Home

IT'S a problem to serve the right food nowadays! But, luckily, you can now have Amerikorn, in flour or meal, for the most satisfactory service in any way where corn can be used.

Amerikorn Flour is the right bread and cake ingredient *in itself*. You *use it alone* in any recipe calling for baking powder. Only when a dough is wanted do you have a need for wheat flour.

Amerikorn

The Nation's Food

Then there is Amerikorn Meal—for any corn meal requirement, and *better*.

Amerikorn Flour comes in 5-lb bags; the meal in 1½-lb. cartons. A book of recipes in every package. Order from your dealer today.

CLUB 'RAFFLES' ALSO SOUGHT AS SPY FOR KAISER

Federal and City Officers Hunt Robber-Bellboy, an Alien Enemy.

For several weeks a mysterious Raffles has been looting the Standard Club, 2400 Michigan avenue, an exclusive Jewish organization, taking diamonds and jewelry of members. Yesterday federal officials and Chicago police took up the trail of Adolph Herbst, a former employé, who has vanished.

Herbst, about 21 years old and an exceptional dresser, is registered as a German enemy alien and that is why the federal authorities are so interested. Herbst disappeared after suspicion had been directed toward him.

Took Valuable Jewelry.

Some of the names of the victims are:

E. N. D'Ancona of the law firm of D'Ancona & Pflaum, 30 North La Salle street, diamonds and jewelry missing valued at about $1,200.

K. K. Kline, jeweled cigaret case, etc., loss $225.

Herbert Hart, gold stick pin with pearl and diamonds and diamond cuff buttons, $175.

Edward R. S. Fischell, secretary of the club, found out that Herbst was an enemy alien when he reported to Hinton G. Clabaugh of the department of justice that he suspected him of being a spy. The man was found listed on the United States Marshal Bradley's books as living at 21 South Morgan street and later as having moved to 2430 Fairfax avenue.

In his flight Herbst left behind him a bundle of letters in his room asking a friend in the house to burn them. The friend instead turned them over to the authorities. The letters revealed a romance in Chicago and as a result the home of a young woman is under surveillance.

Amateurish as Bellboy.

In applying for his position Herbst told Secretary Fischell that he was an experienced bellboy. His work, Fischell said, indicated him to be a novice at the job. From remarks the young man let fall it is known that he has traveled all over the country, visiting Pacific coast points and Hawaii.

He is described as being about 5 feet 4 inches tall, blonde, fashionably dressed and a constant reader. He also has a slight impediment in his speech.

MOTOR INN NEAR ELGIN RAIDED BY TRAEGER MEN

Charles Peters, chief deputy sheriff, with a squad of deputies made a dash through the western part of the county last night looking for road houses selling liquor without a license. Two arrests were made, Henry Selms, proprietor of the Motor Inn, and William Dreyer, who runs a resort in the same neighborhood. Both places are not far from Elgin. They also discovered there an organized "tip off" system among the road houses, as the most of those visited were waiting for them, and one got the tip while they were in the office—a deputy answering the phone and receiving the information.

Selms and Freyer will be arraigned before Justice Beyer in Oak Park charged with operating without a license. It is impossible for them to steal na license as they are located within the two mile limit of Elgin.

County Commissioners Scott and Doran yesterday tried in vain to get the county board to reconsider its refusal to grant licenses to The House of Jack Built, Johnson's tavern in Waukee avenue, and Mrs. Peter Fey's saloon. The commissioners refused by a vote of 8 to 6.

Frank Hayes, owner of The House of Jack Built, and Carl E. Johnson, owner of the roadhouse, each gave bail yesterday in the sum of $400 after being arrested on a charge of selling liquor without a license.

MORRISON HOTEL SUES JUDGE FOR $50,000 DAMAGES

Suit for $50,000 was filed yesterday by the Moir Hotel company against Municipal Judge John A. Mahoney. The declaration cites certain remarks contributed to Judge Mahoney while on the bench in the Court of Domestic Relations concerning the Morrison hotel.

The remarks followed the testimony of Clara Hager, a 17 year old girl of 4 Wilson avenue. She told of staying at the hotel with a chum, Pearl Winston. She said two sailors visited them in their room and later paid their hotel bill.

Judge Mahoney is quoted in the bill as having referred to the Hotel Morrison as "a house of assignation" and having demanded of federal agents that they investigate. The hotel company represents in the suit that the remarks were malicious and unwarranted and have damaged the hotel.

Judge Mahoney could not be reached last night.

Woman Writes She's Tired of World; Takes Poison

"I don't want to live in this world any longer," wrote Mrs. Rickey Couchman, 33 years old, in a scribbled note. Then she swallowed poison. A little later she was found moaning in a hallway of her home, 334 South Winchester avenue. Neighbors said she recently had separated from her husband.

CULPRITS

Food Administration Closes Six Bakeries for Violation of Regulations Regarding Use of Flour and Sugar.

Six bakeries have been ordered to close by the food administration. The orders were issued because of violations of regulations regarding the use of flour and sugar. The bakeries are closed for periods of from three to ten days. Four grocers have been prohibited from buying flour until after Oct. 1.

The bakers who were punished are:

IMPERIAL BAKING COMPANY, 1020 Marshfield avenue; ordered to close for ten days from Sept. 1 and prohibited from selling anything but bread and rolls after this date.

KUZNITSKY & KAPLAN, 1336 West Fourteenth street and 3654 West Sixteenth street; ordered to close three days from Sept. 1.

DAVID ORENSTEIN, 1237 West Twelfth street; to close five days from Sept. 1.

I. BERGER, 1413 South Jefferson street; to close five days from Sept. 1.

NORTHWESTERN BAKING COMPANY, 2450 West Division street; prohibited from selling anything but bread and rolls.

ANGLO-AMERICAN BAKING COMPANY, 2321 Potomac avenue; close for ten days.

These grocers have been prohibited from buying flour until after Oct. 1:

B. Scardina, 6712 South Ashland avenue; Nick Scafidi, 1129 Cambridge street; Joe Cavallo, 1403 West Grand avenue; Lee Tomasello, 904 Townsend street.

TRACTION DEBATE NOW ASKED FOR THE GRAND JURY

Whether or not the Cook county grand jury will listen to a joint debate on the merits of the traction unification ordinance will be decided today by the inquisitorial body.

The grand jury will convene again to consider the draft of a report on the traction bribery charges which were investigated last week. It has been stated that the report will go into the general merits of the measure which the city council passed over the mayor's veto after the airing of the bribery charges had been started.

In addition to a request on the part of Ald. S. S. Walkowiak that the grand jury give Walter L. Fisher, special traction counsel for the city, an opportunity to discuss the measure, two other citizens would like to make talks on the merits of the ordinance. They are former Corporation Counsel James G. Skinner and Tomas Deuther, secretary of the Northwest Side Commercial association.

Mr. Deuther appeared at State's Attorney Hoyne's office yesterday and announced that if Mr. Fisher is called to defend the traction law he and Mr. Skinner desire to appear to refute his argument.

"As to this debating program the grand jury will have to decide when the members meet," Mr. Hoyne said last night.

Wrongly Set Timepiece Causes Soo Line Wreck

An error in resetting the clock in the cab of a freight engine on the Soo line resulted in a collision with passenger train No. 8, bound for Chicago, near Antioch yesterday morning. Louis Fisher, fireman on the freight, and Edward Regan, engineer of the freight train, were bruised and cut when they jumped from the cab.

Several passengers were bruised and shaken, but no one was injured seriously. Both locomotives were badly damaged and five coal cars and one milk car were wrecked. The track was blocked last night. The freight train was supposed to take a siding near Antoich, but the clock was one hour slow.

Miss Evelyn Atkeisson, daughter of Dr. John E. H. Atkeisson of 1954 Milwaukee avenue, was among those slightly injured.

New Gas Bills Signal for Contempt Action: Richberg

Donald R. Richberg, special counsel for the city council in gas litigation matters, announced yesterday that as soon as the Peoples Gas Light and Coke company started to send out monthly bills based on the 27½ per cent increase allowed by the state public utilities commission he would enter contempt proceedings against the company for violating a Circuit court injunction prohibiting the company from charging more than 80 cents per 1,000 cubic feet of gas.

U. S. ON TRAIL OF MYSTERY IN DEATH OF JACKIE

Drowning at Midnight Brings a Searching Inquiry.

A searching inquiry was instituted yesterday in connection with the drowning shortly before midnight Monday of Edward Lewis Clare, first class baker on the U.S.S. Commodore, stationed at the foot of Randolph street.

E. L. CLARE

Naval authorities, District Attorney Clyne, and Hinton G. Clabaugh, local head of the federal bureau of investigation, are seeking to establish the circumstances of Clare's death.

The drowning occurred when a small boat in which Clare and four of his shipmates were rowing capsized. The jackies, according to Capt. Evers, left the ship without permission.

A naval board of inquiry headed by Lieut. McNeil met on the Commodore last night. All the men on watch at the time and those in the small boat with Clare were questioned. An attempt was made to find out if there had been any liquor taken aboard Monday night. Some of the men had just returned from shore leave, but all the men concerned testified no liquor was aboard.

Further Inquiry to Be Made.

The board adjourned without arriving at any conclusion. Capt. Evers pointed out that this board has no power to fix the blame, being authorized merely to determine whether the decedent came to his death by accident in the line of duty or by his own misconduct.

The inquiry, however, is not ended. A naval board of investigation will meet today or tomorrow. This board has definite powers to act. The liquor phase, Capt. Evers indicated, will be gone into thoroughly.

"We have no definite proof yet that the accident was due to drinking," said the captain. "We have thought it best, however, to make a thorough investigation. For that reason I notified the federal authorities.

Clare's Record Unblemished.

"We have had practically no drinking by our men since the stringent regulations went into effect last fall. Clare's record was unblemished.

"I am sure the men are not getting liquor from the 'bum boats,' and I do not believe they are getting it in the loop, but they may be getting it in the outskirts of the city. If so, we are going to find out where and put a stop to it."

Clare's home is at 7140 Cornell avenue. He was 26 years old. His body was recovered near the Columbia Yacht club pier.

GIRL, FIGURE IN TRAGEDY, WOULD WED BOY IN JAIL

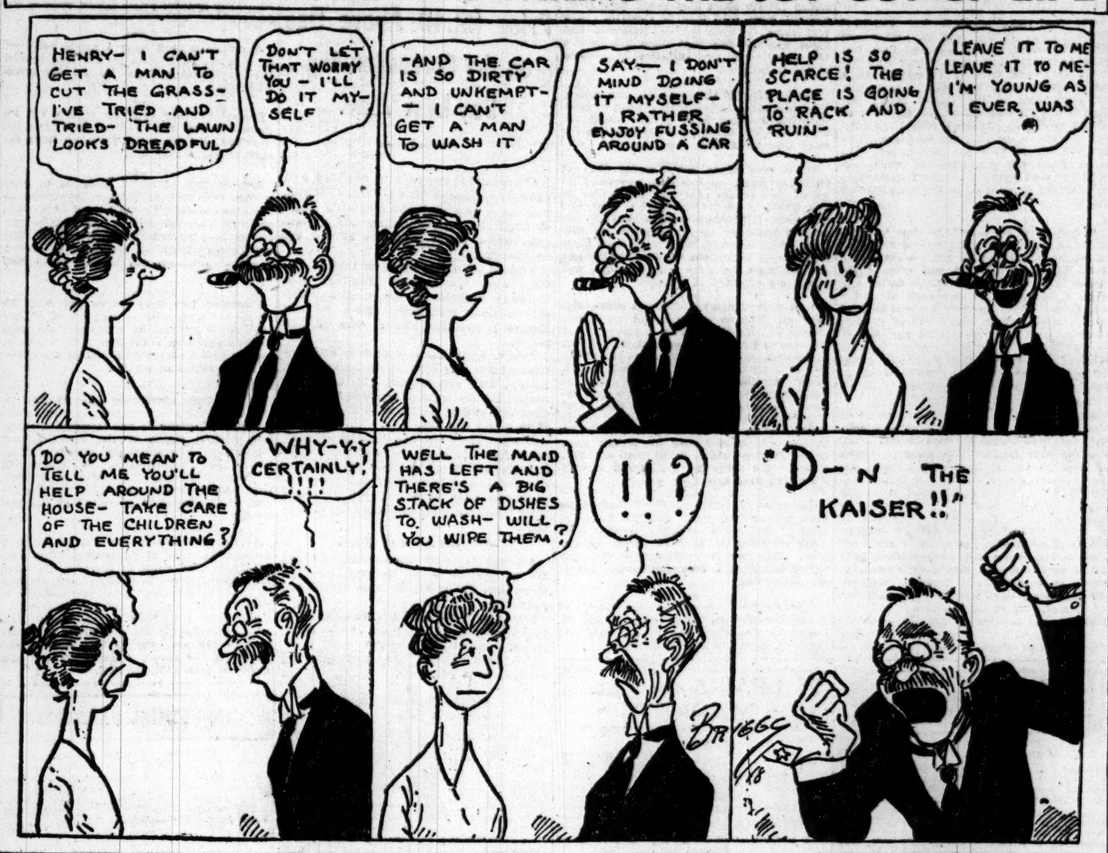

"I don't care what they do with me if they only let Francis Ryan go. When we both get out of jail I'll marry him," said Doris Anderson, 16 years old, yesterday. Doris was arrested in Winnetka Monday with another girl and two boys in a stolen automobile.

"I can play the piano here in jail. It isn't so bad a place after all," she commented.

A year and a half ago when Grace Hagemann, 13 years old, was found shot to death the police questioned Doris about a quarrel with her chum over a boy. Doris and Grace, according to stories told by children in the neighborhood, were members of the "Black Followers," read weird and reeking love romances, and had imagined love affairs of their own.

The boys arrested with Doris gave their names as Joseph Konkel, 643 Oakley avenue, and Francis Williams, 2129 West Erie street. Doris insists that Francis' real name is Ryan. The car belonged to M. R. Sharp, 7124 Lowe avenue. The police are pondering over what to do with Doris.

SOMEBODY IS ALWAYS TAKING THE JOY OUT OF LIFE

REVOLVER-NAIL CLIPPER BARKS EDITH TO CELL

Miss Becker's Combination Gun-Beautifier Brings Woe.

For some folk this world is just one bundle of trouble after another. For instance, there's Edith Baker. Edith dropped up to the eighth floor of the house of D. B. Fisk & Co., 225 North Wabash avenue, yesterday to give the millinery a reconnaisance for visibility.

When she left she left a fancy handbag on a counter. Miss Louise Jones, saleswoman, saw it and went over the top after it. When she peeped inside out popped the cleverest little weapon of offense and defense she'd ever seen.

It was a nickeled combination revolver-knife-nail clipper affair, and as Miss Jones picked it us as quick as scat it barked and off went the tip end of her finger. The bullet, not the nail clipper, got it.

Back Comes Edith.

Just then, while they were loading Miss Jones into an ambulance and telling the driver Presbyterian hospital for a shell shock victim, up trips Miss Edith and asks for her bag.

Edward Schmidt, traffic cop, who had left his street outside, allowed that he'd better take Edith to headquarters, as no 23 year old girl ought to carry such things, when she denied ever owning the sweet little .22 caliber nail clipper.

Edith and Trouble Are Kin.

She pulled pretty hard against going over there with him, but she went along. On arrival, after a couple of seconds the greeting was:

"Hello, you back again?"

And then records were looked up and it was shown that on Feb. 7, 1918, Judge J. P. McGoorty had sent Miss Edith Baker to the bridewell for six months for fur lifting in a loop store. She was booked on charge of carrying concealed weapons and disorderly conduct, which shows once again that Edith and trouble are kin.

CAPTURE MEXICAN SUSPECT.

Aurillo Hurgalo, a Mexican, sought by the police since May as the murderer of Hernandez Monlotongo, also a Mexican, was arrested yesterday in Desplaines and brought to Chicago. Hurgalo lived at 3029 West Thirty-eighth street previous to the crime. Monlotongo was stabbed nineteen times.

CHICAGOAN CHOSEN

D. R. McLennon, Chief of the Civilian Branch of New Industries Board.

WASHINGTON, D. C., Aug. 27.—[Special.]—A new division of the war industries board to determine questions of the need of additional industrial facilities for the conduct of the war was organized by Chairman Baruch today.

Samuel P. Bush, who has been directing ordnance facilities expansion for more than a year, will be head of the new facilities division. Associated with Mr. Bush will be D. R. McLennon of Chicago, who has been appointed chief of the division's section on civilian industrial facilities.

The new division will work in close coöperation with the resources and conversion section of the board, which already has turned to war work hundreds of plants made idle or partly idle by the changed conditions of the times. A council to coördinate all the war demands of the government will later be made a part of the division's organization, with representation from the army, the navy, the Emergency Fleet corporation, and other departments.

MRS. BUCHANAN ACCUSES MATE

Charging that her husband had failed to support her and that she was now in a destitute condition, Mrs. Frank Buchanan, 2205 North Central Park avenue, appeared in the Court of Domestic Relations yesterday and requested that her husband, former congressman and labor leader, be brought before Judge Mahoney.

According to counsel for Mrs. Buchanan, an agreement was drawn up in June, 1918, whereby Mr. Buchanan was to pay her $100 a month for the support of herself and the three children. She charges that Buchanan has failed to live up to the agreement.

It is believed this is the sequel of a scene between Miss Dorothy Kent, formerly Mr. Buchanan's secretary, and Mrs. Buchanan near the Green Mill gardens last Friday. Mrs. Buchanan is said to have beaten Miss Kent after finding her in Buchanan's company.

25 Pounds of Sugar to Family for Canning Now

County and local food administrators throughout Illinois were given authority yesterday to issue certificates for canning that will call for twenty-five pounds of sugar for each household, provided they consider it wise to do so.

THEATER CROWD JOINS IN CHASE OF AUTO THIEVES

Bullets Stop One of 2 Boys Under Windows of Union League.

After a wild chase in which many shots were fired and probably 1,000 persons took part, among them being a theater crowd, two boys, believed to be automobile thieves, were run down inside the loop last night and arrested. They gave their names as follows:

Frank De Paul, 17 years old, 2632 West Grand avenue.

Felix Black, 16 years old, 955 North Lincoln street.

Wilbur C. Perkins, 4553 Sheridan road, head of the Perkins Phonograph company, 831 North Wood street, had just entered the Majestic hotel with his business partner, Louis Kucki, when his touring car started off. Kucki saw it go and, turning, gave chase.

Yell Brings Coppers.

As he fell over a garbage can he emitted a yell that awoke the police to action. Patrolmen Terrence McGrath and Patrick Lally hove around the corner at Dearborn and Quincy streets and gave chase. When they called on the boys to stop the young driver merely stepped on the gas.

McGrath fired several shots and the De Paul boy surrendered. Young Black took to his heels with all speed west on Jackson from Dearborn and turned south into Federal court. Under the windows of the Union League club Lally turned loose with his pistol.

Bullets Speed Him Up.

At this the boy speeded up visibly, but ran into the outstretched arms of Detective Sergeants Teeling and Mangin, who rushed toward the sound of the shots. An automobile key was found in Black's pocket.

At the station Kucki told the police that the same two boys had tried to steal the same automobile about a month ago. The police accused the boys of being experienced automobile thieves but they denied it.

WELCOME AWAITS ADELAIDE.

Adelaide Irene Novotne, 14204 West Fourteenth place, Chicago Heights, will find a welcome agaiting her, if she will come home. Her mother, her two brothers, Frank, 16, and Alfred, 9, and even little baby Bob, are heartbroken. Adelaide disappeared from her home on Aug. 18.

SHRAPNEL

Salvatore Merando, Chicago correspondent of the Institute Coloniale Italiano, announced yesterday that that organization will undertake to deliver packages and money to American and Italian war prisoners in Germany or Austria. Gifts, with instructions, should be sent to the Instituto Coloniale, Piazza Venezia II., Rome, Italy.

Miss Florence G. Colby of 441 East Forty-eighth place, secretary to Dr. Shailer Mathews, who is state secretary of the war savings committee of Illinois, left yesterday for an eastern port to sail for France, where she will engage in Y. M. C. A. work in the administrative offices at Paris.

"Home Port Blighty," an organization of members of the Evanston Woman's club, gave the first of a series of dances at the Evanston Woman's clubhouse last night for the sailors of Great Lakes. Four hundred and fifty jackies availed themselves of the club's hospitality.

A patriotic mass meeting is to be held in the Humboldt park refectory Friday night. All residents, men and women, of precincts 1 to 32, ward 35, are asked to meet to organize the Eighty-fourth exemption district committee, State Council of Defense, to help both the boys at the front and the government.

A call is made for men of special qualifications for service with the general staff in Washington. Only men between 21 and 31 who are classified in class 1A for limited service, will be permitted to enlist. Stenographers, typists, statisticians and accountants are desired. Capt. Ednyfed H. Williams of the general staff, is in Chicago and will interview all applicants at the State Council of Defense, 120 West Adams street, Wednesday from 9:30 to 6:30 and Thursday morning 9 to 12:30.

Woods Quits as Congress G. O. P. Committee Head

Washington, D. C., Aug. 27.—Representative Frank P. Woods of Iowa, who recently failed of renomination to congress, tendered to the Republican congressional committee tonight his resignation as chairman of that organization.

The committee will meet again Friday night, at which time it is expected a successor will be named. Representatives Fess of Ohio, Kahn of California, and Wason of New Hampshire are mentioned as successor.

WHEATLESS DAYS END SEPT. 1; MAY USE 80 PER CENT

Food Administration Revises Rules Applying to Dealers and Homes.

[BY A STAFF CORRESPONDENT.]

Washington, D. C., Aug. 27.—[Special.]—Wheatless days and wheatless meals are ordered discontinued by the food administration beginning Sept. 1, and new regulations governing the use of substitutes for wheat flour and decreasing the percentage of substitutes to be sold with flour also have been proclaimed.

The food administration's recent survey of conditions in the United States, France, England, and Italy shows that conservation of wheat flour in all countries must be continued to guard against disaster, but that there can be permitted an alteration in the regulations.

Suggestions to Retailers.

"It has been agreed," the food administration has announced, "that the wheat bread of the allies shall contain 20 per cent of other grains, and it is only just that we should bear our share in this saving and that our bread at least should be universal with those who are suffering more greatly from the war than ourselves.

"Distribution and transportation circumstances in the United States render it necessary to rely largely on the voluntary action of our homes to enforce this mixture. The 'victory bread' is wholesome and there is no difficulty in preparation.

Must Be Only 80 Per Cent Wheat.

"For this purpose regulations are effective Sept. 1, providing first for the preparation and marketing by the manufacturing and distributing trades of the country of a mixed flour complying with the international policy, which will be available for purchase by the household; second, in regulations covering the case where straight wheat flour is sold by retailers, that at the same time 20 per cent of other cereal flours must be sold coincidentally; third, requiring that all bakers' bread shall contain 20 per cent of other cereals, and the food administration relies upon the householders of the country to mix at least 20 per cent of the substitute cereals into the wheat flour at home for all uses. Cornmeal for the use of cornbread should be purchased separately from combination sales.

The New Regulations.

"The new regulations supersede the fifty-fifty rule. The retail dealer selling standard wheat flour is requested to carry in stock either barley flour, corn meal or corn flour, and with every sale of wheat flour must sell some one or more of these in the proportion of one pound of substitute to each four pounds of wheat flour. No dealer may force any other substitutes in combination upon the consumer, and these substitutes must conform to the standards fixed by the food administration.

"There are some localities where other substitutes are available and which retailers may wish to carry. In order to meet this situation the following flours may be sold in such combination in lieu of the above flour, if the consumer so demands, at the ratio of one pound to each four pounds of wheat flour—that is, feterita flour and meals, rice flour, oat flour, kaffir flour, milo flour, peanut flour, bean flour, potato flour, sweet potato flour and buckwheat flour."

"WOBBLIES" FACE SENTENCE TODAY AFTER LAST PLEA

The 100 I. W. W. leaders, convicted of obstructing the government's war program, may be sentenced today. Federal Judge Landis, after hearing arguments for a new trial yesterday, set this afternoon as the time for presentation of briefs. He indicated that he would make an immediate disposal of the case of the "wobblies."

George F. Vandeveer, representing the I. W. W.'s, based his argument for a new trial on the ground that the jury had not given careful consideration of its verdict.

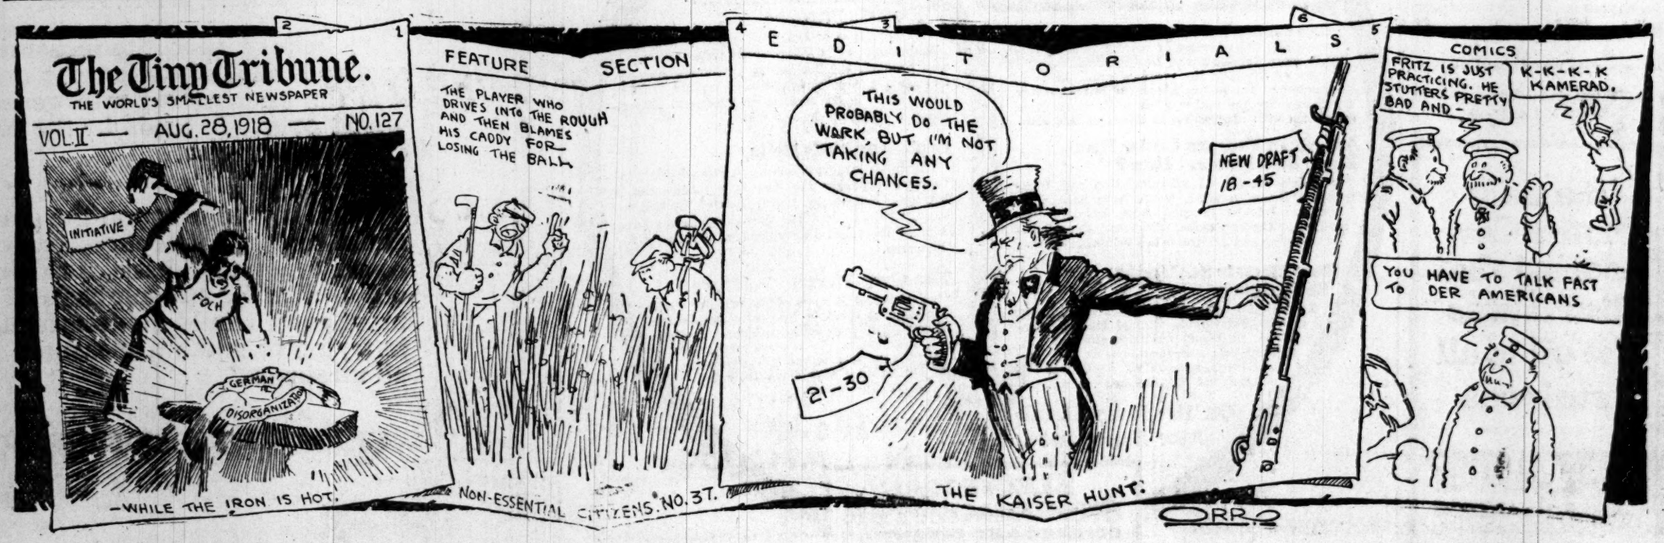

"Within forty minutes after leaving the courtroom a verdict was returned," he said. "The jury really brought in 400 verdicts in about half an hour, based on 100 defendants and four counts against each defendant. That means about five seconds for each verdict. In view of the court's instructions to the jury not to discuss the case until all of the evidence was in, it seems, in view of the short time required to reach a verdict, that these instructions must have been disregarded."

RACE FEUD FEAR KEEPS COPS BUSY

Police of the Thirty-fifth street and Cottage Grove avenue stations were kept busy last night for several hours investigating reports of race riots in the vicinity of Thirty-eighth street and Shields avenue. Shortly after 7 o'clock a riot call came in to the Thirty-fifth street station, following a report that a man had been shot in a pitched battle between Negroes and whites.

Police searched a prairie for the supposed victim of the rioters without success. An hour later several shots were heard near Wentworth avenue and Thirty-seventh street, and another call was made for the police. No disturbers were found.

According to the police, there has been fighting and stone throwing between young men and boys of the two races for several weeks because of the moving to the neighborhood of several Negro families.

LOWER PRICES ON ALL GRAINS AND PROVISIONS

Increased Selling Pressure and Poor Speculative Support Cause.

BY CHARLES D. MICHAELS.

Increased selling pressure and poor speculative support made lower prices for all grains, with net losses of 2¾@4c on corn and ¾@⅞c on oats in Chicago. Losses on corn in the southwest were 2¾@3⅛c, the latter on September in Kansas City. Oats there were off ¾@1⅛c, with St. Louis leading. Oats in Minneapolis closed ½@⅝c lower and in Winnipeg ⅝c lower. Receipts in the latter market were only 4 cars.

Provisions declined and closed with losses of 45@55c on pork, 17½c on lard, and 32½@35c on short ribs.

Liquidation On in Corn.

A scarcity of news had no effect on the corn traders. The market's action reflected the technical position, and declined 3⅛@4⅜c from the previous day's finish. Liquidation was on, and stop loss orders, combined with selling by those who sold bids, was responsible for the drop to the extreme low point, which showed September off 10⅛c from the high of last week. Part of the corn belt had good rains, which was a factor in inducing sales.

Short covering was in evidence toward the last, and a rally of ⅝@⅞c followed, with the close at $1.56½ for August, $1.56⅞ for September, and $1.58⅝ for October. The most effective buying was by commission houses, some of which sold early.

Sentiment has become radically bearish. Country consignment notices have increased, and the trade generally expects that the run to terminal markets will be large. Kansas City reported Iowa, Kansas, and Nebraska shipping grain to that market. Primary receipts so far this week are 1,743,000 bu, or 676,000 bu in excess of the previous week and nearly 1,000,000 bu more than last year. Shipments were 778,000 bu, against 735,000 bu last year. Deliveries after the close were 50,000 bu and cash sales 50,000 bu.

Oats Sold to Go to Store.

Weakness in corn had a depressing effect on oats, as did the constant hedging sales, which came into the pit in small amounts throughout the day. There was considerable business in changing hedges from September to October by cash houses at about 1⅜c difference. Scattered longs and commission houses were on the selling side, and prices declined 1⅛@1¼c, closing on a rally of ⅜c, with August at 70⅝c, September at 70⅞c, and October at 72⅜c.

In the last three days sales of 1,435,000 bu have been made to go to store, mostly for delivery on September contracts. After the close deliveries were 113,000 bu, which stopped with Updike. Domestic shipping sales were only 35,000 bu. Standard oats in the sample market followed the September. Receipts were fairly liberal and country offerings to arrive moderate. Primary arrivals of 4,654,000 bu so far this week shows little change from the previous week, but is 540,000 bu in excess of last year. Shipments were 2,530,000 bu, against 2,201,000 bu last year.

Rye in Weak Close.

Hedging sales of rye depressed futures 4½c, October declining to $1.67½, but rallied at the last and closed at $1.68½. The best buying was for investment account. Spot was off 3@3½c, No. 2 selling at $1.66@1.68. Receipts 60 cars. Milwaukee was 2c lower. At Minneapolis futures were off 3½c with September $1.60½ and October at $1.62. The northwest had 26 cars.

Barley declined 2@3c. A good part of the arrivals was not fit for milling. Spot sold at $1.00@1.08. Receipts 16 cars. Milwaukee was 2@3c lower and Minneapolis 1@2c lower. The northwest had 120 cars.

Flax seed at Duluth closed 2@4c higher; September, $4.37; October, $4.26½. Winnipeg, 3@4½c higher; October, $4.16½; November, $4.04. The three markets had 1 car.

Timothy seed unchanged. September and March, $10.25 bid. Country lots, $6.00@8.75 per 100 lbs. Toledo, 2½@10c lower; September, $4.85; October and December, $4.87½; March and April, $4.92½ per bu of 45 lbs. Clover seed, no market. Toledo, 5@10c higher; October and March, $17.60; December, $17.50 per bu of 60 lbs.

Longs Sell Provisions.

Many longs as well as a larger sprinkling of shorts were more disposed to sell provisions and prices declined and closed at nearly the lowest of the day with good losses. Buying support was poor until the inside had been reached, when some of the early sellers of lard and short ribs took profits, making a small rally.

A large part of the trading was in buying September and selling October with difference slightly reduced. Carriers were more disposed to carry product at lower rates and it was said that they believed that there will be enough demand to absorb all stocks at better prices before the new packing season product is available. Hog supplies were more than double last year's. Prices follow:

Mess Pork.

TO INCREASE SUMATRA STOCK.

At the American Sumatra meeting to be held next Thursday stockholders will be asked to ratify an increase of stock to allow for a 15 per cent stock dividend and an offering of 25 per cent new stock at par.

WORLD'S GRAIN MARKET NEWS

Trading in white corn for future delivery is favored by the American Corn Millers' association as a hedging proposition. It is indorsed by the food administration as a good thing. Board of trade directors had it presented to them yesterday through the efforts of Douglas W. Lackey, secretary of the Corn Millers' federation. Corn millers say they desire to get protection in the corn market against purchases of corn and sales of finished products.

The food administration has stabilized their industry in the way of profits and prices for the corn millers, and they feel that by having trading in white corn futures they will be able to operate to a larger extent with less risk. Production of white corn in the United States last year was 1,058,000,000 bu, or 41 per cent of the crop. It compared with 1,113,000,000 bu yellow, or 43.1 per cent, and 412,000,000 bu, or 15.9 per cent mixed. In some years the percentage of white exceeded that of yellow slightly. The directors referred the proposition to the committee on rules.

A new order on substitutes has been issued by the food administration. It is mixed wheat and barley flour, 4 lbs wheat to 1 of barley. Wheat and corn, 4 lbs wheat to 1 lb of corn. Wheat, barley and corn, 8 lbs wheat to one each of barley and corn. Wheat and rye, 3 wheat to 2 of rye. Whole wheat, entire wheat graham flour or meal must contain 95 per cent of whole wheat. All the above can be sold without substitutes, but at no greater prices by millers, wholesalers or retailers as in case of standard wheat products.

An impression is growing among many of the largest corn traders that the corn market has been bulled all that it will stand for the time being. The market's action of late shows it, they say. Prices advance when shorts oversell on breaks and try to cover, but quickly react when the buying pressure is removed and there is any increase in the selling. Absence of a balance wheel in the way of contract stocks is responsible for much of the nervousness and rapid fluctuations with a light trade, as the market constantly swings between an overbought or oversold condition. Small shorts covered corn on Monday's bulge, while a number of the larger ones held out, regarding the advance of that day as merely a pit situation. On yesterday's break many shorts secured profits through purchases of sales of bids. Traders bought bids freely last night.

Increasing evidence comes from Illinois and Iowa that marketing of old corn is to increase for some time. A Des Moines message said a heavy movement is on in Iowa which will last a week or ten days and be of good volume. Some operators used this as a bearish argument, while others said that at the rate the pit element were selling futures short they would have many millions more sold than is received. The only thing in favor of the bull side last night was the fact that there has been a 10c break, and the excessive bearishness of the trade.

The petition of the provision men asking that maximums on provision futures be modified was referred back to the committee, who asked the board of trade directors for more time for further consideration.

There were many bears among the oat trade last night. It was said, however, that unless corn breaks oats may not decline to any extent, as at present there is a demand for them. Exporters bought oats in the interior yesterday at 1@2c below the Chicago level. Bids here were 76½c, track Newport News. Indications are that the receipts will be large for some time to come, and stocks are expected to increase.

"An unusual number of barren stalks, also ears not filled to the top, and an uneven growth of corn to maturity is the result of the dry, hot weather," says H. I. Baldwin of Decatur, Ill. "Some fields are out of the way of harm from a light frost, but a much larger percentage will require excellent weather another month to produce best results. Roughly, we count on an average of fifty bushels per acre from the best prairie farms here in a very good season, while 40 bushels will more nearly hit it this year. Quality will be much better than in 1917. Farmers are preparing the largest acreage for wheat ever known."

Clearances of oats from the United States are expected to increase shortly. It is understood that boats are being diverted form other countries to take the grain to Europe. This report is coincident with the cables indicating a reduction in the Argentine shipments.

New members elected by the Board of Trade directors yesterday were Melvin H. Cooley of Kankakee, Ill., H. L. Jones and Henry P. Rogers of New York City.

CASH GRAIN NEWS

Bulk of the spring and winter wheats at Chicago sell at ½@1c over the basic figure. Some damp grain is arriving now as the result of recent rains and sells at a discount. A car of No. 4 red at St. Louis with 23 per cent dock sold at $2.25, or the same as the outside figure for No. 1. Local receipts were 477 cars. The three southwestern markets had 621 cars, or 146 cars less than a week ago, and compared with 188 cars last year. In the northwest arrivals were 649 cars, against 235 cars last year.

Cash corn supply was liberal, local receipts being 314 cars, and sold fairly, with prices unchanged to 5c lower, with No. 5 and No. 6 off 10c. At St. Louis prices were unchanged to 2c lower, Kansas City and Peoria unchanged to 5c lower, Omaha 1½@3c lower, and Milwaukee unchanged. The leading markets had 505 cars, against 285 cars a week ago and 221 cars last year.

No. 3 white oats at Chicago sold freely at 1c under September, and standards at September price. As compared with Monday, sales were unchanged to ½c lower. St. Louis was off ½@1c, Omaha ½@⅜c, and Peoria and Milwaukee ½c. Leading markets had 945 cars, or 41 cars more than a week ago, and compared with 757 cars last year. Cash grain prices in leading markets follow:

Barley	..	..	8	7	1	16

HAY AND STRAW

All hay offered sold at full prices, demand being active. Arrivals were 20 cars timothy, 2 cars state prairie, and 1 car oat straw. No. 1 timothy was $30.00@33.00; standard, $28.00@29.00; No. 1 light clover mixed, $28.00@29.00; not graded timothy, $25.00@30.00, and prairie at $15.00@16.00 for Wisconsin. Choice northwestern prairie was $28.00@35.00 and southwestern, $26.00@27.00. A car of tangled rye straw sold at $13.00 per ton.

DRY GOODS.

NEW YORK, Aug. 27.—The dry goods market today was quiet. Sellers hesitated to commit themselves. Broad silks were inactive. Small wool goods offerings were allotted in stationary markets.

CATTLE REACH NEW HIGH MARK; SELL AT $18.90

Price $2.40 Above One on the Corresponding Day Last Year.

Choicest beeves sold to packers and eastern shippers 5c higher at $18.90, making a new high top and $2.40 higher than the corresponding day a year ago, when $16.50 was the record up to that time.

Two days' cattle receipts totaled 38,000, being the largest Monday and Tuesday arrivals in ten weeks. General quality was fairly good, with a liberal proportion above the $18.00 mark.

Fewer hogs than expected and increased shipping orders held prices about steady, although poorest quality of the season cut the general average 5c. Best offerings sold at $19.90, with the average $1.10 under the top.

Sheep and lambs are coming marketward freely, and prices weakened. Approximately 51,000 arrived for the two days, standing largest of the year. A year ago next week receipts at 86,076 were the largest for any week up to that time.

Average Price of Hogs.

Average price of hogs at Chicago was $18.80, against $18.85 Monday, $19.10 a week ago, $17.00 a year ago, $10.75 two years ago, and $7.02 three years ago.

Receipts for today are estimated at 12,000 cattle, 14,000 hogs, and 18,000 sheep, against 22,378 cattle, 8,402 hogs, and 11,931 sheep the corresponding Wednesday a year ago.

PURCHASES OF HOGS.

Hog purchases at Chicago yesterday were as follows:

Armour & Co.	2,200	Miller & Hart	700
Anglo-Am.	800	Ind. P. Co.	1,000
Swift & Co.	1,200	Brennan P. Co.	1,000
Ham'd & Co.	800	Agar P. Co.	200
Morris & Co.	800	Butchers	1,000
Wilson & Co.	800	Shippers	2,500
Boyd-Lun.	900		
West P. Co.	1,000	Total	15,600
Rob. & Oake	700	Left over	5,000

CATTLE MARKET UNEVEN.

Best native steers were strong and bulk of others steady, while common light stock was weak. Cows and heifers sold steady to 15c lower and canners ruled steady. Calves were steady, with a few fancy vealers at $18.25. Bulls active and steady. Around 4,000 rangers arrived and sold strong, best making $17.

Fancy steers	$18.50@18.90
Good to choice steers	17.25@18.40
Common to medium steers	10.75@17.00
Yearlings, fair to fancy	14.00@18.50
Fat cows and heifers	7.50@15.00
Canning cows and cutters	6.50@ 7.40
Bulls, plain to best	7.00@13.25
Poor to fancy calves	11.25@18.25

BEST HOGS AT $19.90.

Trade in hogs was fairly active both on local and outside account, with prices steady to 5c lower. Best sold at $19.90, against $20.10 previous Tuesday. Packers bought common heavy in load lots down to $17.75. Pigs scarce and steady. Eleven markets had 75,000, or 4,000 more than a week ago and 48,000 more than a year ago.

Bulk of sales	$18.15@19.60
Heavy butchers	19.40@19.75
Light butchers	19.65@19.90
Medium weights	18.60@19.20
Mixed and heavy packing	17.80@18.45
Light bacon	19.50@19.90
Grassy and poor light	18.25@19.35
Rough heavy packing	17.30@17.75
Poor to best pigs	17.00@18.60
Stags	17.25@18.10

SOME SHEEP DECLINE.

Bulk of lambs sold 10@25c lower, with a few natives steady. Sheep unchanged to 25c lower. Best ewes made $12.50 and wethers $13.00. Range lambs topped at $18.25, feeders making $17.50. Native lambs topped at $17.50 to city buyers, packers stopping at $17.25.

Western lambs, all grades	$17.40@18.35
Native lambs, poor to best	15.00@17.50
Lambs, poor to best culls	12.50@14.00
Yearlings, poor to best	10.50@15.25
Wethers, poor to best	10.00@13.25
Ewes, cull to prime	4.75@12.50
Bucks and stags	8.00@ 9.50

FINANCIAL NOTES

Complete agreement as to the price to be paid by the government for steel rails has been reached. Steel men and representatives of the government, headed by Bernard M. Baruch, were all agreed that a price of $57 per ton for open hearth rails and $55 per ton for Bessemer rails should be established. Until the director of purchases is prepared to act, the question of rail prices cannot be definitely settled. It is expected he will eventually approve prices agreed upon at the meeting.

A reduction of 8 cents a barrel has been made in the fixed prices for Portland Cement for government purchase by the war industries board.

Central Foundry company reports net income for the first half of this year of $488,988, a decrease of $561,639 from the same period a year ago.

Investigation of recent increases in commission and yardage charges by stockyards has been instituted by the bureau of markets and public hearings will be held early in September in important live stock centers. The inquiry will touch all questions of service charges. Hearings will be held at Chicago Sept. 6.

Passenger fare increases ranging from 25 to 50 per cent, with an average of 30 per cent, were granted by the interstate commerce commission to the Detroit United Lines, serving 159 Michigan cities within a seventy-five mile radius of Detroit.

T. T. Maxey, advertising agent of the Chicago, Burlington and Quincy, is leaving for Washington, where he will represent the central western region in the newly formed "bureau of suggestions and complaints" of the railroad administration. Mr. Maxey will be furloughed by the Burlington to the railroad administration, presumably for the period of governmental operation of the carriers.

At a special meeting of the General Motors corporation, held at Wilmington, Del., yesterday, it was voted to increase the stock from $200,000,000 to $300,000,000; the preferred was increased from $50,000,000 to $100,000,000, and the common from $150,000,000 to $200,000,000. A bonus plan, which provides for the distribution of 10 per cent of the net earnings this year to employes of the parent organization and subsidiaries, also was approved.

INDUSTRIAL EARNINGS

UNITED STATES GLASS.

The United States Glass company reports record gross and net earnings for the fiscal year ended June 30 last. The balance after taxes and other deductions showed a heavy slump as compared with that of the last previous year. The statement follows:

	1918.	1917.
Gross	$3,947,674	$3,715,905
Net	742,998	389,360
Bal. after deductions, including taxes	199,520	335,996
Surplus for year	103,520	286,657
Previous surplus	766,008	479,351
Total surplus	869,528	766,008

PUBLIC UTILITY EARNINGS

PHILADELPHIA RAPID TRANSIT.

The Philadelphia Rapid Transit company reports for the year ended June 30 last:

	1918.	1917.
Gross earnings	$30,443,951	$28,553,614
Net earnings	11,861,369	12,549,443
Charges	9,754,383	9,765,572
Surplus	2,106,986	2,783,870
For July—

LIRE AT HIGHEST POINT.

Lire yesterday made the greatest advance since the regulation of the lire rates was taken in hand by the Italian institute in June. At the low rate of 915 lire were at a discount of 43 per cent and at quotation 18 per cent.

INSURANCE NEWS IN ALL BRANCHES EAST AND WEST

Illinois Conservation Association Plans Its Work.

BY THOMAS R. WEDDELL.

Harry G. Casper, of the Great American, was elected chairman of the Illinois Conservation association at its meeting yesterday morning in Chicago, succeeding R. C. Hosmer of the Phoenix of Hartford, who has resigned after a year of service. Fred Hess of the American of Newark succeeds Mr. Hosmer on the executive committee.

The meeting provided for the reorganization of the state for inspection purposes, reducing the number of districts from eighteen to twelve. Coal mines and oil refineries will not be reinspected, but a large number of additional risks have been added to the original list, so that over 3,000 properties are to be inspected, over 2,000 of which are grain elevators.

The meeting was addressed by James F. Joseph, secretary of the Chicago advisory committee of the national board; Walter H. Sage, former chairman of the advisory committee; John Marshall Jr., of the Fireman's Fund; Samuel Insull, chairman of the Illinois State Council of Defense, and J. G. Gamber, state fire marshal of Illinois. All the speakers praised the work that had been done by the association, and urged equally patriotic service in the reinspection work.

LIFE AGENCY MEETINGS.

The tenth annual conference of the Agency Association of the Equitable Life of Iowa began yesterday at the Hotel Sherman, and will end tomorrow. A number of papers on various features of the agency work were read and discussed during the day. The ladies were entertained at luncheon at the Hotel La Salle, and in the evening the entire party took a boat ride on the lake.

The fifteenth annual convention of the $100,000 club of the Illinois Life, celebrating the twenty-fifth anniversary of the organization of the company, will begin today. The day will be spent at the Great Lakes Naval Training station, the business sessions of the association beginning tomorrow.

The agency meeting of the Security Life of America will begin this morning at the Hotel Sherman.

CLAIM MEN'S MEETING.

At yesterday's session of the International Claim association, Hartwell Cabell, state counsel of the division of insurance for the alien property custodian, delivered an address on insurance questions from a legal viewpoint in that office. The report of the committee on uniform claim blanks was taken up and discussed, and the association declined to adopt the blanks which the committee had submitted for their inspection. The afternoon was devoted to an automobile ride, with a banquet at the Edgewater Beach hotel in the evening.

INSURANCE NOTES.

The executive committee of the National Automobile Underwriters' conference has voted to make a 10 per cent increase in the percentage limits of insurance on cars more than six months old, taking effect at once. Cars of various ages are now insurable for only a certain percentage of their list price, and this valuation is increased 10 per cent on each class to cover the higher valuations of second hand cars due to the shortage of new production.

The committee on insurance law of the American Bar association, which has been working for several years on a model insurance code for the District of Columbia, has completed its report and will submit it at the annual meeting in Cleveland this week.

The ways and means committee of congress has recognized the growing importance and value of group insurance by reducing the tax on new group policies from 8 cents per $100 to 4 cents per $100 on the net increase of insurance at risk.

Rufus M. Potts, former insurance commissioner of Illinois, is preparing a new retaliatory law for submission to the legislature, claiming that the Illinois insurance companies have not had a square deal in other states.

METAL MARKETS.

NEW YORK, Aug. 27.—The metal exchange quotes lead unchanged; spot, $8.05; spelter steady; East St. Louis delivery, spot, $9.12½@9.37½. At London, spot tin, £367 10s; futures, £367 10s.

ST. LOUIS, Mo.—LEAD—In demand at $7.75, but obtainable only by government. SPELTER—Firm at $9.

PRODUCE TRADE

Butter prices advanced ¼@½c here and at Boston, owing to a shortage of fine makes. Cold storage holdings here decreased 1,870 tubs yesterday. New York advanced ½c. Philadelphia was unchanged, with a firm market, and an advance looked for. Stocks in New York decreased 136,000 lbs for the day. Total stocks in storage at 373 points Aug. 15 were 98,950,784 lbs, against 88,332,000 lbs last year.

Egg receipts were 25,497 cases for two days, against 28,521 cases last year. Market firm, with a good demand. Live spring chickens advanced ½c and ducks 1c, while small fowls were 1c lower. Receipts 3 cars and 1,200 coops.

Receipts of potatoes were 100 cars, including 80 cars from Minnesota, making 182 cars on track. Demand slower and market weaker. Supplies of peaches were not large and mainly from Michigan. Of pears and apples and cantaloupe melons there was an abundance. The latter sold well, with a market firmer.

COTTON JUMPS $7 MORE A BALE TO NEW RECORD

Crop and Weather News Causes Rush to Cover; Middling, 36.45c.

NEW YORK, Aug. 27.—The cotton market not only completed the recovery of its recent losses but made new high records during today's trading which carried prices about $7.00 a bale above last night's closing figures.

The opening was firm on the cables and the failure of the weather map to show any further rains in Texas. Trade buying was more in evidence than recently, while dealers who had sold on the recent rain news were evidently disappointed by the continuing character of the Texas crop advices or the continued absence of southern hedging.

Covering became active, and was stimulated during the morning by the western belt forecast for clear weather, bullish private crop reports, the favorable war news, and talk of better export prospects.

Exports today 11,031 bales, making 223,247 so far this season. Port receipts 18,614 bales; U. S. port stocks [illegible] bales. Futures:

	Open.	High.	Low.	Close.
October	33.90	35.00	33.90	34.47
December	33.40	34.40	33.40	33.97
January	33.45	34.27	33.32	33.81
March	33.35	34.10	33.19	33.85
May	33.25	33.85	33.25	33.73

NEW ORLEANS, La.—Heavy buying forced on reports of crop deterioration forced the price on cotton contracts today to the highest levels ever recorded, October touching 33.54 per lb. The session finished at a net rise of 80@88 points. Futures:

	Open.	High.	Low.	Close.
October	32.20	33.54	32.19	33.19
December	32.00	33.38	32.00	33.00

Lassoing Airplanes with Flame and Bomb

This war may be said to have made possible the impossible. The dreams of centuries are realized. What more fantastic can be imagined than the thought of lassoing the enemy's great birds of destruction? Yet in the Electrical Experimenter for September the editor gives a startling demonstration with illustration in colors of this idea.

American Escapes Under Hun Electrified Fence. How?

A hair's breadth of miscalculation and Lieutenant O'Brien, Aviator, would have been electrocuted. But he escaped from Belgium into Holland. The September Electrical Experimenter describes and illustrates this brilliant exploit.

How Electric Sea Tanks Raided Pola

You've read of land tanks, but what do you know about this sensational Italian invention? H. Winfield Secor's story of this marvelous device is one of the notable features of the September Electrical Experimenter. Illus.

Making Synthetic Gems in the Electric Furnace

You've seen or heard of imitation pearls that can't be distinguished from nature's own product, but how about Diamonds, Rubies, and the other precious stones? A rare treat is this feature in the September Electrical Experimenter. Illustrated.

Jupiter and His Belts

The Sun's largest satellites—a remarkable photograph—probably the best ever taken—this is but *one* feature in Isabel Lewis' fascinating story, "The Sun and His Satellites," in the September Electrical Experimenter. Profusely illustrated.

The Gyro-Electric Destroyer

The story and pictures of this monster device for winning the war, first published in the Electrical Experimenter, evidently created a sensation. Critics are taking issue with the scheme and in the September number they have their innings. Illustrated.

Measured Service Only Scientific Method of Charging

PROFESSOR E. W. BEMIS has been frequently employed by the City of Chicago, to advise it with respect to service and rates by utilities companies.

In a report on the telephone service made to the City Council, in 1913, Professor Bemis said:

"I believe that the measuring of the service is the only scientific method, and it is the one coming into general use the world over. It tends in the long run to cheaper service.

* * * *

"It is my belief upon the studies I have made that the telephone service should be on a measured basis. I think that is the only scientific and fair basis of apportionment and I would move as far as we could in trying to make a measured service for all messages."

MAXWELL ABLE TO CARRY OUT U. S. CONTRACTS

Motors Company May Resume Payment of Cash Dividends.

It is understood the financial position of the Maxwell Motor company is showing gradual improvement and that the management has been enabled to raise the funds necessary to carry out its government contracts and meet its passenger car schedule. There is some talk of resumption of cash dividends early next year and the beginning of the redemption of the preferred dividend scrip now being paid.

A special meeting of stockholders has been called for Sept. 5 for the purpose of considering and acting upon resolutions with reference to the use of moneys held in the Central Union Trust company of New York to apply to the redemption of the first preferred stock.

The amount of money now held by the trust company is $144,084. The company has already retired 5,785 shares of the first preferred through the operation of the sinking fund. It is proposed to use the money held by the trust company to retire further amounts at a price not above par.

Steel Shows War Is Pushed.

The steel industry does not as yet reflect any reduction in government purchases, although a great deal is being said in Washington about the war ending next year. Pittsburgh advices are that war steel orders being placed disclose no change in the general policy. On the contrary, there has been increased pressure in the last few weeks, suggestive of a policy of pushing war operations.

But in steel circles it is declared that statements that the war would be ended successfully next year have not occasioned surprise. That has been the view of the steel trade for some time, and the only construction that can be placed upon the heavy orders is an intention to crowd war plans next year.

Suggests Tax Plan.

An independent steel manufacturer of Boston has made the following unusual suggestion for enabling the government to raise excessive amounts from war taxes. He says:

"The present method is a combination of taxation and borrowing. My suggestion is such a modification of the taxation plan as will avoid the evils and dangers of excessive taxation by changing, at the point where the danger begins, to loans instead of taxes, but the loans to be forced loans. The 1917 tax rate may be assumed as representing a proved safe maximum taxation.

"A manufacturer would, under this suggested plan, return to the government the same total amount as it might decide it needs, the government in turn to give him its note, payable in the shape of loan certificates, for such excess over safe taxation as might otherwise imperil or destroy certain business and, with that, imperil or even destroy a corresponding source of revenue. The possession of such loan certificates as a safe asset and collateral would enable the manufacturer to safely stand the stress. Nor need such certificates bear as high a rate of interest as the later Liberty loans; probably 3 per cent would be ample, provided these loans were made entirely free of all taxes, as they should be in fairness to their character of forced loans.

"The amount to be so raised should be made fully equal to and even somewhat exceed the amount that it is expected to secure from increased industrial taxation."

CHICAGO STOCK TRANSACTIONS

Chicago stocks were irregular, but generally firm, with the exception of American Shipbuilding common. That issue lost 5 points on a limited amount of trading and without any special news to account for the decline.

Swift & Co. shares attracted considerable interest, but after a fractional advance the price declined below the previous close. Sears-Roebuck common was up 2 points, and Commonwealth Edison showed further firmness, gaining ½, though the trading was small.

Union Carbide and Carbon was moderately active and about steady. Hartman advanced 3 points on one transaction. Pneumatic Tool was fractionally higher.

In the bond department Swift & Co. 5s worked lower at 90⅝. Connecting Railways 5s were steady at 60.

IN FOREIGN STOCK MARKETS.

LONDON, Aug. 27.—Prices on the stock exchange today were very firm. Banks were buoyant on the growing financial strength of banking institutions generally. Shipping shares continued their upward movement. Home investments favored holders. Foreign securities were quiet. Mining shares, notably those of gold descriptions, improved.

Money was in good demand. The supply was somewhat curtailed. Money, 3 per cent. Discount rates, short bills, 3 17-32 per cent; three months bills, 3 17-32 per cent.

MADDEN ASSAILS COMMISSION FOR PACKERS' REPORT

Says Members Used It to Help Candidacy for Political Office.

[BY A STAFF CORRESPONDENT.]

Washington, D. C., Aug. 27.—[Special.]—Representative Martin B. Madden of Chicago attacked the federal trade commission in a speech in the house today for its recent report on the packing industry. He charged that the packing investigation had for its chief object the making of senatorial candidates of commission members, and urged that present members of the commission should be removed from office or the commission itself abolished. The Chicago congressman defended the big packers and praised them for the good they have accomplished.

Mr. Madden called attention to the fact that one of the commission members, Mr. Davies, was a candidate in Wisconsin, that Mr. Harris, another member, is now seeking the senatorship in Georgia, and that the former counsel, Francis J. Heney, is running for the governorship of California.

Charges Not Proved.

"In a recent investigation," he said, "the federal trade commission made serious charges against five of the great packing institutions in the country—Armour & Co., Swift & Co., Morris & Co., Wilson & Co. and others. They charged them with all kinds of crimes and misdemeanors. They made every kind of investigation that it was possible for them to make under the extensive powers granted to them under the law. They exploited the commission and its members for political reasons, more than they exploited the iniquities of the institutions whose crimes, or purported crimes, they pretended to investigate."

Called a Menace.

"The commission has proved itself to be not only a menace to the people of the United States but to be unworthy of the confidence of the American people."

Mr. Madden attacked the recommendation of the commission that the packers should be taken over by the government, and added:

"I wish to call the attention of the commission to the fact that the packing industry of the United States is engaged in one of the most important war works of the country."

MONEY AND EXCHANGE

CHICAGO MONEY MARKET.

Money trades in Chicago firm at 6 per cent on collateral; commercial paper, 6 per cent; 6 per cent over the counter; New York exchange par.

Chicago bank clearings yesterday were $86,019,332, compared to $91,431,056 a week ago and $74,904,459 a year ago.

NEW YORK MONEY MARKET.

No deposits or demand liabilities.

The Final Proof

1855 1918

GREENEBAUM Sons Bank & Trust Company is Chicago's oldest banking house. And in that fact, we take just pride.

To have served the business men of this city for sixty-three years—to have held patrons from generation to generation—seems to us the final proof of merit.

Our intimate knowledge of Chicago affairs—our sixty-three years of banking experience—are at your command.

All Branches of Banking.
Safety Deposit Vaults.

CAPITAL AND SURPLUS $2,000,000

INVITATION

We want as our guests at a dinner to be given at Red Room, Hotel La Salle, Saturday evening, August 31st, top-notch specialty salesmen, with an earning record of $10,000 a year or more.

We want you to see what we are doing—to grasp the bigness of the Hayes proposition—through the award of prizes and reports of earnings of our men who in the past 30 days sold 5220 acres of high priced California land.

New big drive now starting. An absolutely exclusive plan with local banker as head of co-operative sales board—and values established.

If you attend the dinner, you will realize the opportunity. If otherwise connected—and you are the high type we mean—come, at any rate, with future possibilities in mind. We know of no proposition wherein real salesmen can make so much real money.

Please call for interview and guest card at below address and ask for Mr. Sefton.

REALTY BOARD'S OUTING PLANS ARE ANNOUNCED

Date of Sports Changed from Sept. 12 to Sept. 17.

Real Estate Transfers

Real estate transfers filed for record yesterday totaled 178, including 14 Torrens, comprising 133 in the city and 45 in the outlying townships. In all, $157,694 was involved. Transfers were as follows:

Lake View	4	Cicero	24
Jefferson	21	Lyons	2
Hyde Park	22	Thornton	2
Lake	23	Proviso	3
West Town	41	Worth	2
Stickney [city]	2	New Trier	2
Rogers Park	1	Bremen	2
Calumet [city]	4	Evanston	3
South Town	10	Leyden	1
North Town	4	Maine	3
Norwood Park [city]	1	Northfield	1

The annual outing of the Chicago real estate board will be held at the Olympia Fields Country club, Tuesday, Sept. 17, a change having been made from the original date, Sept. 12. The outing committee consists of Byron V. Kanaley, chairman, and Charles O. Goss, A. F. Kramer, Edward J. Scott, and A. Lincoln Green. It will hold a meeting Sept. 2 to arrange the details of the affair.

It is understood an attractive list of prizes is already assured for the winners in the various games and sports which constitute an important feature of these functions. The golf contests which are the leading feature of the sports program, will be rendered more attractive, as it is planned to give four prizes in each of the contests, instead of two, which has been the rule in the past.

Market Is Quiet.

Another quiet day was reported in the way of market happenings, the day's business being made up almost entirely of transactions in medium and cheap price properties.

George N. Neise, vice president of Foreman Bros. Banking company, has purchased from Charles E. Dean the vacant 100x150 feet, south front in Jarvis avenue, just east of the Birchwood station of the elevated road, for a reported consideration of $32,500, conveying in part payment the vacant in Fargo avenue 350 feet west on Greenview avenue, north front, 164x197x35 feet at a stated consideration of $10,000. Mr. Neise has no present plans looking to the improvement of the Jarvis avenue parcel.

Flats Are Sold.

The property at the southwest corner of Christiana and Sunnyside avenues, lot 35½x125 feet, with flat improvements, has been conveyed by Ernest H. M. Koch to Edward and Clara Carlson for an indicated consideration of $28,000, subject to an incumbrance of $20,000.

George W. Hoffman has conveyed to August K. and Nannie Manst the property in Cornelia avenue 100 feet east of Halsted stree, lot 50x125 feet, south front, with flat improvements, for an indicated consideration of $15,000, no incumbrance showing.

Record was made of the transfer by Norman Fagin to Toba Rightman of the property in Jackson boulevard 30 feet west of St. Louis avenue, lot 70x140 feet, north front, improved with two three flat buildings, for an indicated consideration of $34,125, subject to an incumbrance of $24,125.

Herbert M. Ellinwood has conveyed to Edward J. Lusk the property at the northwest corner of Turner avenue and Fifty-eigth street, 270x126x150 feet, and other lots in the same subdivision, for a stated consideration of $22,500.

WILSON & CO. GIVE UP EFFORT TO SELL BONDS

The attempt to raise new capital for Wilson & Co. by the sale of notes or bonds has been abandoned, at least until after the fourth Liberty loan campaign. The street had been waiting the results of two months of negotiations, expecting a large and profitable flotation within the next week or two.

"All negotiations are dropped because we feel that it is too late to try to raise funds without competing with the government in the sale of Liberty loan bonds," said Thomas E. Wilson.

The treasury department announced another offering of treasury certificates in anticipation of the fourth Liberty loan. The amount will be $500,000,000, which means that the quota of the Chicago district will be $70,000,000. The certificates will bear 4½ per cent interest, will be dated Sept. 2 and will mature Jan. 2. Subscription books close Sept. 10.

Liberty bonds are steady and foreign issues continue strong with French city issues making new high records. Federal farm loan bonds recovered the loss of the previous day and were close to the record high mark. Russian 6½s were reactionally lower for the first time in many days.

It is announced that J. P. Morgan & company will pay cash for United Kingdom 5 per cent notes which mature Sept. 1.

COFFEE PRICES.

NEW YORK, Aug. 27.—There was a further advance in the market for coffee futures here today, with the market closing at a net advance of 4 to 10 points.

Closing bids: September, 8.48c; October, 8.50c; December, 8.81c; January, 8.90c; March, 9.08c; May, 9.22c; July, 9.40c.

Spot coffee was firm; Rio 7s, 8⅝c; Santos 4s, 11¾c. The official cables showed Santos spots 200 reis higher, with the early cables showing an advance of 75 to 125 reis for futures, which later showed a further gain of 100 to 125 reis. Brazilian port receipts, 28,000 bags; Jundiahy receipts, 40,000 bags.

OIL MARKETS.

CHICAGO, Aug. 27.—Wholesale prices for single bbl lots, f. o. b. Chicago: In iron bbls—Carbon, perfection, 12c; gasoline, 23c; machine gasoline, 43c; machine black summer, 13.8c; winter, 13.3c; linseed, raw, $2.05; boiled, $2.07; turpentine, 79c; denatured alcohol, 75c; corn oil, refined, steel bbls, car lots, $20.20 per 100 lbs; wood, $20.64; 5 bbl lots, in warehouse, steel, $20.49; wood, $20.84; white lead, 12¼ lb kegs, $1.95.

OIL CITY, Pa.—Credit balances, $4.00; runs, 51,248 bbls; average, 76,616 bbls; shipments, 69,724 bbls; average, 57,748 bbls.

TALK OF THE STREET

Heavy buying of United States Steel common featured the market and the purchases were credited to influential interests. It was asserted that stocks owned by rich men with large incomes are less likely to be offered for sale as the market advances, for if sold the greater part of the accumulated profits would have to be paid in taxes. It is thought therefore that as the money market allows from time to time the purchase of securities on margin, prices will advance.

It is good opinion in the market that there is still a short interest in Steel common, but much reduced in the last few weeks, otherwise, it is thought, there is little short interest in the general list.

Financial interests are becoming satisfied that Spain, Norway, Sweden, and Holland, neutral countries, have become considerable buyers of American securities. The buying suggests that the foreigners see the beginning of the end of the war and are backing their view by stock purchases. This buying may be helpful, but it is not expected to compare with the volume of American securities held by British investors prior to the war. Neither Holland, Spain, Norway, nor Sweden had occasion to sell back to this country securities which they held. Their buying is therefore not a replacement of securities disposed of, but rather an addition to old holdings.

Great Britain, on the other hand, disposed of an estimated volume of $4,000,000,000 of American stocks and bonds. British investors are not now in a position to repurchase former holdings. Their surplus has been absorbed in subscriptions to British government loans. It does not seem likely, therefore, that a big bull market may be predicated upon foreign buying.

American Hide and Leather shares, which were active last week, have quieted and interests close to the company are not expecting a movement for some little time, though purchases on recessions are favored. There are unusually bullish predictions for the preferred issue.

There was a burst of strength in Distillers Securities, due in the opinion of the market to the probable postponement of bone dry national legislation until July, 1919. The stock advanced above 60 and enjoyed the largest market in weeks. Industrial Alcohol was irregular.

The railroad list was generally firm, led by Canadian Pacific. There appeared to be no particular motive for the movement in domestic rails. The motor group sold off. General Motors dropped 5 points between sales, closing at 154½, against the last preceding quotation at 159.

At the meeting of the board of directors of the First National bank of Chicago, held yesterday, A. V. Dillon was elected manager of the discount and collateral department to fill the vacancy created by the death of Fred F. Danks.

Stores and Offices.

PERMANENT
OFFICE POSITIONS
OF INTEREST TO
YOUNG WOMEN
HAVING NO PREVIOUS
BUSINESS EXPERIENCE.

We have one of the most attractive working opportunities in Chicago to offer young women between the ages of 20 and 25.

The work is not difficult. We will give you plenty of time to learn about our business. You can make at the start $12 a week, and you can earn as much as $25 a week if you improve in your effort.

Applicants must write a good, plain hand, speak clearly and impressively, hear well over the telephone, be neat in appearance, come from good family, and have high school or equivalent education. A certain amount of native aggressiveness to accomplish results is a desirable qualification.

Young women who have gone to private schools and who have never worked before will find ours a splendid place to work, a department exclusively for women, plenty of light, air, and the association of other refined young ladies. The business institution which this advertisement represents is thoroughly reliable and one that you would be pleased to work for.

In your application give details of age, schooling, address, and phone number.

Address M X 403, Tribune.

AUTOMOBILES—GASOLINE.

The Empire

A NEW AND GREATER SIX.
Continental Red Seal Motor.

The finest light weight high powered six cylinder on the American market. A genuine "new" 1919 model from "stem to stern." The EMPIRE is now in its 10th year of manufacture. It has been handled in Chicago and vicinity for the past 8 years. No money has been wasted in trashy advertising. Every car has been sold from month to month as they have been manufactured. The owners of Empire cars in Chicago and vicinity are classed among our very best commercial and professional men. The Empire today is one of the very few full sized machines with 4-5 and 6-7 passenger seating capacity that IS NOT overweighted. Shipping weight is only 2,900 lbs. for the 7 passenger car with 120 in. wheelbase and standardized 34x4 in. tires, which are oversized for the weight of the car. "Compare those machines weighing from 3,400 to 4,000 lbs. and realize the difference in tire, gasoline and oil economy." The "new" EMPIRE has the "niftiest" body design at present on the American market. It is a perfect straight line with bevel edges and square back with high rounded cowl and hood and racing type of radiator. The springs are long and flexible, insuring easy riding and ease on tires. The motor is the CONTINENTAL SIX RED SEAL type 7-W 3¼x4½. Remember, that with large motors and heavy cars, the "efficiency" DECREASES but the "weight" NEVER DOES. No car on the American market at the present time gives equal value within $500. Every UNIT is of "standardized reputation." These BEAUTIFUL cars are finished in the new French war color, MARNE BLUE and ENGLISH COACH MAROON. They are "classy" cars in every respect, well made, well finished, powerful, easy riding, and noiseless. We will equip without charge a GASOLINE ECONOMIZER guaranteed to save 25% the amount of gasoline ordinarily used. Showroom and service stations right in the heart of Automobile Row. Telephone and make appointment to see the season's "style car," here or at your own residence.

PIONEER MOTOR CO.,
2425 MICH.-AV. [2D FLOOR]. CAL. 3056.

The careful consideration and thoughtful selection which have been exercised in gathering together these assortments are delightfully reflected throughout every single group.

All the New Fabrics, Colors, Lines Are Presented Every New Phase of Fashion Is Fully Interpreted

Evening gowns, for instance, are no more. In their stead for a young girl's more formal occasions are exquisite frocks of Margot laces and tinted chiffons, with half sleeves and high at the back. Prices $100 to $135. Then—

Serge Frocks Entirely Different in Line and Trimming Are $35

The rounded collarline has a bit of pleated organdie in buff, blue or rose. Silk braid edges the skirt hem and finishes the blouse with a shoulder bow. At the left.

Serge frocks in girlish lines may be chosen at $32.50 and up to $135.

New Georgette Crepe Frocks in Yellow, Rose, Blue, $65

This is the type of frock whose uses are legion in the schoolgirls' wardrobe. The style sketched at center has its graceful tunic tucked and fringed.

At $77.50 satin frocks with hem restrained by triple rows of rope silk cord.

Misses' Fall Suits Are Featured at $57.50 and $87.50
Misses' New Coats of Duvet Velours Are Notable at $55

The suit at $57.50 is a splendid mode for campus and general wear. It is sketched at the right and may be had in beaver tone and navy blue.

The suit at $87.50 is of Silvertone fashioned in straight girlish lines. The collar, unusual in cut, is of Australian opossum. Right center.

The coat at $55 is sketched at the left center. Collar, pockets, belt all are new in line and detail. In navy and Pekin blue and beaver.

As to suit assortments they offer choice at $37.50 to $110.
Coats afford equally diverse choice at $35 to $115.

Fourth Floor, South.

A "School Preparatory" Presentation of

New Fall Frocks and Coats for Girls

A few more days now and clocks throughout the land will ring the "children's hour." The call to go back to books and work.

Nothing makes leaving summer play quite so easy for girls as "going back" with just such smart, new and appropriate apparel as may be chosen from these groups.

Here Are "Uniform" Serge Frocks, $20 and $25

At $20 the serge frock sketched at the right above, with all the insignia to mark its high rank of smartness. At $25 an entirely new style—sketched at right center. Note the unusual yoke, the odd pockets and the simple fine lines throughout.

Other styles varying a bit may be had at $16.50 to $35. Also the new school middies are here.

The Smartest of New Coats, $27.50 and $37.50

At $27.50—coats of a sturdy, durable fabric, splendidly adapted to the simple girlish style, sketched at left center. At $37.50—coats of velour cloth with collars of nutria. In reindeer and Pekin blue. Pictured at extreme left. One of several styles at this price.

Very new—a military cape coat priced at $42.50. And military coats of navy blue cheviots are $27.50 and $35.

Fourth Floor, South.

The Schoolgirls' New Fall Hats

A First of the Season Showing at $2.75 to $8.75

Just out of their boxes ready for the choosing of Miss-six-to-sixteen. And such a delightful choosing as it will be for

The Modes Vary to Meet the Different Demands of Every Age of Girlhood.

Yet all are characterized by that simple smartness which above all is sought in millinery for youth.

For the Little Girls— Scratch Felt Hats, $2.75 to $3.75

Two styles are sketched at the left. Their becomingness is immediately apparent. Mostly in taupe, navy blue and black with bandings and streamers of grosgrain ribbon to match or contrast.

For High School Girls— Banded Velour Hats, $7.50 to $8.75

Taupes and browns, purples, navy blue, black in a variety of shapes—sailors, pokes, mushrooms. The velour is of an uncommonly fine rich quality. Two styles of many sketched at right.

Fifth Floor, South.

See the U. S. Government War Exposition in Grant Park, Sept. 2-15. Tickets, 25c—on sale here—third floor.

Mandel Brothers

Boys' section, second floor.

Boys' long-trouser suits featured at $25 —Langham High suits included

The woolens were purchased before late price advances—hence the moderate selling figure. Suits of blue and green flannels; suits of fancy mixed fabrics in stripes and plaids; single and double breasted, two and three button coats, with patch, slash or slit pockets. Sizes for boys of 15 to 20 years.

Boys' corduroy suits, $10 —with 2 pairs of trousers

Corduroy is a patriotic substitute for wool, will give much better wear than wool, and costs much less.

Ideal school suits—and waterproofed.

The coats are made in new belt effects, and with patch or slash pockets. Brown or mouse gray. 8 to 18 years.

Second floor.

Boys' wool norfolk 2-trouser suits, 12.50

Made from sturdy woolen fabrics, and strongly tailored, extra care being used at all vital points. Coats with slash or patch pockets, and new belt effects with button or buckle; trousers full lined, full cut and with taped seams; 8 to 18 years.

Boys' school blouses of madras at half—at 75c

We purchased the madras eighteen months ago—hence this saving. Striped madras shirts with attached collars and buttoned cuffs; sizes 6 to 16. Boys' caps, $1.

"Win the war" shoes for men and boys —extremely low priced at $3 and 3.50

Brown canvas high shoes with rubber soles and heels; black leather trimmed, and with rubber toe-piece to prevent canvas from breaking at toe. Practical and comfortable for work and for street wear. Men's sizes, 3.50. Boys' sizes, $3. *Second floor.*

Men's black calf oxfords $3 underprice, at 5.85

Every Pair of Shoes Reduced in Price

—and every pair a superior value at the regular price.

Men's — *Second Floor and Basement, The Store for Men*

Just Four Days More of the

August Sale of Furs

AFTER nearly a month of the most successful Sale of Furs in our entire history, there still remain excellent assortments from which one may make selections and profit by the August reductions.

The importance of reliability in Fur purchases, and the increasing cost of Furs on all re-orders, should lead hundreds of people to come to this Store during the remaining days of this Sale. Final satisfaction—not initial cost—is the test of Fur buying. All Furs offered here are of reliable qualities. The August saving is substantial.

Opportunities in Accountancy

With the largely increased number of accountants required by the war activities of the Government; the Federal Trade Commission; the Federal Reserve Board; the Income Tax Department; Intrastate Public Commissions and other governing bodies, which are in need of still more; the great increase in business activity; and with the thousands of vacancies made by the men going to the front—the usual good demand for competent men is greatly increased.

There are not enough trained accountants in the country. More men must be trained to meet this greatly increased demand.

Call for personal interview or write for bulletin.
